

CHOW'S STORIES

WHOLESALE CATALOG

HELLO

Welcome to our stationery and design world. We believe in the physical act of card giving - the endearment, joy, empathy, that can be contained in a simple piece of paper. Each of our design is created with such thoughts, and we hope they can help you convey the messages to your loved ones in the most thoughtful and intimate manner.

Our cards often reflect or recreate fragments of memories and dreams - which many can relate and delight in. Enjoy this catalogue and we very much look forward to making your acquaintance.

Enjoy!
