QUICK PRODUCT OVERVIEW 70

ABOUT KINTOBE

We're Kintobe, a Copenhagen based lifestyle brand built on the idea of carrying kindness wherever we go.

How we treat the planet and each other is deeply intertwined. When we feel connected and present, we naturally make better choices. So to make the world a better place, we need a culture that helps people carry kindness.

At Kintobe, carrying kindness means moving through everyday life with a little more care: buying better, wasting less and meeting others with an open heart. Because each and every one of us has the power to make a positive difference — in other people's lives and on the planet we share.

We bring this to life through long lasting, functional products made from certified recycled materials and a circular mindset. And with initiatives like the Kindness Club, the Kindness Journal and small reminders hidden in every product, we invite people to infuse kind practices into everyday life.

Carry your everyday essentials and join a community that believes in the quiet force of kindness.

Carrying kindness
means moving through
everyday life with a
little more care.

THINGS WE ARE PROUD OF

Carrying kindness means
moving through everyday life
with a little more care.

THE KINDNESS CLUB

Kindness is the answer, and we're here to help you grow and spread it.

The Kindness Club is our little lab where we experiment with ways to grow and unleash the kindness that's inside us all.

Think of it as your go-to spot to recharge, get inspired and feel joy, so you have more positive vibes to share with those around you.

WORLD KINDNESS DAY

KINTOBE FESTIVAL

KINDNESS JOURNAL

KINDNESS GUS

STITCHING KINDNESS

COCKTAILS & KEYCHAINS

KINDNESS REMINDERS

On all our products you will find a kindness reminder, reminding you to carry kindness, when you walk out the door and meet other people.

We'll never save the Earth,
if we can't co-exist.

kintobe
carry kindness

What you do
can change the
world.

kintobe
carry kindness

You make a life by what you
give.

kintobe
carry kindness

It's about the people you
meet,
not the places you see.

kintobe
carry kindness

Compassion is your
superpower.

kintobe
carry kindness

We all smile in the same
language.

kintobe
carry kindness

Keeping your heart open is
true courage.

kintobe
carry kindness

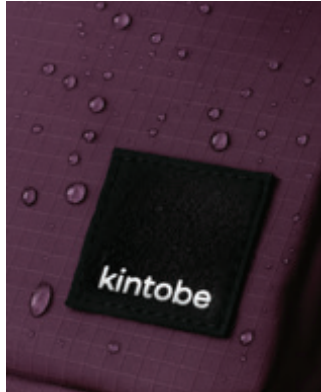

When we lift each other, we all
rise.

kintobe
carry kindness

Soft is strong

kintobe
carry kindness

HOW WE TAKE RESPONSIBILITY

CERTIFIED, RECYCLED MATERIALS

All materials are carefully chosen to treat our planet with kindness.

All bags are made of 100% recycled materials, and feature a PFAS-free water-repellent coating that withstands water pressure up to 1500 mm - equivalent to a heavy rain shower

LONG LASTING FUNCTIONALITY

Our products are designed for life on the move, and to be functional and durable in any urban setting.

And for extra peace of mind, all our products come with a 2-year warranty.

IMPACT CALCULATIONS

We've conducted cradle-to-gate impact calculations for 4 of our key products. These assessments highlight the measurable differences between our product and a completely similar bag made with conventional materials.

We're proud of this step to translating environmental impact into tangible numbers for us and our consumers.

Read our impact calculation here

OUR RESPONSIBILITY REPORT

We value transparency. We map all production partners and collect their audits and certifications to give customers and partners a clear view of how we work and to strengthen our sourcing.

Every year, we publish our Responsibility Report to share our progress, goals, and learnings.

Our full Audit, Certification, and Material Specification Overview is available upon request.

Read our full report here

DIGITAL PRODUCT PASSPORT

Our hangtag disclose all the details of our products. On the carelabels you will find a product passport leading you to more information and a careguide. You can find the QR codes in styles which have been released after November 2022.

Check it out here

PRE-LOVED BY KINTOBE

We actively extend the life of bags through our Pre-Loved programme, where customers can sell back their used bags. Each bag is cleaned, lightly repaired, and treated with a PFAS-free water-repellent coating before being photographed and listed on our webshop in search of a new home.

Go to Pre - Loved now

A young couple is running across a city street. The woman is wearing a blue denim jacket and jeans, and the man is wearing a dark blue hoodie and black shorts. They are holding hands and smiling. In the background, there is a building with graffiti and a pedestrian crossing sign.

