Electrical Guidance

Position of Power Ducts

Power duct(s) are below the venue floor. In the absence of a raised 40mm floor the location of these ducts will determine the layout of appliances which require power

- Mains Supplies originate from Power Ducts below the venue floor
- Duct Access Trap 1000mm long (1m) x 300mm wide (0.3m)
- Ducts specified for use must be 100% on the stand space booked

To obtain your stand plan showing duct positions E: info@moyne.co.uk

Power Distribution: Duct To Stand Floor - Mains Supplies

Distribution from the duct to the venue floor includes:

- Mains Power Cable 32mm in diameter. Where possible flat cables will be supplied however, this is at the discretion of the venue and cannot be guaranteed.
- Mains Box measuring 27cm wide x 37cm long x 19cm deep.
- RCD Box to facilitate socket distribution and act as additional protection.
- It is the responsibility of the exhibitor to ensure that Mains Boxes and Cables do not create a trip hazard, are not accessible to the public, but are accessible should electricians need to access them. We advise positioning a counter or storeroom over Cables and Boxes.
- Under no circumstances can mains supplies or socket distribution be tampered with, made inaccessible or dropped into the duct cavity.
- Cables CANNOT be distributed under carpet or floorcoverings
- Cables CANNOT be distributed under 18mm raised floors

Socket / Power Distribution Regulations

- Maximum 4 Way (4 sockets) with a cable length not exceeding 2 metres.
- 1 x Extension Lead per power socket ordered. 'Daisy Chaining' (extension lead to extension lead) is not permitted
- Total wattage of appliances plugged into the Extension Lead should not exceed the socket power size ordered
- Extension Lead cables must not create a trip hazard.

Socket Distribution From Mains Power Box Without a 40mm Raised Floor

- Shell Scheme Stands have power distributed to stand back & side walls.
- Should power be required to the front of the stand power can be distributed down the front corner fascia support pole.
- Bespoke Counters which provide side and counter top access points for cables are a useful solution.

Example Positioning Socket Order - No 40mm Raised Floor

- The absence of a raised floor will restrict the distribution of cables and sockets to multiple points on the stand space. If a raised floor is not an option we advise that the stand, and appliances requiring power, are designed around the power duct position. For shell scheme stands best position is against a stand wall.

Socket Distribution From Mains Power Box With a 40mm Raised Floor

40mm Raised Floors allow for the Mains Power Cable, Mains Box and Sockets to be positioned anywhere on the stand space. Cabling will be distributed under the raised floor..

Example Positioning Socket Order – With 40mm Raised Floor

- **M** indicates the position of the Mains Box. Having this position enables us to order the required length of mains cable and avoids waiting time onsite to increase the cable length.
- Indicate that a 40mm Raised Floor is being installed on the Stand Layout Plan. This information assists us in distributing power to other stands on the block that may not have a raised floor.

See Moyne Express Order Form for 40mm Floor Packages

Calculate the Size (Amps / Watts) of Sockets

Sockets are provided in the following power ratings:

500 watts (2 amps)
1000 watts (4 amps)
2000 watts (8amps)
3000 watts (12amps)

- The size of power socket required for your appliance can be obtained from the manufacturer or via the appliance rating plate.
- Where multiple appliances are being plugged into one socket via an Extension Lead you require the combined power usage of ALL appliances.

Please submit this Order Form for processing 24 hours in advance of calling with card details. We are unable to schedule calls to collect card details. Please avoid sending forms / card details in password protected encrypted emails.

Data Protection: We do not store or print your order payment details. Upon generation of the VAT invoice all order forms are deleted from our system.

What Happens Next?

Card Payment

Your order will be processed and an itemised VAT invoice issued. The VAT invoice is your confirmation that your order has been successfully placed and payment has been successfully completed using the card details provided.

Bank Transfer

Your order will be processed and an itemised Pro Forma invoice, containing our bank details issued. Once payment has been received a VAT invoice will be issued. The VAT invoice is your confirmation that your order has been successfully placed and payment has been received. Please ensure bank transfers are made prior to any deadlines.

Payment Information

• 100% remittance is required with all orders

• Payment must be received, for items where an Early Booking Rate is specified (Electrical Services & Banners) by 5pm on the date the Early Booking Rate expires. Should payment not be received by the deadline the order will be cancelled and reissued at the higher Standard Rate.

• Exhibitors who require Moyne to register as a Supplier or raise internal Pro Forma requests should leave a minimum of 3 working days for this process to be completed prior to any deadlines.

• Deadlines for order confirmation and payment are issued to ensure sufficient time to fulfil the order. Should payment deadlines be missed Moyne cannot guarantee that the order will be fulfilled.

• 20% surcharges are applicable to electrical and furniture items ordered onsite. To avoid surcharges please pre book these items

Electrical & Standfitting Example Positioning Diagram

Positioning Diagram Guidance

- Using the example diagram and notes provided below, on the following page provide a positioning diagram of your stand space
- Your layout plan should be completed (hand drawn is fine) scanned or photographed and returned to us together with your Order Form.
- Positioning of furniture items is not required. Furniture is delivered to the stand but not set out. We advise that your diagram is used to ensure your planning allows for furniture within the stand space. Remember to factor in people space!
- Heavy items such as Bespoke Counters, due to weight, will be positioned on your behalf so please provide required positioning. If at any time you require assistance moving our hired items onsite please go to the Moyne Service Desk.
- Take into consideration that power cables are not permitted to run across stand floor space. Appliances requiring power are best positioned against stand walls. Read our [Electrical Guidance](#)
- To request a copy of the latest floorplan email info@moyne.co.uk
- Remember to take a copy of your plan to the show

Important Installation Information

- Electrical supplies, graphics and standfitting items are installed **prior to your arrival at the show**. It is therefore essential that the correct positioning is provided. Charges apply for moving items onsite.
- To avoid damage to products i.e. graphics and standfittings items, it may not be possible to reinstall items if incorrect or no positioning has been provided.

Scale of Charges For Repositioning Items Onsite: (Payable in advance via the Moyne Service Desk)

- Electrical Sockets & Light Fittings: £27.00 + VAT per item reinstalled
- Standfitting Items i.e. shelves. hanging rails, store rooms: £30.00 + VAT per item reinstalled

Example Stand Layout Plan

Example Stand Configuration: 4m x 3m Stand = 12m2 With 2 Open Sides With 2m x 1m Store Room

Example Stand Orders

- G1 – G6 = 6 x Foamex Graphics Panels
- G7 – Counter Front Graphic
- G8 & G9 – Counter Side Graphics
- G10 Storeroom Door Graphics Package
- Bespoke Counter 2m x 0,5m
- Store Room 2m Wide x 1m Deep – With Door to the End
- 3 x 1m Sloping Shelves
- 2 x Light Tracks inc 3 x Spotlights
- 1 x 500w 24hr Socket (Fridge)
- 1 x 500w Socket (TV) at height
- 1 x 1000w Socket – installed to front fascia support pole. Access hole cut to counter side to plug in under counter extension lead
- 3 x Flat Display Shelves
- 1 x TV Panel for TV
- 1 x 46" TV
- 18mm Raised Floor Red Cord Carpet

Further Guidance

- To avoid confusion please avoid noting anything on your plan that has not been ordered via Moyne
- Provide notes where necessary. More information is better than too little information!

The diagram illustrates a 4m x 3m stand layout. The back wall is 4m long and the side wall is 3m long. The stand is divided into a main display area and a 2m x 1m store room at the back. The main display area features a 18mm raised floor with red carpet. The store room has a door and a TV panel (G4). The main display area includes a bespoke counter (2m x 0.5m) with a 1000w socket (G9) and a 500w socket (G8). The counter is flanked by graphics panels G7 and G9. The back wall has a fridge (500w 24hr) with a 500w socket (G5) and a 500w socket (G10) to the top of the panel. The side wall has a 3x sloping shelves end wall panel (G6) and a 3x flat shelves to end wall panel (G1, G2, G3). The shelves are 1000mm, 1300mm, and 1600mm high. A gangway is shown at the bottom of the stand. A position of access point in the counter top to feed cable to socket below is indicated.

3 x Sloping Shelves End Wall Panel
Height From Floor:
Shelf One 1000mm
Shelf Two 1300mm
Shelf Three 1600mm
(Installed over G6 graphics panel)

3 x Flat Shelves to End Wall Panel
Height From Floor:
Shelf One 1000mm
Shelf Two 1300mm
Shelf Three 1600mm (Installed over G1 graphics panel)

Position of access point in counter top to feed cable to socket below

Terms & Conditions of Sale

1a. In placing a client order with Moyne Live Limited (Moyne) the client accepts, with no reservations, that these Terms & Conditions of business take the place of any other document, prior written or oral; agreement, as well as the client's terms & conditions of purchase or hire.

