1 two KIDS

About 1 two KIDS

1 two KIDS is a leading distributor in the baby and kids market - we pride ourselves on finding some of the very best ranges available throughout the world and selecting great retailers to supply them to - a principle which remains core to what we do.

We work exclusively with our brands so we can ensure they are positioned perfectly in the market.

We hold all stock in a 5,000 sq ft warehouse based in Dunfermline in Scotland, and that's where our office is too. This allows us to ship goods quickly and efficiently to our stockists.

Easy online ordering for independent trade customers!

Our B2B trade ordering site allows you to order 24/7, see stock levels, and pay securely online - orders ship immediately.

Did you know Sophie la girafe is
now over **64** Years old!!

Sophie la girafe

Once upon a time, the simple story of a girafe born on May 25th in the year 1961

In those days, the only animal toys available were farm animals and pet figures, until Monsieur RAMPEAU, an expert in transforming the latex from the HEVEA tree using the rotational moulding of rubber as a toy-making concept, came up with the idea of designing a giraffe. Such an exotic wildlife figure would be a first on the market, and its size and shape would be ideal for a baby's small hand to grasp.

Sophie la girafe, who looked exactly the same as she does today, went into production on a Thursday, May 25th, Saint Sophie's day, hence her name.

She was an immediate success. young parents immediately recognised that she was a must for their baby when the first signs of teething appeared.

To this day, Sophie la girafe is still traditionally produced, a process that involves more than 14 manual operations. and made from 100% natural rubber derived from the latex of the Hevea tree.

Sophie la girafe is now OVER 64 Years Old!

Sophie la girafe X GCF - Giraffe Conservation Foundation

Giraffes need our help...

Over the past 30 years, the giraffe population has declined by almost 30%... It's time to act!

For every set purchased €1 will be donated to the Giraffe Conservation Foundation to contribute to the safeguarding of the species. The funds raised will be used to support a "translocation" program led by the GIRAFFE CONSERVATION FOUNDATION. This operation will allow the re-introduction of giraffes into areas with low numbers or where they have become locally extinct. Trans-location programs are key conservation tools for securing a future for giraffes in the wild.

Included in the gift set:

- Sophie la girafe teether made from 100% natural rubber
- Sophie la girafe keyring: made from 100% natural rubber.

Sophie la girafe So'Pure

The Sophie la girafe So'Pure range is created from natural rubber, organic cotton, plant-based plastics and beautifully packaged in a gift box made from recycled card.

Protecting our environment is just something we do ...

Sophie la girafe has launched Natur'all; eco-friendly toys made from plant-based and renewable raw materials, such as corn or cassava, replacing the use of plastic produced from petroleum resources.

The products boast the "OK biobased" label; a certification provided by the independent laboratory TUV Austria. These products have obtained 4 stars which certifies that they have a 100% biobased composition and 100% plant origin.
