Hello!

We're Susannah and Nicola, a small but mighty sister sister team dedicated to making the world a more colourful place.

From fine art prints and greeting cards to gift wrap, homewares, notebooks, and now beautiful SCARVES!! everything we create is designed to spark smiles and bring beauty to the everyday.

We're an art-led business. Every design begins with a large-scale painting created in Susannah's Hamilton, Canada studio:

"My life's work has become countless hours of pushing paint around on a canvas, adding blobs of colour in just the right places and endlessly chasing that deeply satisfying feeling of 'yes ... this is IT' — and I hope others feel it too."

~ Susannah

From floral tea towels to brighten the kitchen, to abstract notebooks for capturing thoughts and dreams, to cards inspired by skies and landscapes, our collection celebrates colour, nature, and the beauty of imperfection.

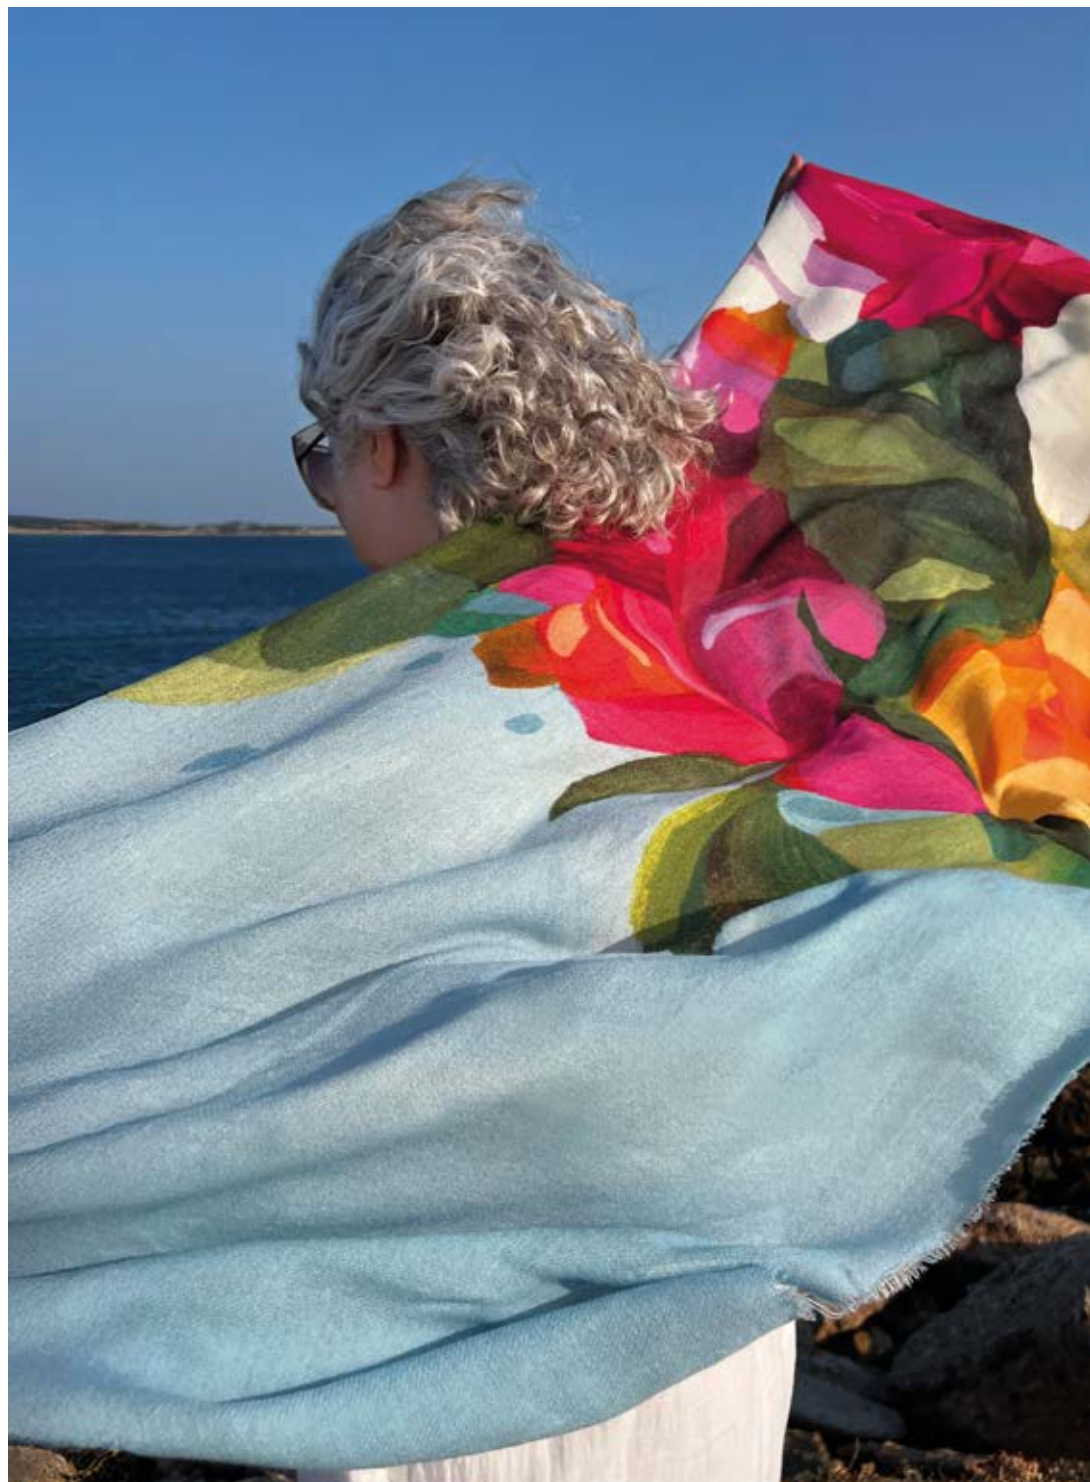

There's something here for every season, every space, and every day.

FINE ART PRINTS

'Days Like These'

Created from the sky paintings Susannah most known for, these fine art prints capture her signature sense of light and open air in a smaller, more intimate scale. Flowing colour and gentle movement create a calm, balanced feel, bringing a peaceful presence to the home.

Prints on this page are available in both square and vertical formats.
