

aBOOM+

Bluetooth speaker

Get everybody moving with the grand aBOOM+ speaker. The super powerful Bluetooth speaker will light up any party and set the tone of each and every occasion.

Durable, wonderfully portable and with a sound beyond its size. It's a speaker full of surprises. Like the inside- and outside mode that gives your music the best possible conditions regardless of your position. This makes it the perfect speaker for your garden party as well as for any indoor, festive occasion.

The aesthetic outer even makes it a perfect fit among your books in a bookshelf. The playtime is up to 30 hours, so the party goes on and on. And a splashproof rating (IPX5) means that you don't have to worry about drops of rain. Oh, and connect two aBOOM+ speakers to achieve Stereo Play. It'll be the ultimate musical experience - and it'll feel like standing front row of your favourite concert.

aGO 2

Bluetooth speaker

The petite aGO 2 Bluetooth speaker impresses with powerful sound and an iconic design.

We have further developed our best-selling aGO, which boasts an improved and fine-tuned sound. Don't be fooled by the size because the sound is formidable. With its rounded shapes and stylish design, the aGO 2 speaker is an obvious choice that will fit well in the home.

It's easy to transport, so your favourite tunes are just a snap away. Hang it on a hook, or slip it in your pocket and take it with you on the go. Its resistance to water splashes makes it perfect for bringing to the beach or for use in the bathroom. The party follows wherever you go, with the ability to connect two aGO 2 speakers for stereo music.

aLIGHT

Bluetooth speaker with light

Overly cute and water-resistant. The aLIGHT is an alluring combo of a lamp and a speaker and will light up your daily routines.

Use it in the bathroom when soothing yourself in a bath with chill tunes and calming light, or keep it mounted on the wall for those sing-along shower sessions. It comes with a small metal plate equipped with adhesive tape. Once the base is mounted, the magnetic aLIGHT will attach smoothly. It's as easy as that.

Know someone who's afraid of the dark? Subtle lighting and calming music will help even the most persistent child to fall asleep.

aSENSE

Headphones

The earpods that do it all! They can shut out all sounds when you play your music. With four built-in microphones, they are incredibly suitable for telephone conversations.

They are also noise-reducing, which means that they actively equalize a large part of the background noise. And the Transparency mode feature lets you blend in with your surroundings without having to take out your aSENSE earbuds. Charge them in the matching case.

Add colour to everyday life by choosing aSENSE earbuds in one of the fresh pastel colours that emphasize your taste and personality. And when they need to charge, this is easily done in the matching case.
