

RYE STACKING HOLLOW STEM WINE GLASS

RYE glassware range has been designed to elevate the drinking experience, whether it is water, beer, wine or a meticulously mixed cocktail.

The **RYE Wine Glass** extends the language of the range into stemware. Skilfully handcrafted from durable borosilicate glass, the glasses are designed to stack.

Stems and feet are finished in alternating colours within the set, adding a playful touch.

The subtle accent of coloured glass in the stem contrasts with the drink whilst still allowing you to appreciate its shade.
