In our 33rd year!
Sept 2025 v5

Welcome to our new July 2025 brochure.

NEW online order system
www.heavenscent.co.uk

Natural plant wax candles and products using ingredients that are kinder to us and the environment.

Our brochure contains our full range of aromatic products. Inspired by nature and where we can we use natural ingredients. We also use essential oils and high quality perfume oils. We use environmentally friendly packaging, glass and obtain our ingredients from sustainable sources. We have been in business since 1993 and were the first British Candle company to create a natural alternative to paraffin wax.

Sustainable EU Soybean all incoming oil is sustainable and Pro-Terra certified.

All our products are Vegan, apart from beeswax in lip balm tins.

Natural UK manufacturer and wholesaler shipping worldwide.

We make and sell to many types of customers small and large, many lovely independent shops across the country. We also support many artisan brands who distribute our products to many markets across the globe. We specialise in contract filling and bespoke labels for customers. We can help develop product, ranges and brands and have ever increasing capacity.

White label experts.

If you are interested in having our products look like your own we can design a label for you. All we ask for is a minimum order of 6 per type/aroma and £250 excluding VAT, across all products purchased. Simply supply us with as much detail and ideas as you can, such as high resolution image/logo in a JPEG or PDF format (300 dpi). If you want specific colours, supply us with a pantone reference and a colour sample. Tell us a specific font you would like us to use. We will e-mail pdf you mock ups for you to proof. We will print the labels for you and apply them to your products. We print CMYK and will endeavour to colour match.

New products. Pleat wrapped soaps and paper wraps. New Illustrated designs.

Incense Coils & Japanese Style Incense Sticks. Bamboo Incense Fitting 24 or 12 stands plus singles.

We have developed Aluminium tea light cups, in packs of 9, which can be recycled after use.

Wax melts in a little puck shape in packs of 6 or display box to sell individually.

Incense card packets printed in Illustrated designs and Green botanicals new scents and boxes, plus reeds and candles.

Gren Botanical Range in natural board for Green glass 20cl candles, reed boxes, stamped soaps, tealights & incense continues to aid quick deliveries of a fast-selling line, the illustrated range has new designs added. Our fixed ranges aid quick delivery in addition to your own label ranges.

Most of our products are online, an accounts and order system is at our heavenscent.co.uk or on Faire.com.

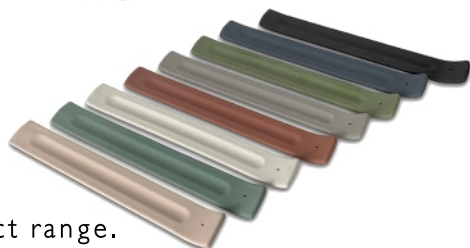

We offer Consultancy services, investing in Candle testing, SDS, CLP, legislative training and software, we can help if you have ideas for a new range or a safety review on existing or imported ranges.

A major factory expansion is close to finished. The installed solar panels are being extended to 150kw's saving Tonnes of carbon and equivalent trees.

We continue to recycle all waste cardboard, glass and other materials where possible. Donations to a tree planting charity continue.

We hope you enjoy our brochure and we look forward to doing business with you.

Yours sincerely

Custom labels are possible for many items in product range.

CLASSIC CANDLE & REED RANGE

In order to create an off the shelf range we have developed this simple classic white label favourite. We will prepare ahead of time in brown boxes with stock available off the shelf for a shorter lead time. You may wish to place a second order for other items or own label as well.

HANDMADE SOAP BARS + PEBBLE SOAPS TRIPLE-MILLED, COLD-PROCESSED, NATURAL ORIGIN SOAP BASE 99.95%

We produce our triple-milled, cold-processed soap in-house in the heart of Wiltshire. These are naturally coloured and available with essential oils or a perfume fragrance selection and contain no petroleum-based dyes. With a typical pH 10.5 our soaps are a pleasure to use: they create a soft lather, dry well without residue and last a long time. The soap bars are made from responsible palm plant sources.

Choose from our newly designed pre printed soap boxes or wraps

36 per box or choose 6 designs per image to create a mixed box of 36

You may wish to place a second order for other items or own label as well.

Triple Mill Soap Branding & Project work undertaken and soap wrapping

We are manufacturers of triple-milled, cold-processed soap in-house in the heart of Wiltshire. These are naturally coloured and available with essential oils or a perfume fragrance selection and contain no petroleum-based dyes. With a typical pH 10.5 our soaps are a pleasure to use: they create a soft lather, dry well without residue and last a long time. The pebble soaps are made from responsible palm plant sources.