1b. Moyne's Terms & Conditions of business can only be amended in writing.

1c. The contract will be interpreted and applied in accordance with English Law and the parties to the contract agree to submit to the exclusive jurisdiction of the English Courts.

2a. Except where stated, Moyne's Terms & Conditions of business for the placing of client's orders, their variation and cancellation, will apply to pre payment order forms, site orders and electronic sales orders.

2b. In the event that you cancel an order, even if only advised orally, you will be liable for any work put in hand in order to meet the timescales necessary to complete work to the deadlines of the event for which the work is intended.

2c. Acceptance of a client order will be conditional on timing and on stock availability. Moyne reserves the right to supply in lieu and in place of the equipment ordered, any similar equipment fit for the general purpose of the required items of equipment or service.

2d. In the event of cancellation of a client order by a client, the client will pay to Moyne the labour and material costs of any work undertaken by Moyne in order to fulfill the client order, at Moyne's fully costed rates.

2e. In the event that a client order is cancelled 14 working days prior to build up of event they will be entitled to a 100% refund less administrative costs.

2f. In the event that a client order is cancelled less than 14 working days prior to build the client will be charged 100%. CeeForm supplies variation see form

2g. If for any reason the exhibitor withdraws from the exhibition or the exhibition is cancelled or postponed less than 14 working days prior to build up of show the client will be charged 100%. * Bespoke items separate terms

2h. Any client order placed on site will be charged at the surcharged price as detailed in the exhibitor manual or as detailed on any prepayment order form.

3a. All prices are exclusive of VAT.

3b. Where a client wishes to amend a client order after work has started on site, the client will be charged in accordance with the terms set out below, for changed client orders. Moyne will only proceed to make any change after a on site order has been signed by the client's representative.

4a. It is the duty of the hirer to provide at such event or exhibition, a duly authorized representative to accept the furnishings and to give written receipt. If the hirer fails to provide for this, he will not be permitted to dispute subsequently the facts of the delivery and be deemed to have accepted the delivery and these conditions.

4b. In the event of non delivery or if the client is not satisfied that the goods or services that have been ordered are delivered in conformity to the Quotation then a member of the Moyne site team must be notified before the open period of the event. If the client is not satisfied with the remedial action taken by Moyne, the matter should be addressed with the senior member of the Moyne site team.

4c. In the event of a dispute that cannot be resolved on site, the client will submit their complaint in writing to Moyne within seven days of the opening of the event. Moyne will consider the complaint and respond to the client within 10 working days.

4d. No complaint will be addressed unless it has been brought to the attention of Moyne's team on site before the open period of the event and a docket has been provided by the Service Desk detailing the complaint before the open period of the event.

4e. If, after return, apparently malfunctioning products are found by Moyne to be to specification and fully operational, then the client will be charged for Moyne's costs in recovering and replacing the item with all costs calculated at the Moyne fully costed rate.

4f. Once the contract is complete, the client will not be able to claim "force majeure" or an act of God against Moyne, as Moyne will be considered to have performed its contractual obligations.

This extract of Moyne's Terms of Business summarises the principal matters relating to the provision of shell scheme fittings, electrical services, furniture hire, floor coverings and custom build stands. At all times Moyne Live Limited's full Terms of Business will apply and this extract is for the client's convenience. A copy of the full Terms can be obtained by calling our offices.

Moyne Live Limited may on occasion sub contract services from a third party supplier. In the event of any dispute Moyne Live Limited will be responsible under the terms and conditions provided above for managing the dispute process and where required providing a refund. Please note the following which is applicable to all items purchased or hired from Moyne:

Refund

Issues with regard to product delivery, product installation or any other factor that means that there is less than 100% satisfaction with the product(s) supplied **MUST** be brought to the attention of the Moyne Service Desk staff or Moyne Show Manager **PRIOR TO THE OPENING OF THE SHOW**. Moyne will not consider requests for compensation after the show without a record of the issue being addressed before show opening.

5. Our quoted prices are based on the current costs of materials and labour. We reserve the right to pass on any increase in same, which occur prior to the completion of any work.

6. We do not accept liability for damage to property or goods caused as a result of equipment not provided by Moyne but sourced from a third party.

7. We do not exclude our liability in respect of death or personal injury resulting from negligence by ourselves (but not subcontractors, if any).

