Pride in craftsmanship and bold simplicity are the opposites which attract one another, creating new values and dreams for the future

SOULFOOD, **FANTASY** and **LUCIDITY** are the trends which pervade BULAGGI's summer collection. Themes like freedom, optimism and community constitute the essence of summer '23. Extrovert looks from the 1990's are back, with the 2023 summer season re-defining the balance between daring and restraint. Pride in craftsmanship and bold simplicity are the opposites which attract one another, creating new values and dreams for the future. On the one hand, we keep company with colours linked to nature, on the other, we see more and more colours drawn from the virtual world. The real triumph of this summer collection is the mix – anything goes!

"This collection is special and exciting because anything is possible. The different materials, colors but also shapes of the bags all mix and match. Our bestsellers are back in other colors and materials. The collection is for everyone, young and old, but also for every occasion."

BULAGGI is a forward-looking brand, acutely aware- with each new collection- of the constantly growing pressure on the environment. This awareness has prompted the increasing use of more environmentally friendly materials. Thus, the number of environmentally friendly bags in our collections is extended every season, and we still display the PETA-approved vegan logo with great pride. More information about this collection and its production process can be found on page 44. BULAGGI understands what women want, and offers a range of affordable, on-trend and high-quality vegan bags with extras to suit any occasion: **'DESIRE WITHIN REACH'**.

Annemarieke Schouten-Walraven, owner and designer at BULAGGI.

The **LUCIDITY** theme encapsulates the harmony between contrast and the longing for lightness. There is enhanced attention for structures and a combination of tough and fragile. A language of shapes unfolds, exuding timelessness; a serene form of modernity. Colours are greyed pastels such as yellow, pink, lilac and green, as well as neutrals. As for materials, serene luxury is the key to this theme, with sophisticated finishes and embossing featuring metallic or gloss. The bags are of a sleek design and include graphic shapes, such as the **CLAUDIA** series. The minimalist lines and contours distinguish this look within the BULAGGI SS23 collection.

The organic patterns of BULAGGI SS23 provide the impetus for the **FANTASY** theme. Nature has a presence here too, with the greatest inspiration coming from the rich and invisible world of microbiology. Colours are rebellious; a gloriously chaotic palette. This is reflected in the **FANTASY** series, as well as in the **PIA** and **EMY** series. Alongside the matt surfaces, we again see gloss featured here. Special prints with tonal gradations and striking colours for both sleek and casual models feature in both theme and series.

SOUL FOOD

There is a greater longing this season for slowing down – for depth and focus. This is reflected in the **SOULFOOD** theme. Once again, nature and rituals are the reference here. Simplicity is embodied in casual bags, where the combination of subdued colours and intriguing materials is of the essence. Summery freshness and lightness combine with rich earthy shades, while artisanal techniques and decorations play an important part. The woven material of the **EVA** series is characteristic of this theme. **WAVE** is another excellent example; the structure of the material combined with the metallic gloss making it quintessentially **SOULFOOD**.

We are aware of the increasing pressure on the environment, and of how this has led to a greater demand for more environmentally-friendly materials.

BULAGGI GOES GREEN

Therefore we have been sourcing new materials that are also more acceptable from an environmental friendly perspective. We are very proud and satisfied that we have succeeded in finding such a eco-friendly, recycled, vegan material.

This year we have expanded our eco-friendly collection with 7 new models. You will find these on the following pages as well as our trusted eco-friendly models.

Besides this BULAGGI takes an extra step in the right direction eco-friendly wise with every collection. From our SS21 onwards we have realized a plastic reduction of as much as 80%! This is accomplished by no longer using polybags but dustbags and/or recycled paper to protect our bags. Also our bags are not stuffed with plastics but with recycled paper instead. By improving ourselves and learning with every collection we achieved a **plastic reduction of nearly 90%** at this moment.