LIP BALMS 10ml Organic base lip balm with Melissa oil added can help combat Cold Sores. Base is certified Organic. Order in 6s per aroma or display box of 36. We can do sets in all the illustrated range designs.

PRICE PER 6	£12.42
PRICE PER ITEM	£2.07
PRICE PER DISPLAY BOX	£74.52 (36)

NATURAL VEGETABLE WAX CANDLES WITH ESSENTIAL OIL

Manufactured using our unique soya, rapeseed & coconut vegetable oil blend from natural plant sources only, which as a raw material is both sustainable and kind to your environment. Our natural plant wax candles are not produced from petroleum based paraffin wax, animal or beeswax based products. The candles are naturally coloured and subtly scented with essential oils, they contain no petroleum based dyes or fragrances.

If you are interested in having our products with your branding we can design a label for you. All we ask for is a minimum order of £250 before VAT across all products purchased. Simply supply us with a high resolution image/logo in a JPEG or PDF format (300 dpi). If you would like specific colours, supply us with a pantone reference, or a physical colour sample. Tell us a specific font you would like us to use. We will send you mock ups for you to proof. We will print the labels for you and apply them to your products.

BESPOKE LABELS AVAILABLE ON ORDERS OVER £250 BEFORE VAT.
UK MAINLAND CARRIAGE FREE ON ORDERS OVER £350 EX. VAT.

Lotion base is 56% COSMOS Cert. Organic Ingredients.

WASH & LOTION DUO SET
PRICE PER ITEM ORDER IN 3 PAIRS£10.98

WASHES, LOTIONS & COCOA BUTTERS - KEY INGREDIENTS INFO:

Cocoa And Shea Butter: plus carrot, sunflower and almond oil, with essential oil & vitamin 'e' paraben free. Natural ingredients with lovely scents. Rich luxurious cream for face, hands & body. Easily absorbed leaving no smears. Kind to sensitive skin.

Cocoa Butter: is high in fatty acids which are well known for nourishing skin and forming a protective barrier that holds in moisture.

Shea Butter: has excellent anti-inflammatory properties due to the presence of cinnamic acid, which is used in the treatment of skin complaints such as eczema and psoriasis.

Sunflower Oil: high in vitamin E, this oil is quickly absorbed into the skin without clogging pores as it moisturises.

Carrot Oil: has anti-inflammatory properties which can soothe skin and reduce redness.

If you are interested in having our products look like your own we can design a label for you. All we ask for is a minimum order of £250 NET across all products purchased. Simply supply us with a high resolution image/logo in a JPEG or PDF format (300 dpi). If you want specific colours supply us with a pantone reference, or a colour sample. Tell us a specific font you would like us to use. We will send you mock ups for you to proof. We will print the labels for you and apply them to your products.

100% Natural Vegetable Wax Pillar Candles

Manufactured in our Malaysian site from a natural plant source which as a raw material is both sustainable & kind to the environment. Our Natural Candles are not produced from petroleum based paraffin wax, animal or beeswax. The essential oil candles are naturally coloured and subtly scented, they contain no petroleum based dyes or fragrances. Read Page 16 for our extra mission statement on our ethically sourced wax.

HANDMADE SOAP BARS

TRIPLE-MILLED, COLD-PROCESSED 72% CERTIFIED ORGANIC SOAP BAR

We produce our triple-milled, cold-processed soap in-house with a 72% organic soap base in the heart of Wiltshire. These are naturally coloured and available with essential oils or a perfume fragrance selection and contain no petroleum-based dyes. With a typical pH 10.5 our soaps are a pleasure to use: they create a soft lather, dry well without residue and last a long time. The organic bars are made from a responsible palm plant source; other ingredients: Sodium Palmate*, Sodium Cocoate*, Glycerin*, Sodium Citrate, Aqua, Parfum (*denotes organic material). Our organic soap bars can be individually boxed and labelled in a counter-top display box of 12 pieces with your own bespoke branding.

We are happy to discuss developing aromas unique to you, bespoke sizes and offer a stamping/embossing service - ask us for more details.

SHAMPOO BARS

We are proud to introduce, after long development, an alternative to plastic-bottled shampoos made in the UK by us. With 93% natural origin, these are naturally coloured (no petroleum-based dyes) and made with beneficial whole cold-pressed oils and essential oils. Containing coconut and vegetable derived ingredients blended with fine quality, beneficial oils. Our hand-crafted bars are ultra-mild, pH neutral and are suitable for cleansing sensitive skin, all hair types or even as a shaving soap. Our shampoo bars offer a high foaming, creamy lather, which leaves the hair and skin feeling soft and hydrated, while gently removing dirt, oil and make-up without disrupting the skin's natural barrier.

