

Vibration and Shock Testing

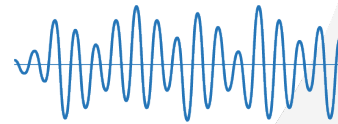

Elite provides complete dynamics testing with 10+ Shakers to industry-wide standards

State of the Art Vibration Lab – All in One Location

Vibration Shakers up to 8X8 ft table, 78,000 force lbs., 4in Stock, and 6,600 lb. Total Payload (Including Head Expander and Fixturing)

Combined Environmental (Temperature/Humidity/Vibration)

On-site fixture design and fabrication

OEM & Industry Wide Vibration Testing

SAE J1455, SAE J575	ISO 16750	IEC 60068-2
MIL-STD-810	MIL-STD-202	RTCA DO-160
EIA-364	USCAR 2	Shipping Vibration
