

# Modular Component Test Systems

## Function Based Electronics

Analog-Digital IO  
Electric Actuator  
Hydraulic Actuator  
Pneumatic  
Pressure / Thermal  
PWM Output  
Rotation / Torsion

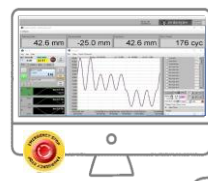

## Test Specific Interface GUI

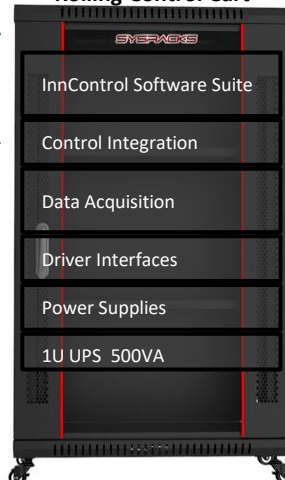

## Interface SW Drivers

CAN, LIN,  
DAC Hardware  
DC Power, PLC  
PID Controllers  
Servo, Stepper  
Thermal  
Chamber  
Data Socket TP

## Project Rack Assembly

### Rolling Control Cart

## Flexible & Modular Component Testing

Servo Electric

Pneumatic

## InnControl Software

Temp/Pressure

Hydraulic

**Interface**  
Sense & Measure

**Integrate**  
Process & Control

**Operate**  
Test Platforms
