HAND DRAWN DESIGNS

Original illustrations, hand drawn in pen and ink and painted with watercolour.

Poppy Stammers

Simple yet elegant greeting cards designed at my desk in a leafy corner of South East London, each card feels like an original painting in your hand.

The original illustrations are hand drawn with dip pen and ink and painted with watercolours, the emphasis always on the quiet elegance of the drawn line. I invariably prefer the individual beauty found in imperfections; the rough sketches, the uneven, asymmetrical line and this taste for the unperfected is reflected in my designs.

Printed in England on sustainably sourced high quality 300gsm paper and paired with beautiful coloured envelopes, all cards are sent in fully recyclable packaging.
