

Nutchell

In a leafy woodland not far away
Our Nutshell friends scamper and play...

...The tent slides open to reveal
a beautiful sunrise scene for
daytime play...

...and you can tuck your animal inside
their tent to sleep under the moon
and stars.

There are 6 Nutshell friends to collect, all with their own story to tell. Each character has a 25cm large toy and a 10cm mini toy with a tent box for imaginative play.

All our products are CE tested and conform to the highest manufacturing standards.

Nestled in the heart of the British countryside, Nutshell toys brings the magic of the woodland to life through beautifully crafted soft toys designed to spark imagination and nurture gentle play.

Each cuddly creature has its own unique character and they are named after the designer's loved family pets. Each toy is made from natural fibres and filled with recycled polyester, making them as kind to the planet as they are to little hands.

Rooted in a love for nature and storytelling, our UK designed collection celebrates the charm of the forest and the wonder of childhood. Whether tucked into a cot or taken on outdoor adventures, Our Nutshell collection are more than toys - they're lifelong friends stitched with care, sustainability, and a sprinkle of woodland magic.

DAISY THE FOX

Daisy is delightfully scatterbrained!

SPECKLE THE MOUSE

Speckle is so teeny tiny that you can always find them hiding in plain sight. Speckle is always around to help untangle a vine, or slip into a small hole in a tree to recover a missing acorn. Although you may not see them, their invisible small acts of kindness let you know they are close by.

CUDDLES THE HEDGEHOG

Cuddles is a gentle soul with a kind heart, whose favourite pastime is having everyone round for a cup of nettle tea. The nettle tea has a special power that softens Cuddles' spikes; the best part is everyone can give Cuddles a big hug to say thank you.

SOOTY THE BADGER

Sooty loves nothing more than rolling in the ashes of a freshly burnt-out campfire or a patch of good, rich soil. Sooty is the tracker and trail finder of our friends and leaves a trail of soot and paw prints through the woods to help all their friends know exactly which paths to follow.
