

# From Treatment to Take-Home: Elevate Every Spa Experience with Spritz Wellness

Wellness in a spa setting goes far beyond the treatment table, it's about crafting a fully immersive journey of calm, care, and restoration. Spritz Wellness products are designed to integrate seamlessly into professional spa environments, enhancing treatments while leaving a lasting sensory impression clients remember (and want to take home).

- **Wellness Teas** – Serve before or after treatments to help clients unwind.
- **Aromatherapy Eye Pillows** – Use during massages and facials to block light and deepen relaxation.
- **Bath Salts & Body Scrubs** – Ideal for facials, pedicures, and foot soaks to exfoliate, soften, and soothe.
- **Atmosphere Mists** – Create a calming, consistent scent throughout treatment rooms.

## Why Spas Love Spritz Wellness

Each product is crafted to complement professional treatments, elevate the guest experience, and seamlessly transition from in-spa ritual to retail offering, helping spas build deeper client connection and increased retail opportunities.

## About Spritz Wellness:
