Working in our Manchester studio

ABOUT CEDAR

Cedar is a home fragrance brand from Manchester that's been exploring the transportive power of scent since 2018.

Our hand-poured candles and essential oil blends bring aromatherapy and perfumery down to earth as part of a modern take on scent creation that will move your mind and shape your space. The spaces around you and the spaces in your head. Sometimes both at the same time.

THE CEDAR CORE COLLECTION

Our range of core fragrances have been designed to offer distinctive aromatherapy benefits. Some help find focus, some unlock a moment of calm, others stir the senses, unlocking a time, memory or location.

All will help you reflect and make space for yourself from the comfort of your home.

CEDAR PRODUCTS

The scents are expressed as oil blends for diffusers, burners and baths, and as hand-poured candles, available in both jars and travel tins. The candles use a rapeseed-coconut wax blend that's a cleaner, slower burning alternative to soy, and combines essential oils, natural isolates and sustainable perfume materials. The jars can then be reused using our custom refills, helping save them from landfill.

CANDLES

Hand poured in Manchester and tested for a long, clean burn.
Housed in thick, durable glass with a rapeseed and coconut wax blend, and packaged in embossed boxes printed on UK FSC card.
200g / 40 hours.

REFILLS

Designed for those who want to keep their favourite scent without the waste — slots seamlessly into our custom jars. Packaged retail-ready in a PaperWise box made from agricultural waste, fully recyclable.
190g / up to 38 hours burn.

TRAVEL TINS

Hand poured by us, perfect for travel, stocking fillers, or trying a scent in a smaller size first.
Custom debossed tin.
90g / 17 hours.

OIL BLENDS

For use in a diffuser, bath or oil burner. Made with essential oils and high-quality perfume materials.
15ml.

THE CEDAR WAY

Every Cedar product has been developed by a qualified aromatherapist and small batch poured in our Manchester studio.

They adhere to a threefold ethos that covers the benefit and value to you, as well as the environmental footprint we share.

1.

MIND MOVING

Cedar fragrances take you places. Into moments, memories and far-flung places, unlocking inner balance and feelings of renewal.

2.

LONG LASTING

Cedar's hand-poured, small-batch collections are fine-tuned to release their aroma for longer, doing their thing as long as there's a flame.

3.

EARTH CARING

Cedar products are a considered environmental choice thanks to a refill scheme, recyclable packaging and responsibly sourced vegan materials.

WORKING WITH CEDAR

There is nothing I love more than working with small, independent stockists who care about thoughtful, beautifully made things.

So if you've got any questions or need help choosing what to stock, I'm always happy to chat — just drop me an email at hello@cedarhomefragrance.com

THE CEDAR STORY

I'm Lizzy, founder, maker and the nose behind Cedar for the best part of ten years.

My brand began as a side project whilst I was working as a schoolteacher. I made candles in my kitchen to help me switch off and slow down at the end of the day.

Scent soon became more than a creative outlet. It became a way for me to unlock lost memories and creativity, as well helping me to destress and unwind.

Fast forward to today and I'm now a qualified aromatherapist making every Cedar product by hand in my studio. I've collaborated with the likes of Selfridges and Chanel and been featured in Vogue, Elle and The Guardian. I also run candle making and aromatherapy perfume workshops all over the UK.

Lizzy – Founder & Maker.