Hemp exfoliating bag available at £1.30 each

We have advised the 'possible' benefits of the ingredients below, we recommend customers do their own research for marketing purposes:

OUR SHAMPOO BAR POTENTIAL BENEFITS

No1: Orange, Ginger & Turmeric. This blend is perfect for oily hair. Orange oil is rich in Vitamin C, which can help to regulate oiliness and revitalise dull-looking hair, while turmeric oil's anti-inflammatory properties may help reduce scalp inflammation and promote healthy hair follicles. Ginger oil may help improve blood circulation.

No2: Orange, Clove, Patchouli & Geranium essential oil. Orange is rich in Vitamin C, may help to regulate oiliness and revitalise dull-looking hair. Clove may help promote hair growth by stimulating hair follicles. Patchouli is a moisturising oil that can be effective in treating dandruff. Geranium essential oil is anti-bacterial and anti-fungal that can help balance oil in the scalp, to make hair look healthy and smooth.

No3: Argan, Olive, Coconut and Jojoba oil with Lemongrass essential oil. This is a good blend for dry hair and scalp due to the argan oil which is rich in vitamin E, olive oil which also helps to minimise frizz and coconut oil which gives extra shine and prevent split ends. The addition of jojoba oil which is rich in vitamins B, C and E as well as copper and zinc help to promote healthy hair. While the antibacterial properties of lemongrass oil may help ease skin infections and strengthen hair follicles.

No5: Apricot, Jojoba, Coconut, Lime & Rosehip Oil. This is a good blend for dry and itchy scalp. Apricot has omega-9 fatty acids that may hydrate the scalp, making it feel softer, and linoleic acid that may help with hair growth. Jojoba oil is rich in vitamins B, C and E as well as copper and zinc help to promote healthy hair. While coconut oil gives extra shine and prevent split ends. Lime may ease acne and common scalp problems, prevent dandruff, regulate oily scalp and give shine to dull-looking hair. Rosehip oil is a natural conditioner, rich in vitamins A and C, which may help promote hair growth by renewing and healing hair follicles.

No6: Apricot, Jojoba, Henna & Almond oils with Lavender essential oil. This blend has been formulated for dry/itchy scalps. Apricot oil has omega-9 fatty acids that can hydrate the scalp, making it feel softer, and linoleic acid that may help with hair growth. Jojoba oil is rich in vitamins B, C and E as well as copper and zinc help to promote healthy hair. Almond oil is rich in vitamin E, omega-3 fatty acids and magnesium which may help strengthen hair and reduce damage. The addition of calming, anti microbial lavender oil may help prevent common scalp issues by reducing bacterial and fungal growth on the scalp. Henna, traditionally used in many countries, may help hair shine, improve scalp health, reduce hair loss, repair split ends, and make hair look thicker.

No7: Argan, Almond & Castor oils with Chamomile essential oil. This is a good blend for dry hair and scalp due to the argan oil which is rich in vitamin E. Almond oil is rich in vitamin E, omega-3 fatty acids and magnesium which may help strengthen hair and reduce damage. Castor oil, rich in ricinoleic acid, may help fight inflammation and help hair growth by improving scalp condition. Chamomile is said to be a relaxing oil that also adds shine and smoothness to the hair, while enriching colour - it is particularly good for blonde hair.

No8: Jojoba, Almond & Coconut oils with Clary Sage essential oil. We believe this is a good blend for people with hair loss. Jojoba oil is rich in vitamins B, C and E as well as copper and zinc help to promote healthy hair. Almond oil is rich in vitamin E, omega-3 fatty acids and magnesium which may help strengthen hair and reduce damage. While coconut oil gives extra shine and prevents split ends. The addition of Clary Sage essential oil may help stimulate the scalp and promote hair growth.

No9: Rosemary Oil. We believe this may improve both hair thickness and growth, thanks to its ability to improve cellular generation, may act as a hair growth treatment, but with less scalp itching as a side effect. It is a powerful antioxidant and can be used to treat many skin conditions, such as eczema & psoriasis, to promote healthy hair.

NEW technology, 4 types of specialised shampoo bars in boxes of 6 per aroma

The Explorer, Pamper, Scent Free and Fresh Pet Shampoo Bar. £3.50 each (£21 in 6's)

Produced using naturally derived ingredients, kind to skin. Produced with no harsh chemicals, pH balanced to your skin, to ensure as gentle and effective a wash as possible. Wash directly onto wet hair, the shampoo bar will lather rapidly and rinse out easily.

