HOME & BESPOKE GOODS

Welcome to *OINK.*

Founded in 2025 by designers Dan Jackson and Lulu Davey, OINK explores play, purpose and contemporary craft.

From our workshop tucked away on a Dorset farm once home to many pigs, we design and make home & bespoke goods. We proudly support local suppliers and all our wood is responsibly sourced.

Our creative practice grows through a process of experimentation, combining traditional craft values with the possibilities of modern machinery.

Kruller Midi in Beech

Beech

Walnut

Sapele

Birch Plywood

The *MATERIALS* we use

Working closely with trusted local suppliers, all of our timber is responsibly sourced. The Kruller Mirror collection is available in these materials:

- ***Beech*** ~ a pale coloured wood sometimes with pink or ochre hues. Beech has a clean and crisp aesthetic.
- ***Walnut*** ~ a pale to chocolate brown colour with occasional darker streaks. Walnut is deep in character with a timeless appeal.
- ***Sapele*** ~ a golden to dark red timber, with a lovely natural lustre. Sapele has a wide variety of grain patterns full of beauty and charm.
- ***Birch Plywood*** ~ a high-quality engineered wood made from alternating layers of birch veneer. This cross-laminated structure makes it exceptionally strong, stable and gives the iconic ply stripes.

NOT SURE WHICH MATERIAL TO CHOOSE?

We offer a sample service to give you peace of mind.

KRULLER PORTHOLE

OUR SMALLEST SIZE

Brighten up your home with the Kruller Porthole Mirror, designed and crafted with care in our Dorset workshop. The Kruller Porthole is the smallest of the collection and perfect for when space is limited, for a quick check by the front door or to add a playful touch to a little one's room.

Variations in wood grain underline the individuality of each mirror, making them truly one of a kind.

- ***Diameter: 285mm, Depth: 31mm***
- ***Choose from: Beech, Walnut, Sapele or Birch Plywood***
