PAVEAU

THE STORY OF PAVEAU

PAVEAU WAS FOUNDED BY ISABELLE DE PAUW IN **2022**.

Her quest to find an easy and elegant way to serve tap water at home is still the simple yet powerful story behind PAVEAU today.

Paveau's founder, Isabelle, consciously made the decision to drink tap water at home. When stylish and practical reusable bottles were nowhere to be found, she took the matter into her own hands.

Determined to make a difference, Isabelle designed the perfect bottle, seamlessly blending

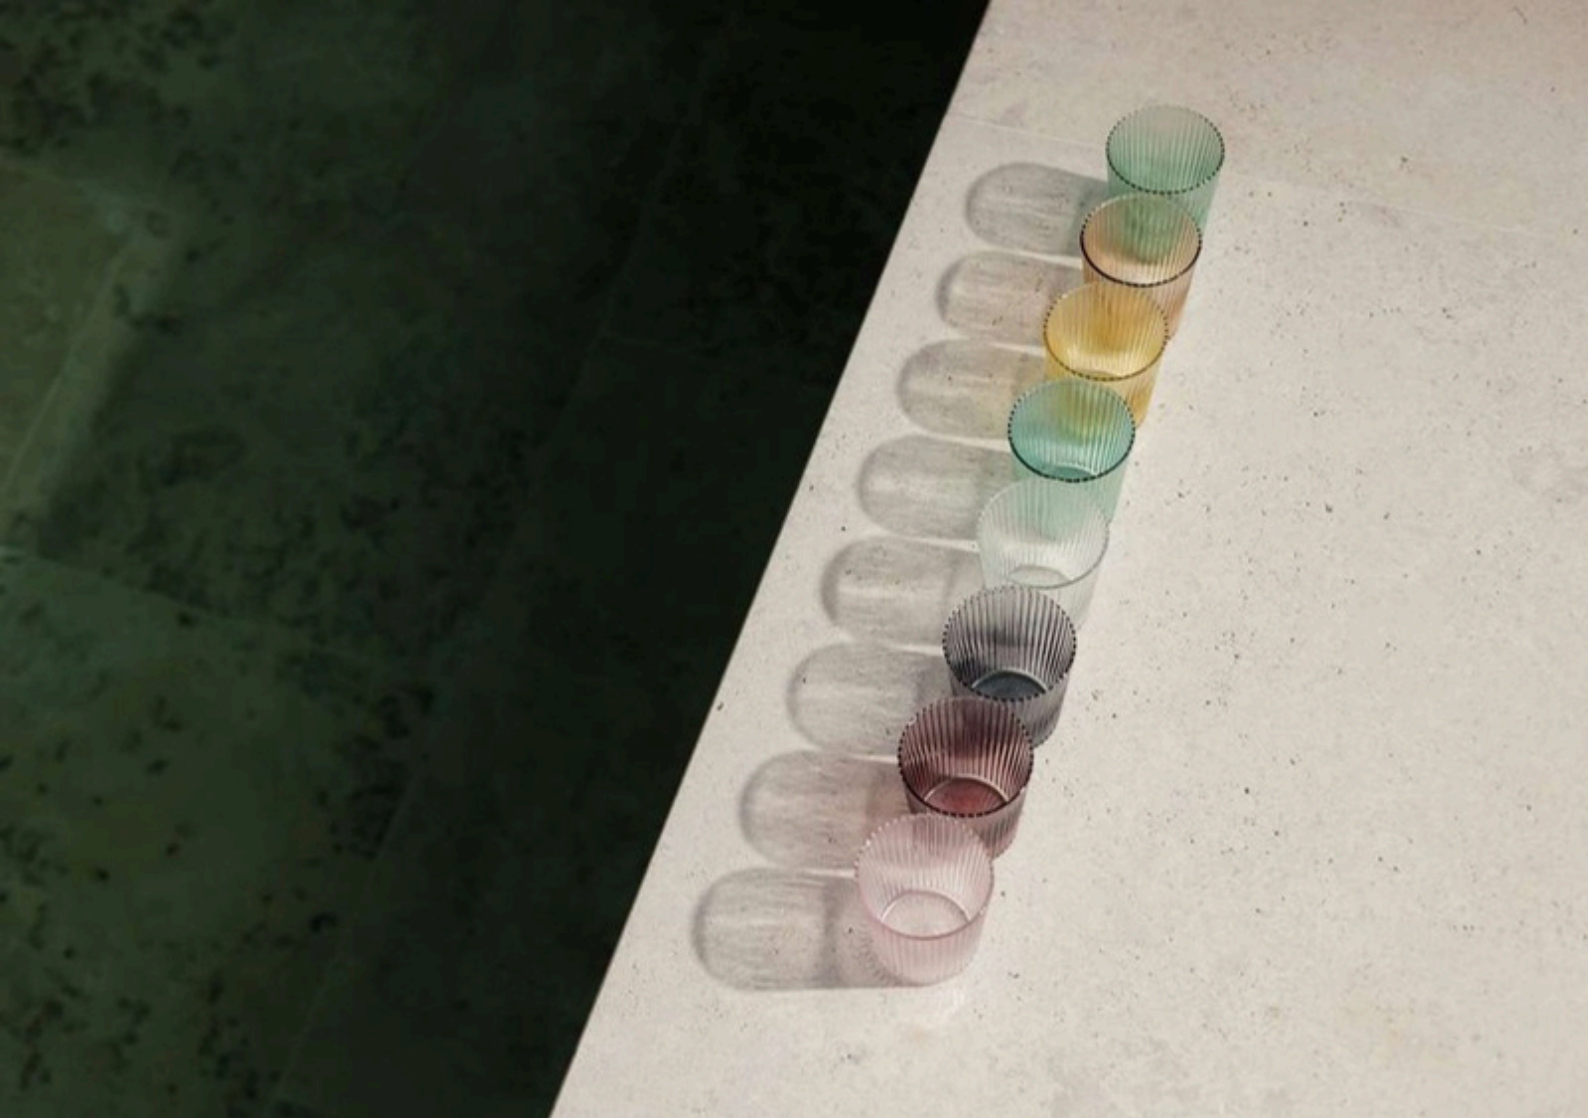

elegance with eco-consciousness. Paveau pieces are not only practical for daily hydration but also add a colourful touch to your interior decor.

The brand name Paveau combines Isabelle's last name, De Pauw (Dutch for "peacock"), with the French word for water. Paveau reflects a proud and vibrant world, inspired by the peacock's colourful feathers.

With love,

Isabelle

CHARMING.

Our glassware is mouth blown, so every piece is unique with its own traits and slight imperfections. True charm can be found in the smallest details.

Choosing our creations instead of plastic is choosing for our precious planet. As part of our environmental commitment, we support clean water projects all over the world.

WATER

The most important resource for every living being.
Something that is always just there when we need it.

But not for everyone, everywhere.
So let's not spill, pollute or package it.

Let's celebrate it. Elevate it to something precious. Serve it
in colourful glassware, made to last.

CARE GUIDE

HOW TO CARE FOR YOUR GLASSWARE

To enjoy your PAVEAU pieces for a lifetime, please handle them with care. Here are a few tips to get you started:

- 01 Before use, wash your bottle thoroughly by hand with lukewarm water. Avoid using soap as it may be difficult to remove completely. For the best results, use a bottle brush.
- 02 Our drinking glasses are dishwasher safe, making them easy to clean after every use. Please note: The bottle is not dishwasher safe and should always be washed by hand.
- 03 To clean and remove calcification, mix white vinegar and water in your bottle, shake well, and let it sit for 10 minutes. Rinse with warm water afterwards.

FOR LIFELONG PAVEAU PLEASURE

Paveau tip: Repeat the cleaning process at least once a month to keep your bottle fresh and clean.

- 01 Fill your bottle with tap or slightly carbonated water. When using sparkling water remove the lid.
- 02 While you can fill your PAVEAU bottle with any drink you like, we would love it if you'd use (filtered) tap water.
- 03 Only fill your bottle up to the level shown in the illustration.
