

US Army Excursions in VR/AR

US Army Legacy and Current VR Uses

- Flight simulation
- Parachute simulation
- Battlefield simulation
- Vehicle simulation
- Medic training (battlefield)
- Virtual Boot Camp

US Army Excursions in VR/AR

US Army Future VR/AR Uses

- **Synthetic Training Environment (STE)**
 - STE blends virtual, augmented and physical realities
 - STE will provide intuitive applications and services that enable embedded training with mission command workstations and select platforms.
