DENTAL NURSES

TECHNICIANS & CDTs

Here for you

Anne Marie Jones, Healthcare Director at RBS welcomes you to visit Stand E65

Demand in the dental sector is high with patients becoming more aware of the need for regular dental care as well as aesthetic treatments, along with the rise in private dental practices. This leads to increased turnover and offers a great opportunity for dental operators to maximise this by setting up their own dental practice or growing an existing one.

Whatever your business size and requirements, approaching the bank to support your plans can be a little daunting. However, despite the perceived difficulties in obtaining funding, many organisations are still keen to lend to the dental sector. At RBS we encourage those with a good business plan, supported by a strong management team that is addressing the needs of the market to come talk to us. Our Relationship Team at the show are experienced in helping Associates plan to purchase their first practice and help Practitioners understand how to 'Prepare to Practice'. Visit our stand for your copy of our First Time Buyers Guide.

In a period of rising goodwill values and increases in staff and practice costs we have experienced some consolidation within the sector leading to increased corporate activity and the opportunity for an emergence of competing mini corporates. If you are an established practitioner looking to purchase further practices, there are options available to you.

It is important to ensure that your banking matches the needs of your practice. We can help create a bespoke solution to meet a variety of support scenarios including freehold purchases, specialist equipment, practice and practitioner partnerships and goodwill purchases. For an informal chat on your needs please come and talk to us.

You can find us on stand E65 where our team of Relationship Managers will be keen to discuss your requirements and understand your business needs.

Welcome to The Dentistry Show Products & Services Guide 2015

The Dentistry Show has now been running for nine years, and in that time it has grown from a single-stream conference for dentists looking to broaden their aesthetic skill-set into a multi-disciplinary clinical and business conference, and major trade exhibition, catering for the whole dental team.

With over 400 companies, The Dentistry Show 2015 will be the largest and most diverse assembly of trade suppliers, service providers and professional organisations available to dental professionals at any UK event. Each and every exhibitor will have a new product, new idea or specialist advice while many will be showcasing the latest dental equipment or materials, the best offers and support services to help you and your team run a smarter, more efficient, and profitable dental business.

At Dentistry Show 2015 there are already over 100 exhibitors that were not with us in 2014, so if you think you saw it all at the 2014 show, then think again. New suppliers are highlighted on page 10 and 11 - please make sure you visit them and see what they have to offer, they may just have the solution you've been looking for!

Across the trade floor you will find manufacturers from around the world who are looking for a UK agent, distributor or wholesaler to help them take their product to market. If you offer these services to international companies then, again, please make the time to find out what they're looking to introduce to the UK profession.

The Dentistry Show's success and expansion is down to thousands of proactive, passionate practice owners, dentists, DCPs, technicians, distributors and wholesalers, like you, utilising the event to meet the trade. Your support has created a marketplace for suppliers to showcase their portfolio of products and, in turn, from their support and investment we are able to improve and enhance the delegate experience each year by offering a more enriched clinical and business education programme for the profession, for FREE.

The list of professional organisations that support The Dentistry Show is growing every year; some will be located on the 'Professional Hub' and others are spread around the exhibition floor. These membership bodies and regulatory organisations provide exceptional support to dental professionals, so please visit those relevant to you and find out how they can support your dental career and business.

We are delighted be working with Purple Media Solutions to host the prestigious Dental Awards 2015. The Awards will be held on the first night of the Show (Friday 17th April), it will be an evening that recognises and celebrates the many achievements of both individuals and groups in the industry. See page 31 for details on how to book your tickets.

This will be the biggest and, hopefully, best Dentistry Show yet – I hope you can make it. Register for your FREE place if you haven't already done so by visiting: www.thedentistryshow.co.uk/psguide or call 020 7348 5776.

Kind regards,

Alex Harden
Event Manager
dentistry@closerstillmedia.com

Dental Trade Network

Dental Trade Network is a new initiative which will bring together the UK's Premier Dental supply companies, each having earned an enviable reputation for being the best provider in its chosen field.

Dental Trade Network will be utilising its vast collective knowledge and know how to provide the end user with a comprehensive nationwide service solution and the ability to use its group buying power to provide the Dentist with unique discounts, offers and savings on the UK's most favoured brands.

Dental Trade Network will be launching in the Spring of 2015.

VISIT US AT STAND B30

Smile Imaging

New updated Whitening procedure makes our software the fastest and easiest on the market enabling patients to see how their appearance could look within a minute!

The resulting financial impact is impressive. We are offering a 30 day FREE in surgery trial of the software at the show along with a FREE cannon printer and camera for purchasers.

Showing images of whitening, veneers, orthodontics, implants, bonding and facial aesthetics, enables the patient to visualise the treatments, improving patient communication and understanding, leading to a guaranteed increase in case acceptance, and profitability.

HR Dept

Do you always know how to deal with employment or HR issues? Could you do with a helping hand from a professional HR support service?

Employment law is complex – coping on your own brings significant risk. You don't want to break the law or face expensive tribunals, but few businesses can afford a full-time HR professional.

The HR Dept (www.hrdept.co.uk) provides you with a local, personal and professional HR service, without breaking the bank. Whatever the issue we would love to help. As well as unlimited advice via the retained service, clients also enjoy the protection of tribunal insurance and on-site support, when needed.

A FREE review of existing contracts of employment and handbooks is available to exhibitors at The Dentistry Show 2015.

To claim your FREE review or to find out more about how The HR Dept can help your business, telephone 0845 204 1122 or e-mail tracey@hrdept.co.uk.

