

CHALK

Lauren wears the Myla Skirt in Chocolate, the Devon Jumper in Greige & the Demi Gilet in Cream

CHALK Autumn Winter Collection is a natural reflection of the values that continue to shape everything we create. Using rich seasonal colours and textures in classic silhouettes, every detail has been thoughtfully considered by our close-knit creative team from the first sketch to the final photograph.

Alongside CHALK Clothing we have CHALK Home, designed in the UK using beautifully woven fabrics blending heritage inspired design with contemporary touches, each piece is created to be lived with and loved for years to come.

Photographed in the Kent Countryside, with friends and family as models, this range captures the beauty of everyday living and quiet confidence at the heart of our family business.

Thank you to our amazing creative team, family and friends who make time in their busy lives to work with the CHALK team season after season.
