Who We are

We're a two woman show,
an indie brand, creating art and apparel with nostalgic
soul. Built off retro club spirit, our roots run deep into
old boxes of vinyl.

From sketch to ship, everything is created in our 'club
house'. The antidote to fast fashion we give a damn, using
small batch local production.
Fanclub is your ticket to a slower, more playful way of
dressing and decorating.
More than a brand, it's a feeling.

THERE IS NO
PLANET B.

WHAT WE STAND FOR.

Natural fibres baby

There's nothing better than throwing on a tee that feels like it's already lived a hundred lives. That's the energy we put into every Fanclub t-shirt. Our adults' and kids' tees are made from 100% organic cotton - grown with low-impact methods that actually respect the planet *no shortcuts*. Each design is screen printed by local independents, the kind of print runs where you know every shirt's been through real hands. We keep it small batch to dodge waste and keep things collectible, not disposable. Finished with natural cotton labels and recycled swing tags; made to last, made with care, and made to be lived in.

For Art sake

Our prints? All Designed and giclée printed on Munken Pure Smooth - FSC certified by the Rain forest Alliance - straight out of our Nottingham "club house". Bold, tactile, and made to be treasured, not tossed.

Packaging

Our Packaging is zero plastic. All our tees are labelled with natural cotton neck tags, recycled swing tags and wrapped in cotton totes then sealed up in hand-stamped brown bags. Our Art made to order, individually card-backed, sealed in Eco friendly cello bags then sent in tubes and brown envelopes. Because DIY grit isn't dead - it just grew up and got sustainable.

For Art

our daydream, our diary, our mix-tape in print form. It's how we bottle a feeling - nostalgia, rebellion, romance, grit - and hang it on the wall.

For us, art isn't just decoration, it's a memory. It's the song lyric that hits at midnight, the poster you never took down, the scribble that becomes your whole identity.

ART ARCHIVE

Every Fanclub print is designed with that same nostalgic club spirit.

*Music-inspired prints for the ones who live life by a soundtrack.

*French prints with effortless, cool energy.

* Typographic prints that let the words do the talking - bold, timeless and designed to make a statement.

*Room-specific prints that spark conversation and turn -blank walls into belonging.

gift.

Retailers love them because they're sentimental but still cool - the kind of gift people reach for when they want something personal, but not predictable.

Whether it's a birthday, a housewarming, or "just because," Fanclub prints hit the sweet spot between meaningful and stylish. They look great framed, they're easy to gift, and they bring that instant "I get you" factor your customers are looking for.

**"every child is an artist. The problem is how to remain an artist once we grow up." - Picasso*

GICLÉE PRINT

What is giclée printing?

"Giclée is the gold standard of art printing – archival inks on fine art paper, printed with specialist machines to create gallery-worthy prints built to last."

- * Museum-quality
- * Long-lasting
- * Made to look as good in 20 years as it does today.

Think of it as the vinyl record of printing!

WHY

Why Fanclub uses giclée printing?

- * Colour accuracy – inks capture the full spectrum so designs look exactly as intended.
- * Archival quality – fade-resistant for 80+ years, meaning customers keep loving their print.
- * Premium finish – elevates our prints above standard posters, making them feel like collectable art.
- * On-demand production – reduces waste, supports sustainable ordering, and keeps stock lean.
- * Customer confidence – buyers trust they're investing in quality, which helps retailers with repeat sales.
- * Higher perceived value – allows for stronger margins and positioning in the "gift/art" space, not just poster racks.

MUSIC

Music isn't just background noise — it's the heartbeat of our memories. As two sisters growing up in a house where kitchen parties and bedroom discos were a common occurrence. Walls lined with vinyls that our parents made sure we understood, were NOT toys. That love for music — from The Beatles to David Bowie, Prince to Blondie, Pulp to The Cure and beyond — pulses through our designs.

Our music prints aren't just nostalgic; they're meaningful gifts. Whether it's a song that reminds you of a first date, a wedding day, or a cherished friendship, music connects us all. Paired with our love for mid-century design, Bauhaus influences, and playful typography, these prints bring timeless style and emotional resonance to any space.

FRENCH

As sisters, we've always been fascinated by French style — the effortless elegance, the poetry in everyday phrases and the way words can carry a world of feeling.

Our French-inspired prints take cues from 60s French culture, from the Nouvelle Vague cinema to the sounds of Françoise Hardy, bringing a subtle, stylish energy to any space. Designed to feel timeless yet playful, they're the perfect addition to gift shops seeking pieces with personality, sophistication, and a touch of French charm.

TYPO- GRAPHIC

As sisters, we've had a slight obsession by the power of words and fonts. From random roadside signs on family trips that somehow just worked, to Wes Anderson showing us the perfect impact of Futura, and 60s feminist protests proving the weight a single word can carry — typography has always spoken to us.

Our typographic prints bring that love to walls. Bold, timeless, and playful, they turn a single word or phrase into a statement that's instantly understood. Perfect for gift shops, they're highly commercial yet effortlessly stylish — giving your customers a feeling, a memory, or a smile, all with one simple design.

ROOM SPECIFIC

Inspired by the room you're in, these prints are made for the moments that matter. Welcoming guests in the hallway, cosying up in the lounge, sipping coffee in the kitchen nook, or adding a nostalgic touch for the next generation — each piece brings personality, charm, and a wink of Fanclub playfulness.

With retro colour palettes and mid-century vibes, they're effortlessly stylish and easy to sell — giving customers a way to dip into nostalgia without having to overthink it. Perfect for any wall, these prints turn spaces into memories and make giving (or keeping) them a total joy.

Signed Sealed Delivered.

Cards have always carried meaning — little keepsakes that say more than a text ever could. For our first ever in-house card collection, we've stripped things back, letting the words do the talking. The result? Designs with a touch of sophisticated joy, drenched in nostalgia and ready to stand out on shelves.

Just like the letters, postcards, and love notes of the past, our cards are made to be more than one-time messages. Many designs work across occasions, giving customers something versatile, thoughtful, and lasting. And because no gift feels quite finished without a card, this collection makes the perfect companion to our prints and products.

The Indie uniform

The tee.

At Fanclub, slogan tees aren't just clothes — they're our roots. We started out digging through rails of vintage tees, falling for the way a well-worn slogan could tell a story, spark a smile, or become part of someone's identity. That obsession has never left us.

A slogan tee is ageless. It slips into every wardrobe, adds something to every outfit, and has that rare balance of comfort and cool. It's a uniform and individuality all at once — a playful badge of belonging to the club, while still feeling unmistakably yours.

Every Fanclub tee is designed by us, screen printed locally by independent printers, and made from 100% organic cotton in small batches (because waste isn't cool). They're built to last, to soften with wear, and to become that tee you reach for over and over again.
