Notecards

Our notecards are printed in Norfolk on a textured 300 gsm board. Each recyclable box contains 10 hand finished postcards and FSC-accredited grey envelopes. The box is then tied with coloured string to make a great present. One 'unit' of notecards consists of 3 boxes of the same design. Some of the themes feature 5 different designs; for example, Flowers and Garden Birds. Many of the themes feature just one design within each box; for example, Dachshunds, Hedgehogs, Hares.

Standard A4 Size Prints

Our prints feature many of the designs that you find on our cards and come in a range of shapes and sizes. I will concentrate on the most popular and standard sizes, as these are very easy to frame from most high streets. All prints are created and hand finished in-house on a quality, textured water colour paper and presented in a conservation quality double mount made in the UK. Pictures can be purchased individually and will come wrapped in cello to protect the finish.

Any print starting with an A is a standard A4 size and anything with a C is a standard 25.5 x 25.5 cms square. The non-standard sizes start with D, E and F. As with all of our products, please look at our website **https://www.Papersheepuk.com** for the full range.
