# VENUE ACCESS

## Vehicle access VERY IMPORTANT – PLEASE READ CAREFULLY

To control and regulate the flow of vehicles, Viparis has put in place an on-line vehicle registration system: [www.logipass.viparis.com](http://www.logipass.viparis.com).

This applies to all vehicle access requests during the build-up and breakdown periods and for daily deliveries. Parking on the delivery areas becomes limited to the strict need for delivery. Parking is free for the time of unloading / delivery.

All exhibitors, service providers, delivery personnel and all other suppliers will have to register and create their profile on [www.logipass.viparis.com](http://www.logipass.viparis.com). They will then have to indicate that they are coming to PORTE DE VERSAILLES for the PARIS TECH 22 event and choose the time slot that suits them.

**All vehicles that have not previously registered via this system will be denied access.**

## Traffic in the Porte de Versailles area

- Compliance with the road codes.
- Maximum speed 20 km/h.
- Stopping and parking prohibited on corridors.
- Camping and caravanning forbidden.

We thank you in advance for complying with these rules and we ask that you notify your contractors, carriers and various suppliers. Do not forget to give them your stand and hall number.

## DELIVERY – PARKING

### Deliveries

Deliveries can only be made during the official build-up period, depending on your stand type (space or shell), please check the timetable, page 4. During the show open days, deliveries are only possible from 8am to 8.30am. Your presence on your stand is mandatory to receive your deliveries.

**Name of the exhibitor contact with mobile phone number**

**Name of the exhibitor company**

**Stand Number**

**Paris Expo Porte de Versailles Hall 3**

**Paris Tech 2022**

**1 Place de la Porte de Versailles**

**75015 PARIS**

**France**

### Parking

During the build-up and the breakdown parking is free next to hall 3 to unload only.

Viparis agents will be present to guide you.

During the show, there is a charge for parking in the exhibition centre and you must order your parking space on the Viparis website [www.viparisstore.com](http://www.viparisstore.com).

The P6 parking (access door C) is the nearest parking for Hall 3.

### Deliveries access

Access during build-up and breakdown: Door D for all vehicles and Door H for heavy goods vehicles below 3.5 tons (see map on the next page). Parking for unloading will be on platforms 3.A and 3.B.

Under no circumstances the unloading area of the private delivery access lane may be used for the parking of vehicles which must be unloaded and immediately evacuated in accordance with the information indicated above.

	14:00 – 20:00	<b>Shell scheme stands</b>	

**POWER WILL BE TURNED ON BETWEEN 14h00 – 20h00**

**PLEASE NOTE THAT YOU WILL NOT HAVE ELECTRICITY AVAILABLE OUTSIDE OF THIS TIME SLOT. PLEASE CONTACT VIPARIS IF YOU REQUIRE POWER BEFORE 14H00 ON TUESDAY 15 NOVEMBER.**

- During the build-up and breakdown, parking is free in front of Hall 3 to unload only.
- No vehicle may enter the hall without having made a reservation.
- Truck access will be subject to special conditions.
- Empty packaging must be removed without delay and stored by exhibitors or their carriers.
- It is forbidden to obstruct your storage area/ reserve with packaging and various goods that may constitute a fire hazard.
- Your stand installation must be complete before the safety commission's inspection. The presence of the stand manager is mandatory. No motorized equipment will be allowed to enter the hall, except unless approved by the Organiser.
- Personal Protective Equipment e.g. safety shoes are mandatory during build-up and breakdown.
- As soon as breakdown time is over, the Organiser may take all the necessary measures for the evacuation of the empty and material packages remaining on the site and in the aisles at the expense and risk of the exhibitor.

