LINESCAPES

THE ART OF ARCHITECTURE

Linescapes is a brand design based in West Sussex specialising in highly detailed CAD architectural portraits of iconic buildings, architectural landmarks and bespoke commissions. Set up in 2014 by Amalia Sanchez de la Blanca, Linescapes offers a range of architecture-inspired prints, cards and gifts.

The aim is to tap onto people's emotional relationships with buildings. Architecture can evoke memories, a sense of belonging and relate to our aesthetic sense. That's why Linescapes' collections are constantly growing with drawings of buildings that mean something to people, whether it's a cultural landmark, an architecturally significant structure or a bespoke house portrait.

Amalia has built a collection of over 70 illustrations which are available from stock. Among the products she offers to the Trade are: Open and Limited Edition Giclee prints, concertina prints, blank cards, placemats, coasters, and seasonal items such as Christmas cards and calendars. She's currently working on a new collection of tea towels and mugs which will be available in May 2024.

She has also published the second edition of her popular **ARCHITECTURAL LINESCAPES** book featuring 78 of her best illustrations organised chronologically and by architectural style.

Amalia's background as an architect and consequent attention to detail and her trademark style ensures that all her products sit well together in stylish and understated collections.

BESPOKE ARCHITECTURAL PORTRAIT COMMISSIONS

In addition to the off-the-self products, Linescapes also undertakes bespoke commissions. In the last 8 years, Amalia has collaborated with many cultural landmarks, helping them develop gift ranges featuring exquisite illustrations of their buildings. Recent collaborations include co-creating a range of products for the Sir John Soane's Museum, Chatsworth House, Abbey Road Studios, Manchester Art Gallery, Freemason's Hall, Harrods and Canterbury Cathedral among others.

Amalia can also carry out historical architectural research, illustrate interior elevations in significant buildings, and produce bespoke house portraits for private customers. Linescapes is open to any type of commission including non architectural structures.

Linescapes offers a personalised approach to clients' needs and budget. If you'd like to discuss any projects or if you have any questions please contact Amalia. For samples of all her commissions and testimonials please visit

HOUSE PORTRAITS

House or building portraits make a beautiful keepsake or the perfect gift for a special occasion. They are the ideal reminder of a beloved home or illustration of a new house. They can be used for wedding and personal stationery, greeting and Christmas cards, and much more. They also make unique and original wedding, anniversary, birthday, and retirement gifts. House portraits are drawn from photographs so to prepare a quote and assess its complexity all we need is an address and good quality images of the building showing it in full front, lateral views and any significant details.

Linescapes offers a personalised approach to clients' needs and budget. To view samples of previous bespoke house portraits please visit our website www.linescapes.co.uk

COMMERCIAL BESPOKE COMMISSIONS

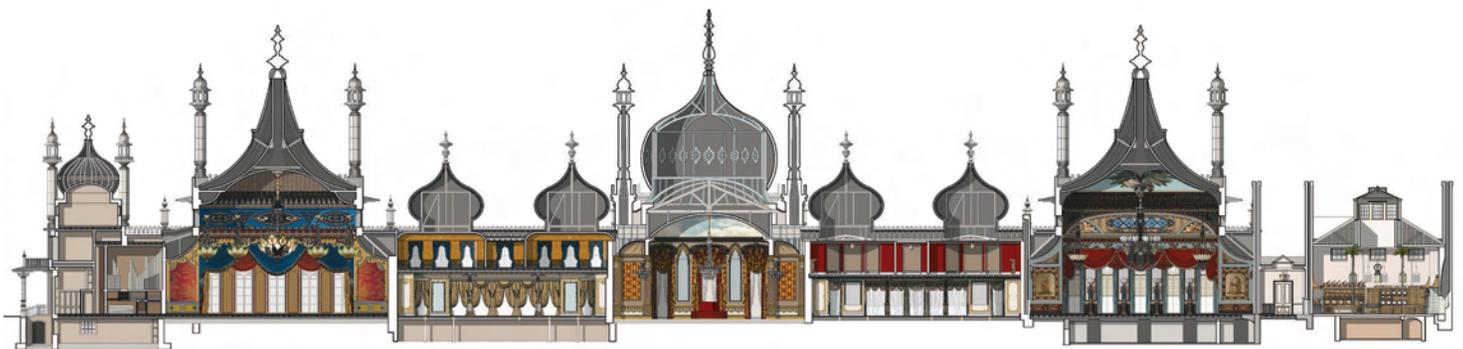

Museums, Galleries and cultural landmarks are increasingly reliant on the income provided by their gift shops, therefore, ensuring they offer a variety of high quality and original products is paramount. Capitalising on their best assets is one way of doing it especially if the museum or gallery is set within an iconic building. Linescapes can help by creating unique collections that will allow visitors to be reminded of their experience by tapping into the emotional connection they feel with the venue.

By offering collections featuring exquisite illustrations of their buildings, shops can ensure they offer the ideal products for their visitors, whether they are a couple that regularly visit cultural venues, a holiday maker choosing a memento of their trip, or a visitor passionate about the venue itself. These illustrations can be used to decorate a myriad of products including coasters, tea towels, magnets, cards, mugs, cushions, prints, travel wallets and much more. The possibilities are endless.

Recent collaborations include creating a range of products for the Sir John Soane's Museum, Chatsworth House, Abbey Road Studios, Manchester Art Gallery, Freemason's Hall, Harrods and Canterbury Cathedral among others.

Linescapes offers a personalised approach to our client's needs and budget. If you'd like to discuss any projects or if you have any questions please send an email to Amalia on contact@linescapes.co.uk
