ABOUT ORIGINAL DUCKHEAD

We make umbrellas worth holding onto.

At Original Duckhead, we believe an umbrella does more than protect you from the rain. It helps define how you feel when you step out the door.

Founded in London in 2012, we are a woman-owned and led brand dedicated to creating considered weather-wear for people who curate every detail of their lives. Since then, we have transformed a functional necessity into a cult favourite and coveted piece.

Our Material

PFAS FREE FABRIC

PFAS-free across every fabric we use. No forever chemicals, no compromise.
We set this standard early, and we're not looking back.

SUSTAINABLY SOURCED WOOD

Our handles are made from responsibly sourced wood and every umbrella is designed to be lightweight and long lasting.

RECYCLED PLASTIC BOTTLES

Each umbrella is made from up to 9 post-consumer plastic bottles, woven into SCS certified rPET fabric - using less energy, producing fewer CO2 emissions, and keeping plastic out of landfill.

BIODEGRADABLE PACKAGING

Every product is packed in certified biodegradable poly bags that break down safely without releasing toxins.
