Baltic Sea Region  
Programme 2007-2013

**norden**  
Nordic Council of Ministers

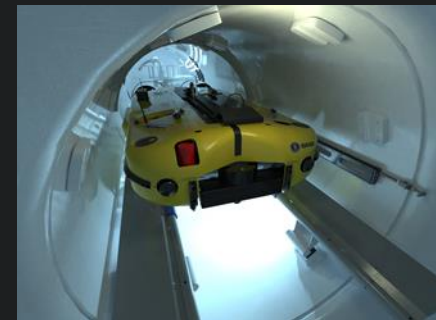

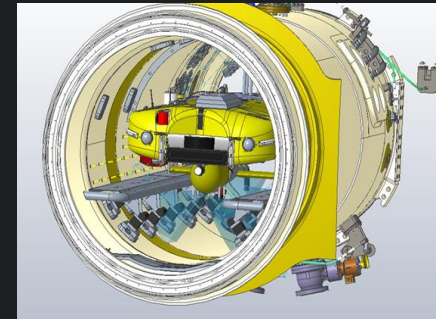

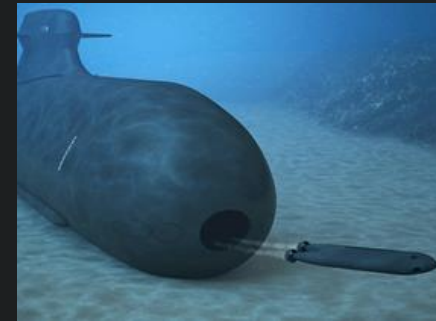

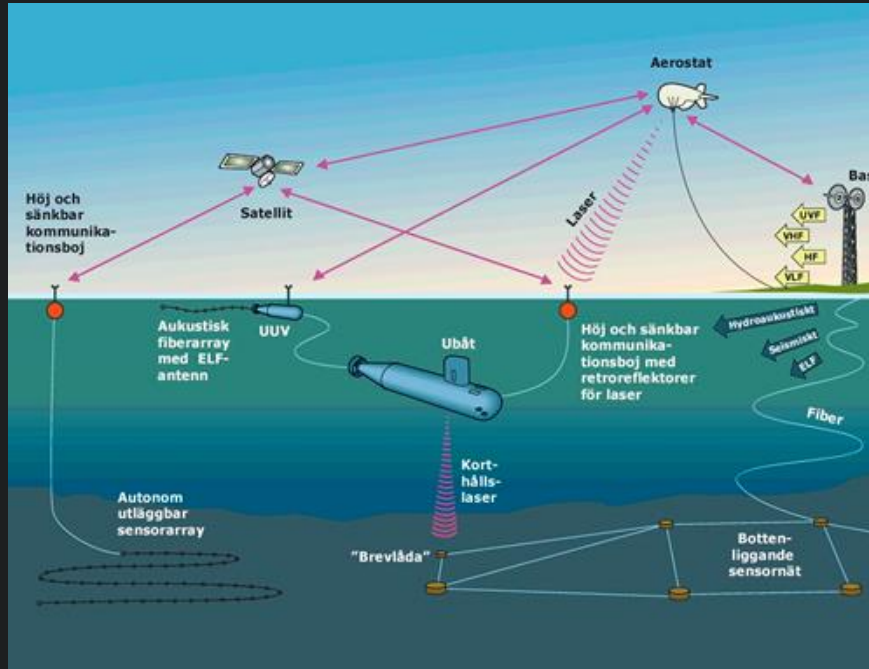

Part-financed by the European Union  
(European Regional Development Fund)

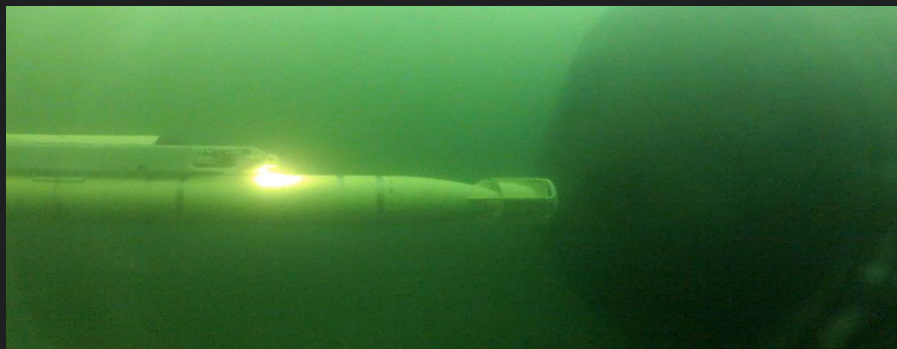

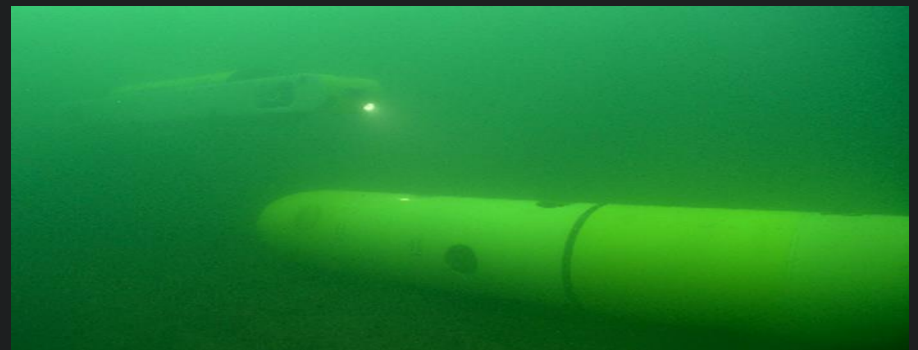

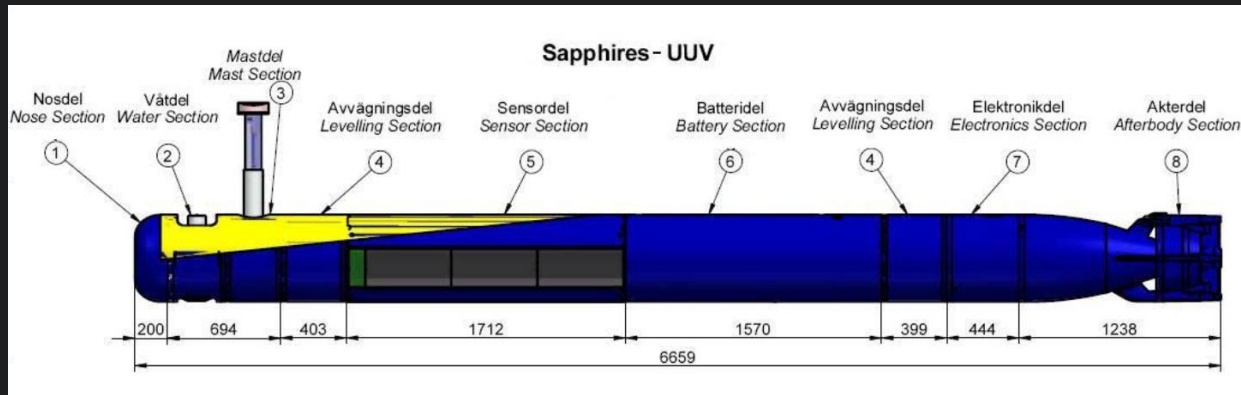

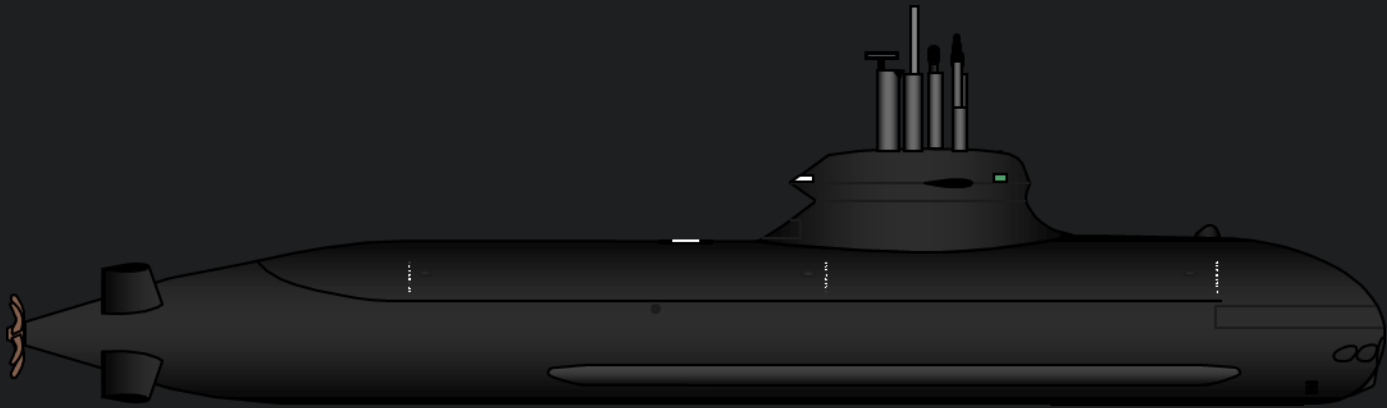

*“...anticipate a paradigm shift in which the submarine will transform from being a weapons and sensor platform into becoming a decision node in a larger system of different UUVs and seabed sensor and communication chains...”*

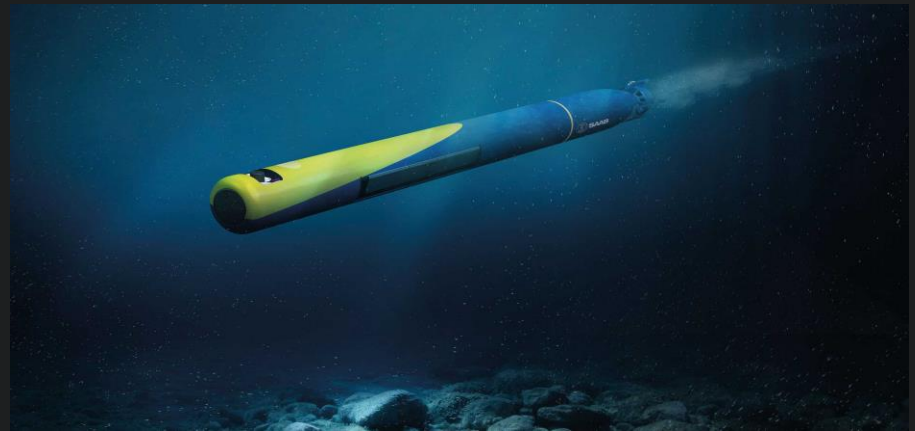

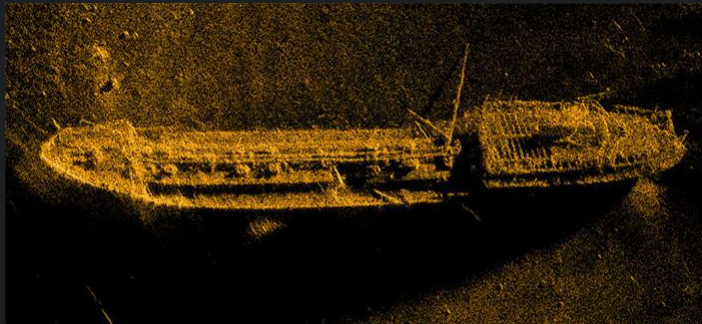

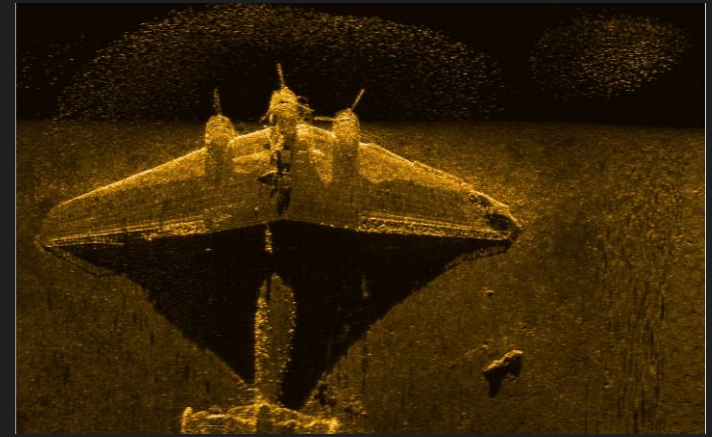

*...the concepts, or the reality...*