How we treat the
planet and each other
is deeply intertwined.

PRODUCTS

We want people to get out the door,
connect with others, and spread kindness.

The more functional and comfortable our
products are, the more we can set
ourselves free and engage with others.

A black and white patterned strap, possibly a bag strap, is shown against a dark background. The strap has a central label with the text "carry kindness".

carry kindness

MILES

Crossbody

MILES is a compact crossbody bag ready to carry plenty of stuff around town. The main compartment is spacious and easily fits a water bottle along with your essentials for a day out and about. With three inside pockets and two outside sections to keep everything in place, MILES is for people on the go, no matter the mission.

BILLIE includes a phone strap adapter to turn one of the straps into a hands-free phone holder.

BILLIE

Crossbody

BILLIE is a versatile everyday bag designed to adapt to life on the move. Its multifunctional straps can be worn crossbody or over the shoulder, while the carabiners offer flexible ways to carry and attach essentials such as keys, a phone or a water bottle. It also includes a phone strap adapter, allowing one of the straps to double as a hands-free phone holder. Webbing loops at the sides provide additional attachment points, while interior and exterior pockets keep everything organised. Reflective thread woven into the drawstrings adds extra visibility after dark.

SIZE: 10 (W) x 15(H) cm

STANDS

Made from durable metal, our bag stands are built to last, offering a stylish and long-lasting display solution, making Kintobe bags more eye-catching for customers.

MINI TABLE STAND

This mini table stand is ideal for showcasing the KAI keychain and Stacy stickers, presenting them clearly in a compact format.

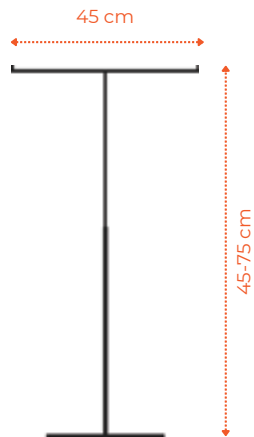

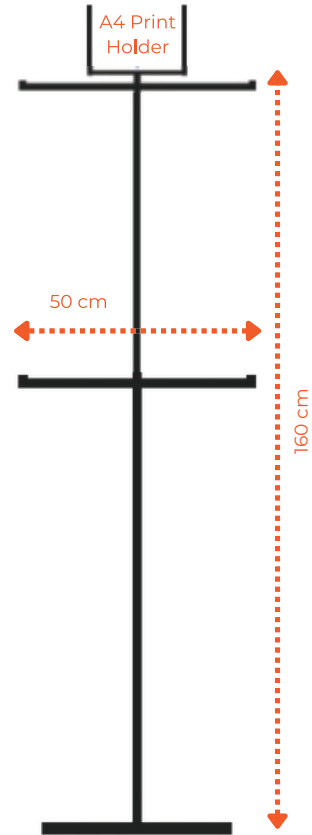

Table T-stand

Ideal for showcasing the vibrant colors of Kintobe bags, the T-Stand ensures each piece is displayed in full view.

Floor Double T-stand

The ultimate display option, the Floor Double T-stand allows you to present up to 16 bags at once without taking up much space. It's designed to maximise visibility and efficiency, with a dedicated space on top for A4 POS materials.

STEEL FLOOR STAND

This large display stand is ideal for showcasing Kintobe bags, apparel, and accessories in one clear, organized setup.

The adjustable arms make it easy to customise the display height for different products, while the wheels make it super convenient to move around the store or showroom.

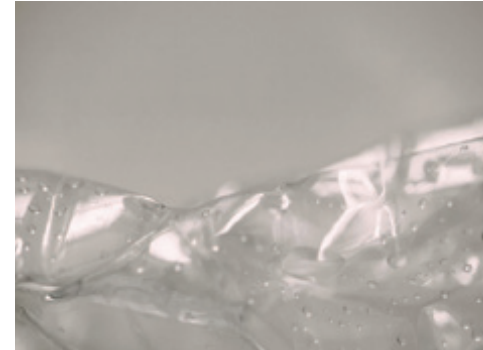

MATERIALS

We are constantly exploring new materials and treatments that are durable and responsible.

We expect our partners to be verified by third parties and are working with: GRS, RCS, TC, Blue Sign, Oeko-tex, FSC, Fair Wear Foundation audit and ISO 9001:2015 and 14001:2015.

Our Audit, Certification, and Material Specification Overview is available upon request.

100 % RECYCLED POLYESTER

- BODY FABRIC
- LINING
- THREAD
- INNER LABEL
- LOGO LABEL
- NON-WOVEN REINFORCEMENT
- DRAWSTRING
- MESH
- AIRMESH
- WADDING
- CARE LABEL

Most of our recycled polyester items are made from mixed plastics or PET waste. Recycled polyester items are as durable as their virgin version.

- COIL ZIPPER TAPE

The yarn used in the tape of our coil zipper tape is made from more than 99% post-consumer plastic waste.

100% RECYCLED PLASTIC

- PLASTIC HARDWARE

Our recycled plastic hardware is made from pre-consumer plastic waste.

100% RECYCLED NYLON

- BODY FABRIC

MIPAN® Regen™ is a reclaimed nylon yarn made by recycling pre-consumer waste. It has acquired CONTROL UNION's Global Recycle Standard (GRS) certification.

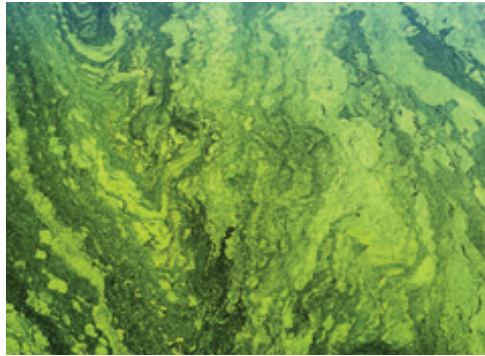

100 % RECYCLED POLYPROPYLENE (PP)

- ZIPPER PULLER TAPE
- WEBBING
- INSIDE EDGE BAND

The PP recycled fibers made from post-consumer waste. The recycled PP material is strong, fade- and stain-resistant.

ALGAE-BLENDED FOAM

• PADDING

Our Bloom™ algae-blended foam padding is made with excess algae harvested from freshwater where the ecosystem is out of balance. The algae raw material is combined with conventional materials to create a more responsible EVA foam.

MUSHROOM-BASED LEATHER ALTERNATIVE

• LOGO LABEL

We use a mushroom-based leather alternative made from King Oyster mushrooms not suitable for human consumption due to misshape.

Our mushroom-based alternative is vegan, complies with ISO 14001:2015 and OEKO-Tex Standard. Its 'FSC compliant, 100% bio-based with USDA, and biodegradable with TUV certification.

100% ORGANIC COTTON

• T-SHIRT FABRIC

Organic cotton is grown without harmful pesticides and synthetic fertilizers. It uses less water, supports healthier soil, and reduces chemical pollution.

The GOTS certification guarantees that the cotton is organic and responsibly processed from field to finished product, with strict requirements for environmental impact, chemicals, and fair working conditions.

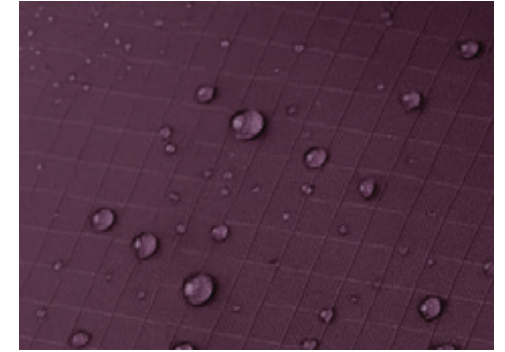

100% RECYCLED ALUMINIUM

• WATERBOTTLE

This material is lightweight, durable, and food safe. Aluminum can be recycled endlessly without losing quality and reducing the need for virgin raw materials.

PFAS-FREE - CO WR

• WATER-REPELLENT COATING

(outer side of the body fabric)

The water-repellent coating on our nylon body fabric is HeiQ Eco Dry. It has the following qualities:

- Fluorocarbon-free (PFAS)
- Exceptional efficiency and durability
- High abrasion resistance
- Complies with EU REACH & ZDHC
- BlueSign system partner & OEKO-tex suited

CONVENTIONAL MATERIALS

- WATER-RESISTANT ZIPPER
- METAL HARDWARE
- ELASTIC BAND
- ELASTIC CORD (ELASTIC PART)
- PE PIPING
- VELCRO

At the moment few trims are made from conventional materials. We have promised ourselves to never stand still and keep searching for durable and responsible solutions.

Every time
you make space for kindness,
you're pushing back against a system
that tells you there's no value in softness.