Explorer Bar include Citronella for its naturally bug-repellent properties as well as its fresh scent and Neem which is both anti-fungal and kind to skin.	Qty. Of 6's
Pamper Bar include lavender to make wash times a bit more relaxing and Hibiscus flower petals to help keep fur naturally soft and shiny.	
Fresh Bar the key ingredient is tomato extract which makes it ideal for neutralising odours and helping clean stinky pets!	
Scent-Free Bar is produced using all natural and naturally derived ingredients – and contains no added scents, for a clean and gentle wash.	

WOODEN LIDDED CANDLE

Our storage jar candle is a stylish container with a wooden lid with over 25 fragrances to choose from. Our Pop Jar candles are all made by us, poured in the UK and are naturally coloured and contain no petroleum based dyes or fragrances. Manufactured from a natural plant source, which as a raw material is both sustainable and kind to the environment. Our natural candles are not produced from petroleum based paraffin wax, animal or beeswax based products.

NED Pet Shampoo Bars

NEW technology, NEDPET, 4 types of specialised shampoo bars in boxes of 6 per aroma

The Explorer, Pamper, Scent Free and Fresh Pet Shampoo Bar. £3.50 each (£21 in 6's)

Ned Pet Range is produced using all natural and naturally derived ingredients, kind to skin. Produced with no harsh chemicals, pH balanced to your pet's skin, to ensure as gentle and effective a wash as possible. Designed to be rubbed directly onto wet fur, the shampoo bar will lather rapidly and rinse out easily – leaving your dog fresh and clean in no time, no more spending hours rinsing out endless bubbles!

Explorer Bar include Citronella for its naturally bug-repellent properties as well as its fresh scent and Neem which is both anti-fungal and kind to skin.

Pamper Bar includes lavender to make wash times a bit more relaxing and Hibiscus flower petals to help keep fur naturally soft and shiny.

Fresh Bar the key ingredient is tomato extract which may help strengthen and nourish fur!

Scent-Free Bar is produced using all natural and naturally derived ingredients – and contains no added scents, for a clean and gentle wash.

THE FIRST IN 1993, 100% NATURAL VEGETABLE WAX CANDLES

Since starting our business in 1993, Heaven Scent's aim has always been to produce world class, natural, environmentally friendly candles with carefull sourcing of ingredients that are both sustainable and kind to the environment. Our wax is an alternative to petroleum-based paraffin wax and animal or beeswax. Our vegan friendly candles are clean burning, additive free and the ingredients are not tested on animals. All our soya is from the EU & Pro-Terra certified.

We have achieved this aim for the past 33 years and enjoyed appreciation from a vast array of trade and public customers. Our customers recognise quality at affordable prices, are environmentally aware or are just keen candle users that really like clean burning plant wax with essential or fine oils. Since we started as the first 'Natures Wax Candle' manufacturer, people have become more conscious of the possible drawbacks of petroleum wax and the benefits of natural vegetable wax in their homes, now taking that almost for granted.

We have created and supplied our Natures Candles to a vast range of outlets in the UK and abroad including independent gift shops whole food shops, bookshops, visitor centres, retreats, hotels, multiples, spas, charitable organisations and holistic practitioners. We also support brand partners with contract fill.

We only use Soya, Rapeseed & Coconut oils in our UK-filled glass candle& tea light ranges. Our UK and EU made wax uses Soya Beans grown in the EU from a Pro-terra registered supplier, Coconuts, grown throughout the Tropics (also processed in the Far East), Rapeseed which is grown and processed in Northern Europe and Stearic Acid (Not Animal or Palm derived) grown and processed in Northern Europe.

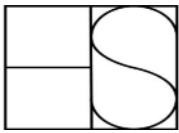

We only use palm oil in our Malaysian aluminium cup tea lights, dinner & pillar candles. They support local families in north region of Malaysian. For the relatively small amount we use in relation to industry we have always taken care to buy from ethical sources both in the UK and at our factory in Malaysia. The palm oil for our factory in the Penang region is from West Malaysia. A Member of RSPO, traceable from our factory to plantations, local mills and refineries close by. Officials assure us that the crops they process are not derived from deforested area. Rubber and Coconut commercial plantations however have been replanted over the past 35 years, replaced with palm. The carbon footprint of palm oil is a factor of 11 better then Rapeseed or Soya i.e. 11 tonnes of palm oil is produced for every tonne of soya or rapeseed oil).

To put it simply, we are against any cruelty and non-ethical palm production and I am confident that our sources are ethical and sustainable.

We have always taken steps to avoid adding to the world's problems and try to reduce them, therefore enabling us to provide a guilt-free ethical product.

Best regards

Daniel Pettitt