## BREAKDOWN

BREAKDOWN (hall opening hours)			Power-on schedule
Thursday 17 November	17:30 – 22:30	All the stands	08:00 – 18:00

- The stands can only be dismantled after the show closes.
- Exhibitors are advised to always ensure a presence on their stand during breakdown.
- Exhibitors are responsible for the removal of all stand materials, packaging, and waste in the hall. Please note that there will be a charge for the removal of abandoned items.
- We advise you to send the dates and times of breakdown to your contractors and decorators.
- All the shell scheme stands will be dismantled on Thursday 17 November after the end of the show by GL Events.
- All the materials and decors must have left the hall at the latest on Thursday 17 November at 22:30. Goods and materials not requiring disassembly, not removed in time, will not be stored by the Organiser. The Organiser reserves the right to destroy, at the exhibitor's expense, stands and decoration structures of any kind that have not been dismantled by the exhibitor within the deadline.

### Forklift rental

CloserStill Media has selected GES Logistics as the only contractor authorised to use forklifts for the duration of the lease of the hall.

For safety reasons, no motorised vehicle (forklift, etc.) is authorised in Hall 3. Only GES Logistics, our official service provider, is authorised to drive this type of vehicle. If you need this type of service, GES Logistics is at your disposal to meet your needs:

# SECURITY - CLEANING

## Stands guarding and supervision

- Please note that under no circumstances will the organisers or Porte de Versailles be held responsible for any loss or damage caused to stands or exhibited objects.
- Exhibitors providing special supervision on their stand are requested to inform the organiser of this by communicating the names of the persons present and the name of the security company chosen. Exhibitors are responsible for their stand and must make the necessary arrangements to protect and secure their equipment in the evening, as well as during build-up and breakdown. Computers, plasma screens and audio-visual equipment must be locked away or fixed to the stand by a security cord or padlock provided for this purpose during the closing hours of the exhibition.
- Lockable cupboards are not considered to be secure premises.

**ATTENTION: The risk of theft is high during the periods of build-up and breakdown. Please secure all material or products that can be stolen (plasma screens, computer hardware, personal effects ...).**

**It is strongly recommended that you closely monitor your stand at all times.**

## Cleaning of shell scheme stands only:

This service consists of daily cleaning of the stand every morning before opening to the public including the day before the opening of the show and includes:

- Removal of plastic films protecting the carpet,
- Emptying trash cans,
- Cleaning of carpets,
- Wiping of counter-tops and furniture.

## IMPORTANT

**It is the exhibitor's responsibility to remove all material from the stand as well as the waste produced at the end of breakdown. All rubbish left in the Hall will be removed by the cleaning service and a fee of €500 per bin filled will be charged to the exhibitor.**

# GENERAL INFORMATION

## Access for People with Reduced Mobility

On-site facilities are available for exhibitors and visitors with reduced mobility.

For further information, please contact Viparis directly or visit the website [www.viparis.com/site/espace-champerret](http://www.viparis.com/site/espace-champerret)

## Accidents

During your visit, please contact Marcos Sanz or Sophie Boudoc in the Commissariat General if you are involved in or witness an accident.

## Aisles

Please note that the aisles are not part of your stand. No equipment, items from your stand can be placed on the aisles. All aisles must always remain free and accessible.

## Badges contractors

Your contractors do not require a badge to be able to access the hall. Wristbands will be provided by the security officers directly on site.

## Exhibitors Badges

Every member of staff from your stand must wear an exhibitor badge to enter Hall.

You may collect these badges directly from registration from 15 November at 3pm. For any last-minute requests, please contact the registration desk.

Important: These badges will not be posted before the event but are to be collected on-site or you can pre-order exhibitor badges via this link, [www.datacentreworld.fr/espace-exposant](http://www.datacentreworld.fr/espace-exposant)

## Balloons

1. Gas filled balloons must be adequately secured to the stand. Charges will be levied for any costs incurred for repairing damage to the air handling units within the halls due to gas filled balloons being drawn into the units and for removing balloons from the roof structures.
2. Balloons must be positioned at a height no greater than 4m from the hall floor to the top of the balloon
3. Balloons can hang only over your own stand.
4. All helium gas cylinders must be removed from the halls once the balloons have been filled and the use of flammable gases is not permitted.
5. A plan must be submitted to Sophie Boudoc and Marcos Sanz, detailing location, height and method of attachment.

