THE COLLECTION

Our latest collection, a vibrant selection of scarves and matching bags has been inspired by the flora and fauna of the great British Isles.

We have introduced a range of art inspired abstracts, painterly floral's and prints reflecting Mother Nature. Alongside an exciting mix of new prints, we have included our best sellers, many re-coloured to co-ordinate with the key colour trends the season ahead. As always, every print is designed in our studio and unique to us.

All bag styles are cotton canvas with a matt oil cloth finish