8. We do not exclude our liability for loss or damage to exhibits or property of the customer where it has been caused by our negligence, provided that a claim is made within 14 days of the problem being brought to our attention.

9. We reserve the right to charge the customer for any additional costs incurred by works carried out in accordance with a request from any health or safety organisation.

PAYMENT

10a. Unless otherwise agreed, all client orders for items ordered from pre payment forms must be accompanied by full payment.

b. In the event of non payment within the terms detailed on our order form Moyne reserve the right to withhold the goods or services that have been ordered.

c. In the event of late payment, with reference to the terms detailed on Moyne's order form, Moyne reserves the right to charge interest of 3% p.a. over the NATWEST base rate until paid.

11. Save as expressly provided in all these Terms & Conditions, the client shall indemnify Moyne against all actions, claims and demands whatsoever arising from any loss or damage of whatsoever nature suffered by any party as a result of its conduct in completing the contract or complying with any event or site conditions.

12. The client will be responsible for the safety of Moyne's property throughout the duration of the event and will be responsible for any damage for Moyne's property caused by the actions of the client or its customers.

13. Moyne provides all goods, including complete stand structures on hire only and the client undertakes:

a. To use the equipment in accordance with its usual purpose, to do nothing nor allow anything to be done that could lead to its damage or its disappearance, to give it the normal maintenance required, to keep it and to return it in good working order and clean, and to respect Moyne's particular recommendations, specific advice for use, and appropriate warnings which it acknowledges having read notably in these Terms & Conditions, the specifications sheets, and/or the documents that were handed over to it on delivery.

b. Not to carry out any modification or repair to Moyne's property, however small.

c. Not to nail, apply adhesive or paint, or damage Moyne's property in any way without Moyne's agreement or the express permission as set out in the exhibitor manual for the event.

d. To allow any of Moyne's representatives or persons authorized by the latter, unrestricted access to the equipment installed for the purposes of maintenance and to take any necessary steps to make their mission easier.

e. To return goods to Moyne free of any object.

f. To be responsible for any electrical item connected to a socket or mains connections installed by Moyne and to accept full responsibility and all consequential costs resulting from the connection of a faulty or inappropriate electrical item connected to a socket or mains connection installed by Moyne.

g. To pay Moyne the cost of repair or replacement (as appropriate) for any item damaged whilst in the care of the client however caused.

14. All goods, materials, plant or machinery supplied by Moyne, shall be on hire unless otherwise stated. The period of hire will be the duration of the event unless otherwise stated. Moyne shall enter the site to collect and to remove its property as soon as permitted after the end of the open period.

