Yulia

Wear the Summer with You

Why Yulia?

Named after the glorious month of July (Iulius in Latin), Yulia transforms the abundant colours and forms of summer into luxury accessories. We bring the memories of sun-soaked months directly to your store and your customers' wardrobes.

Dedicated to Craftsmanship

Every textile pattern is an original hand drawing, with a story, most of them created under open summer skies. All products are designed and printed on 100% silk in the UK, guaranteeing quality.

Founded by London College of Fashion alumna Yulia, the brand blends her South Urals heritage with a love for English gardens.

Each silk scarf and twilly can be worn as neckerchiefs, hair accessories or handbag accents, offering effortless elegance for any occasion. Customisations in size, colour and fabric, according to your store and customers requirements, are available upon request.