# GENERAL INFORMATION

## Breakdown

You can only start breakdown of your stands after the event closes and the hall is clear of visitors. You will only be able to remove your equipment after all visitors have left the building.

All shell scheme exhibitors and decorators are advised that the official contractor will start dismantling the exhibits on the evening of Thursday 17 November at 5.30pm.

**The organisers will not be held responsible for any theft and damages that may occur during dismantling.**

## Carpets / Floor Covering

All aisles and shell scheme stands will be covered with carpet provided by the official contractor, GL Events.

Exhibitors with a shell scheme stand can choose a different carpet colour for an extra charge. Any exhibitor wishing to change this must contact GL Events.

To obtain the technical specifications of shell scheme stands, please refer to page 14.

ISLAND STANDS: Please note that any island shell scheme stands will not be provided with walling, just poles to support a name-board. If you are planning a structure inside of your shell scheme stand, please contact [techparisops@closerstillmedia.com](mailto:techparisops@closerstillmedia.com)

## Children

Local Authority Health & Safety regulations prohibit the presence of children under 16 in the halls during build up and breakdown. The Exhibition is a trade event and the nature of the exhibits during the open period will reflect this, as such it is not a suitable environment for children. There are no crèche facilities at this event.

# GENERAL INFORMATION

## Cleaning

- All shell scheme stands will be cleaned on the night of 15 November, the morning of 16 November and the morning of 17 November.
- Shell scheme stands will be cleaned daily during the show open period.
- If you have closed areas within your stand (i.e. offices) and these need to be cleaned, please leave a clearly labelled key to the Organisers so that they can give access to the cleaners.
- Cleaning is not included for space only stands. Please contact Viparis/Millenium to arrange this service.
- Exhibitors requiring emergency cleaning during the exhibition should contact the Organisers office (although only light cleaning will be possible during show opening hours, vacuuming will not be possible until the close of the show).
- Please dispose of any liquids to avoid spillage and damage to the carpets.

## Cloakroom

The cloakroom is located in the main entrance of Hall 3 and is open daily until thirty minutes after the close of the exhibition. There is a charge of €2 per item.

## Customs

It will be up to each Exhibitor to complete the customs formalities for the materials and products coming from abroad. No equipment can leave the Paris Expo Porte de Versailles without completing the formalities of customs regulations.

## Damages

Exhibitors are responsible for all panels, columns, hired accessories, etc. within their stand area. Any damage will be charged back to the exhibitor. Please examine your stand space as soon as you arrive and report any damage, so you are not charged for it. All exhibits and stand-fitting materials must be cleared from the venue and charges will be levied for the removal of any abandoned articles, including carpet tape and literature.

**IMPORTANT : All exhibit items and stand materials must be removed from the hall upon departure. There will be a charge for the removal of abandoned items, including scotch tape on the carpet, brochures and documents.**

## Electricity

Power supply and lighting are NOT provided on your stand unless an agreement has been made with the sales team. You must order the mains power via Viparis.

# GENERAL INFORMATION

## Emergency and Fire procedures

For more information, please contact Viparis directly or visit the website [www.viparis.com](http://www.viparis.com)

## First Aid

The First Aid is located at the PC Sécurité. You can ask the Organiser's office to contact them.

## Floor Loading

For all queries regarding the maximum floor-loadings, please contact [techparisops@closerstillmedia.com](mailto:techparisops@closerstillmedia.com)

## Furniture

No furniture is provided with your stand. For any requirements, please order through GL Events.

## Insurance

Any loss or damage occurring during the event should immediately be reported to the Organiser's Office and on-site security staff.

Please note the Exhibitor insurance does not cover contractors and possible subcontractors present at the event. Contractors must prove they have their own insurance covering the minimum required by Paris Expo Porte de Versailles.

