Our Eco Credentials

Our jigsaws are produced entirely in the UK.

Printed digitally. No nasty chemicals used.

We use 100% recycled puzzle board and board for our boxes.

Our paper is sourced from a Woodland Trust corporate partner which only manufactures FSC paper. The paper we purchase is carbon offset, by planting new woodland in the UK.

We laminate our boxes to increase the life of our puzzles. No dented lids here! And no need to use a single use plastic to protect.

The glue we use for our boxes is a waste product from the pharmaceutical industry (pill making!) and we use a sugar based glue for our jigsaw production.

New for 2026, we have with our packing partner developed a paper media to bag our puzzles, finally doing away with the plastic bags!

Our board and paper waste is processed by a dedicated handler. Our waste has a value and goes on to be put to further use.

Emma Joustra

I am from the Potteries and I live and work in Stone, Staffordshire.
I have been drawing family homes, workplaces, hospitals and maps since 2007 and for about the last 20 years I have been designing Jigsaws.

I developed my style using skills I picked up art directing during a brief spell in advertising, bringing ideas to life with marker pens and drawing story boards. I also spent a year making etchings. I have moved from one of the most traditional art processes to embracing twenty-first century art technology.

My pictures are all sketched, inked, then coloured with a digital pen. This process gives my clients a chance to stay close to the creative process. Each drawing takes between thirty to forty hours to finish.

PUZZLE scapes

PHOTOGRAPHIC JIGSAW PUZZLES BRITISH MADE

If you have a location that you wish to see featured on a puzzlescapes jigsaw please email: jason.cornish@great-british-jigsaws.co.uk under the subject of "Puzzlescapes New Location". We will then look at what imagery we can secure to make a jigsaw puzzle. Minimum order for this

service would be 10 individual units of this design plus 16 mixed designs to make up a case pack of 26. 4 week turnaround.

James Green is one of the UK's leading railway artists and a full member of the Guild of Railway Artists.
