

BILLY
AUDREY

AW 2026

B I L L Y
A U D R E Y

Autumn Winter is arriving with sparkle, a little mischief and plenty of magic. This season, we are bringing back some of your most-loved bestsellers and pairing them with beautiful new matching pieces, so old favourites and new treasures can be mixed, matched and loved all over again. Your favourite Daphne skirts are now joined by sparkling Millies, Penelope headbands and matching tulle magic wands. There are even more party pieces to discover, including a brand-new colour of your beloved Tilda Party Hat Headband and our Birthday Tiara, made for celebrations big and small. Little witches are wonderfully taken care of this season, with magical accessories available as curated sets in several different colours. They are joined by glittery unicorns and cheeky bats, ready for Halloween adventures and cosy dress-up days. Pastel-coloured superheroes complete the magic, with capes that can be clipped onto jackets using oversized clips, perfect for chilly autumn nights and even more fun with matching masks and wands. And because gifting is always part of the Billy Loves Audrey magic, we are introducing gift sets this Christmas season, beautifully presented and ready to gift. A collection made for dressing up, celebrating, gifting and dreaming, full of sparkle, charm and little pieces that make every moment feel just a bit more magical.
