

# CHALK

Introducing our Spring Summer 2026 collection, a homage to soft femininity and timeless classics. Our collection takes inspiration from airy coastal tones, sandy neutrals and nautical deep blues, punctuated by a pop of red. We have selected the highest quality yarns for our designs, including 100% linens and pure cottons, as well as wool and cashmere blends, that ensure garment longevity and maintain breathability. Our pieces are designed for men and women who dress with confidence, ease, and style without compromising on quality.

Alongside our clothing collection, the range includes smart, classic cotton homewares and complementary accessories that echo coastal tones and shapes. This is our most considered collection to date. We can't wait to share it with you.

Thank you to our amazing team of creatives...