We advise that contractors working on complex structures should have liability insurance up to €6,000,000 and are also able to provide proof of employer liability insurance. We advise that contractors working on normal structures should have liability cover up to €2,000,000 and are also able to provide proof of employer liability insurance.

For further information regarding insurance, please contact Adrien Boulongne: [a.boulongne@closerstillmedia.com](mailto:a.boulongne@closerstillmedia.com)

## Maintenance

Maintenance work on stands must be carried out the evening prior to open, or once the show closes. No maintenance will be permitted during the open hours.

Exhibitors must ensure that any staff responsible for delivery and the set-up of their own stand items possesses the correct maintenance equipment and tools required. Maintenance can only be carried out before or after show open / close.

No equipment can be borrowed from the Organisers.

# GENERAL INFORMATION

## Pillars

If you wish to obtain the exact measurements of columns, please contact [techparisops@closerstillmedia.com](mailto:techparisops@closerstillmedia.com)

## Samples

Please contact [techparisops@closerstillmedia.com](mailto:techparisops@closerstillmedia.com) if you are planning on having food or beverage samples on your stand.

## Stand construction and installation conditions

Shell scheme stands will be available to exhibitors on Tuesday 15 November at 2pm. Any material delivered before this date will be refused (unless pre-arranged with GES). Special arrangements and decoration of stands for exhibitors must be completed by 8pm on Tuesday 15 November.

**Please note: It is forbidden to nail, screw or stick anything to the shell scheme framework other than using double-sided tape, picture rails (rods and hooks belonging to the framework), wire or any other means that will not damage the panels or framework.**

- Any drilling to affix machines, balance and wind-proof equipment on slab floors, terraces as well as any other part of the building are prohibited
- Electrical and Internet connections will be available on Tuesday 15 November
- Any damage will be charged to the exhibitor
- For security reasons, there is no room reserved for the storage of packaging in the exhibition hall. Exhibitors must take care of the removal of waste/materials before the opening of the event.

## Storage and On-site Handling

There are no storage facilities at the Venue and any company requiring this facility should contact the official supplier GES. You are also advised that fire regulations prohibit the storage of empty crates, packing materials and exhibits behind stands.

## Waste

You are required to remove all stand-fitting material and waste generated at the end of breakdown. Any rubbish left in the hall will be skipped by the Cleaning Department and a charge of €500 per skip load will be charged to the relevant exhibitor. We will be taking digital photos of each area as proof and an invoice will be sent to you after the event.

# FREQUENTLY ASKED QUESTIONS

## BADGE

### How do I order my exhibitors badges?

You can order your badges via the link below prior to the show:

[www.datacentreworld.fr/espace-exposant](http://www.datacentreworld.fr/espace-exposant)

Once your order is completed, a code will be sent to each registered email address. This code will allow you to collect the badges at the registration area the day before the opening of the show (in the afternoon) and the morning before the opening.

Badges are not sent by post.

### What should I do if I have to collect all my team badges myself?

Only give your email address when you order the badges via the link provided. The codes will then be sent to you only.

## ELECTRICITY/LIGHTING

### Who should I order my electric box with?

Service Expositant Viparis by phone +33 (0) 1 40 68 16 16 or by email [contact@e-viparisstore.com](mailto:contact@e-viparisstore.com)

### Who should I order the spotlights with?

GL Events

Should you use the following items: computers, a refrigerator, a screen, spots, a coffee maker etc., please contact ViParis.

### What is the difference between intermittent electric box and permanent electric box?

With an intermittent electric box you will only have electricity during the day at the time of the show. With a permanent box, you will have electricity from build-up to breakdown without night break. An intermittent electric box is the solution advised by the Organisers.

## DELIVERIES

### During the build-up, what happens if I cannot be present on my stand during a delivery?

The Organisers do not take responsibility of signing for a delivery in your absence. However you can arrange in advance for GES to accept on your behalf.

### Is my stand (space or shell scheme) guarded at night?

NO. Security guards are present during the night to monitor the hall, but no stand is monitored individually. It is the responsibility of the exhibitor to supervise their own stand if it contains valuable material. We recommend you contact our official security partner, Guard Events to arrange. Contacts can be found on page 5.

# FREQUENTLY ASKED QUESTIONS

## SHELL SCHEME STAND

### Is electricity included in my shell scheme stand?

No, a shell scheme stand only includes carpeting, walling/panels and a nameboard number with your stand number and the name of your company. NOT INCLUDED: electrical box, light spots, furniture

### I have a shell scheme stand, I want to change colour carpet is it possible?

Yes but with a charge. You can contact GL Events.

### I have a shell scheme stand, what is the size of the walls?

Exact dimensions page 14 of this guide.

### Can I put communication on the walls of my shell scheme stand?

The walls are fragile, you can only use sensitive surfaces scotch tape. Please be aware that if the walls are damaged at the end of the show, a surplus will be invoiced by GL Events.

## FURNITURE

### I need some furniture, who do I contact?

You will need to contact GL Events.

## BUILD-UP

### When I arrive on site for the build-up, do I need a badge to enter the hall?

No, a wristband will be given to you by security upon entry to the hall.

### If I need to order services on site during the build-up is it possible?

Yes, you can always order furniture, an electric box or spots but the prices will be higher on site and availability especially for the furniture is not guaranteed. An exhibitor counter desk will be provided for this purpose at the entrance of the Commissariat General all day Tuesday, 15 November and the morning of Wednesday, 16 November.

## COLUMNS / PILLARS

### I have a pillar on my stand, what are the rules to follow?

Each pillar has different dimensions, please contact Sophie and Marcos, [techparisops@closerstillmedia.com](mailto:techparisops@closerstillmedia.com) so they can inform you of the dimensions of your pillar. Some have direct access to the Fire Taps which must be left unobstructed and therefore not covered.

## PARIS TECH - HEALTH & SAFETY DECLARATION

Must be completed by ALL Exhibitors before 13<sup>th</sup> of October 2022 and sent to  
[techparisops@closerstillmedia.com](mailto:techparisops@closerstillmedia.com)

URGENT - FAILURE TO COMPLETE THIS DECLARATION WILL RESULT IN REFUSAL TO EXHIBIT

Every exhibitor, contractor, supplier and agent must comply with the Health & Safety at Work Act, etc, 1974 and its subordinate legislation. Every exhibitor accepts that it is their legal and moral responsibility to ensure that their own and others' health and safety are not put at risk by their actions (or in-actions) throughout the tenancy. It is also the responsibility of the exhibitor to ensure that their appointed contractors are aware of the Health & Safety issues applicable to this exhibition.

Please note that Exhibitor insurance policies do not cover stand contractors and any consequent sub-contractors, and as such contractors are now required to submit proof that they have adequate insurance cover. It is the Exhibitor's responsibility to ensure that any appointed contractors and agents have the relevant documentation.

We recommend that contractors erecting complex structures should have a minimum of £5 million public liability and also must be able to provide proof of Employer Liability insurance. Contractors erecting standard structures should have a minimum of £2 million public liability and must be able to provide proof of Employer Liability Insurance. For further information on what constitutes a complex structure please read the standfitting regulations in full.

All certificates must be submitted with the stand plans for a full compliance notice to be issued.

All exhibitors must complete a Risk Assessment (RA) for the exhibition, which covers the activities taking place on the stand during the open period of the event. This does not need to be sent to us, although you must be able to produce it on site if called upon to do so. Failure to produce a Risk Assessment on request will result in all affected activity ceasing until a Risk Assessment has been completed to the satisfaction of the Organiser.

However, if you have booked a Space Only Site, whoever is building the stand - either you or a contractor - will need to submit a detailed RA to cover the build and breakdown, together with a Method Statement, when submitting the stand drawings for approval.