Provision of Electrical Services Terms & Conditions

- Moyne are the appointed Official Electrical Contractor for this event
- Moyne are the sole point of contact for placing electrical orders and payment for electrical orders.
- Moyne will submit, to the event Organisers, the required Health & Safety documentation and Insurance for the event electrical installation.
- All installations are made in accordance with eGuide Regulations and IEE Wiring Regulations 17th Edition.
- The Electrical Supply is of a Temporary Nature.
- Electrical Fittings are provided on three tariffs, Early Booking, Standard & Site, with specified deadlines. These tariffs correspond with deadlines and surcharges made by the venue for the submission of our phased stand power orders. For this reason the deadlines and tariffs set out in our Order Forms are non negotiable irrespective of when an exhibitor has booked into the exhibition.
- Every effort will be made to provide uninterrupted power supply. However no liability will be accepted by Moyne for consequential loss or damage due to power failure.
- Completion of an Electrical Order Form or Organiser's order does not bind Moyne to provide a supply.
- Computer equipment or computer programmed equipment may be affected by voltage variations / fluctuations / spikes. Moyne is not liable for any damage to electronic or computer failure / damage.
- Wiring of exhibitor's electrical fittings is not included in the power supply charge. Our engineers may be able to undertake these works subject to a separate cost and pre payment. Wiring services are at the discretion of the show Electrical Foreman and no liability can be accepted by Moyne for subsequent operational issues or damage. We advise that all equipment is brought to the event tested and in working order.
- There shall be no interference with the electrical installation once supplied. Only Moyne's electricians are authorised to manage electrical installations.
- Structural metallic parts which are accessible from within the stand, vehicle, wagon, caravan, or container shall be connected through the main protective bonding conductors to the main earth terminal within the unit. This applies to any hanging rig or structure whether out of reach or not. The minimum size conductor used is 6mm, as per the eGuide. Moyne can provide protective equipotential bonding at a charge of £55.00 + vat per item installation.
- Space Only Stand Contractors undertaking their own wiring must complete a certificate for this work. The wiring must conform to BS7671: 2008 IEE Wiring Regulation 17th Edition Part 7 Special Installations and Locations, 705,711, 717. Electrical Test and Completion Certificates must be issued prior to energizing the supply. The installation shall be confined to the Trade Stand / Space where each supply is terminated.
- Moyne will provide open hours standby for sockets & light fittings ordered via Moyne. Standby services are not provided for exhibitors own light fittings or electrical wiring undertaken by independent contractors.
- Moyne open period Standby Electricians are contactable via the show Organisers Office or via the Moyne offsite office t: +44 (0) 208 997 8596.
- During the open period, power will be switched on and off daily; this is usually half an hour before and after the exhibition opens and closes respectively, any additional time will be charged accordingly.
- 24 hour power supplies will be switched off half an hour before the start of an exhibition and off at the close of the last day of the exhibition open period.
- Moyne cannot accept responsibility for loss of 24 hour power.
- Lighting is not allowed on a 24 hour main supply.
- If exhibitors are ordering a socket so as to be able to supply their own lighting arrangement's, then in accordance with the regulations, the maximum power rating of any single lighting circuit is 1000W (1kW), so if, for example, they have 3kW of lighting on their stand, they would need to order 3 x 1kW sockets for this arrangement.
- Moyne will provide advice on power usage however it is ultimately the responsibility of the exhibitor to ensure that power usage is calculated correctly and the correct size of socket is ordered. Moyne are not liable for any power upgrades required.
- Any electrical appliance connected to a socket must have been tested by a competent person before it is plugged in and energised. The responsibility for ensuring this testing is carried out is that of the person, or persons, responsible for bringing the equipment to the exhibition hall. Moyne provide a PAT test on site at £20.00 + vat per item tested. This can be booked via the Moyne Service Desk in the exhibition hall.
- Equipment or appliances connected to power socket outlets must be safe, in good condition and designed for purpose only.
- Temporary Supplies, whether 13 amp socket outlet or main supply, will only be used for the following: 1. Charging of battery-powered tools, saws, working lights and similar. 2. Testing of single items on the floor that have not been installed or are part of an installation such as a light fitting, iron, Hoover, etc. Any item with a plug top must have a valid PAT certificate. Any temporary supply ordered will be taken out or de-energised before the event opens. To order Temporary Supplies please contact us.
- Temporary supplies MUST NOT BE USED for the following: to power installed electrical systems or part systems on a stand or rig. to power a stands own fuse board. a water boiler or kettle.
- Timings - We do not provide a specific time for power to be live on exhibitor's stands. Moyne will endeavour to have shell scheme electrical fittings installed at the time of exhibitor access, however the power supply going live to shell scheme blocks and space only stands is subject to all installations being completed in the block (shell and space) and subsequent testing and energisation of the power supply to each mains power supply by the venue.
- Charges apply for the movement of electrical sockets and light fittings that have not submitted a positioning instruction or for amended positioning. Payment should be made in advance of work commencing via the Moyne Service Desk.
- Charges apply for the movement of mains supplies and any electrical fittings that have been connected to the supply. Mains supplies will be moved only when Moyne deem that it is necessary and viable to do so. Payment must be made in advance via the Moyne Service Desk.
- Extension lead to extension lead (daisy chaining) is not permitted. Extension leads must conform to regulations of maximum 4 way with 2m cable. Reel / Drum extension leads are not permitted. Only one suitable 13 amp rated multi way socket (extension lead) with a maximum of 2 meter flexible cable shall be connected to a power socket outlet.
- Cables are not permitted to run under floorcoverings or 18mm raised floors.
- Moyne are not permitted to make electrical installations or have ladders on the show floor once the event has opened. To allow for sufficient time to install new orders on opening morning the Moyne Service Desk will close for new order payment 30 minutes prior to show opening. Should the exhibitor require the order after this time it will be installed after the show has closed (end of Day One).
- Moyne reserve the right to terminate power to any stand deemed to be unsafe.
- Failure to comply with the above conditions may, at Moyne's discretion, cause the supply of electricity to be withdrawn.

For further clarification relating to the installation of electrical services and regulations in force for this show please read the eGuide:
