## ARRK Powertrain

Your one-stop solution provider for  
cutting edge propulsion systems

[www.engineering.arrk.com](http://www.engineering.arrk.com)

### ARRK ENGINEERING...

As a global development partner with extensive expertise in product development and integration, we make your ideas happen.

### ...YOUR POWERTRAIN ONE-STOP SOLUTION PROVIDER

- Electric and hybrid propulsion systems
- Tailored engineering solutions for your requirements
- From concept to series development
- System integration
- Turnkey prototyping and low volume production

### POWERTRAIN - ENGINEERING SERVICES

>140 Engineers

CAD Design

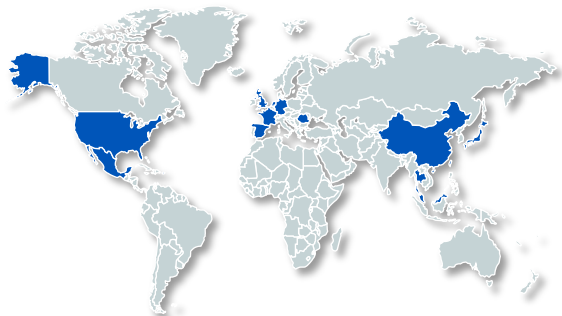

CAE Simulation

Tolerance Management

Integration & Validation

## Comprehensive Powertrain Solutions