Evident Evident ...it's all about quality

ExamVision Icon Frame

ExamVision recently introduced the stylish ICON to complement their current selection of fashionable yet ergonomic frames. The ICON frame is compatible with all the ExamVision HD and Kepler loupes.

BQE Back Up Stools

Evidents passion for providing the highest quality products also extends to posture. They are now the provider of the Back Up stools, available in 3 versions, within the UK. These ergonomic stools are designed in such a way that it is easy to adopt a better seated posture while working. The Back Up facilitates a healthy sitting position by ensuring that an open angle between the upper legs and back is maintained to ensure a slight hollow curvature of the spine. An elegant adjustable back support prevents the backward rounding of the spine. The stool is available with and without arm rests. Improve your posture and increase your productivity by using the Back Up.

VISIT US AT STAND P75

Chiral Systems

chiralsystems
practice management software

One simple, flexible and intuitive practice management solution that runs both on a Mac and Windows.

Initially designed for the high-end private practice, the system has

recently been certified for NHS EDI claim submissions and orthodontic assessments. Driven by the idea of providing one complete software package that delivers practical and tangible benefits to all users, Chiral Systems is a one-stop solution that is flexible enough to handle even the most unusual work types, having been intuitively designed to work just the way you do.

Unlike similar systems in this sector, which are delivered with a core package and a list of optional, additional chargeable functions, Chiral Systems has no hidden costs or chargeable add-on modules, having even developed their own SMS gateway, offering low cost fixed rate SMS packages tailored to the practice needs. Chiral are soon to release their telephony integration package which will improve on patient communication and reduce telecom costs significantly.

VISIT US AT STAND H25

JUST Dental Marketing

JUST Dental Marketing is a full service design and web agency with extensive experience of best practice marketing in the dental industry. We

help dental professionals embrace technological changes and build their profiles through a broad range of marketing channels. VISIT US AT STAND H02

Sps Dental

SPS Dental have been providing Practices with the highest calibre of Equipment and Services for over 40 years.

We have a formidable reputation for our abilities to provide the Practice with stunning new surgeries and a reliable, fast reacting service centre.

We take pride in the fact we offer something different to other Equipment providers. We do not employ sales people, and NO employee is on any form of commission! The end result being our clients get True, Honest, Impartial advice on what equipment best suits their needs.

The majority of our work comes from our reputation, combined with a vast amount of referrals.

We only work with the very best products, which helps to ensure our fully trained staff are the very best, which is what existing SPS customers have come to rely on.

Please contact us to ensure you too are getting the very best service you and your practice deserves.

VISIT US AT STAND B30

Dermapen

Dermapen™ is the original and best skin needling device that promotes scar less healing and natural collagen reproduction, similar to fractional laser treatments, IPL, laser resurfacing, and chemical peels, but without the side effects and downtime.

Dermapen™ treatment is safer and more effective in piercing the skin than traditional skin needling rollers, because of its unique vertical needling technology. Dermapen™ has a superior effect on collagen and elastin rejuvenation as it allows active ingredients to be supplied to the deeper layers of the skin.

Dermapen™ is a solution for various skin conditions that clients might seek treatment for including wrinkles, fine lines, acne scarring stretch marks as well as skin tightening and skin rejuvenation.

VISIT US AT STAND C52

Align Technology

Align Technology is a global medical device company that pioneered the invisible orthodontics market with the introduction of the Invisalign

system in 1999. Today, we develop innovative, technology-rich products such as Invisalign aligner treatments, iTero® intra-oral scanners, and OrthoCAD digital services to help dental professionals achieve the clinical results they expect and deliver effective, cutting-edge dental options to their patients

Invisalign, the clear aligner system, allows anyone to contemplate orthodontic treatment when visible forms of correction are unacceptable, making it feasible to have teeth straightened without anyone knowing. 2.8 million people – including many with complex misalignments - have had their teeth straightened unobtrusively, making Invisalign a clinical game changer and design classic.

Come to and visit us at stand N62 to find out about our recent innovations and learn more.

VISIT US AT STAND N62

TePe Oral Hygiene Products Ltd

TePe offer an extensive range of specialist oral hygiene products that tailors to the needs of patients as individuals - we understand that 'one size does not fit all' and that one method does not suit all. This is why we always have a team of practicing dental hygienists and therapists to talk to you on stand, to share their expertise and opinions about the use and clinical benefits of using a full range of oral hygiene products. Come and meet the team on A70 for a chat and some samples that will help you tailor your oral hygiene advice in dental practice.

The Mouth Cancer Foundation is committed to raising awareness of mouth cancer.

Through its award-winning Mouth Cancer Screening Accreditation

Scheme, it is successfully raising awareness amongst both patients and dental practices by calling every dental practice in the UK to be carrying out a thorough head and neck examination as part of regular check-ups.

The scheme is a 'Two minutes to save a life' screening protocol that every dentist should be able to include in their routine examinations in order to increase early detection rates and save lives.

Full membership includes access to a dedicated section of the charity website and FREE 1 hour CPD element as well as a wealth of professional development and training modules suitable for all members of the practice team to ensure regular screening benefits practice patients.

Entrepreneurs Circle

The Entrepreneurs Circle is UKs largest membership organisation dedicated to helping businesses grow.

As a practice manager, if you've got a half decent business, and you're half-way switched on, we believe that your dental practise can become really successful.

At the Entrepreneurs Circle, our aim is to help hundreds more businesses including Dental Practices to achieve success, whatever that means to you. With our team of highly skilled marketers and local business coaches, we can guide, mentor, train and support you to grow your business.

So if you're serious about growing your business, head over to our stand (870) and pick up our free Entrepreneur pack to kick-start your journey and discuss with a member of our team on how to "get and keep" more patients!

Sensodyne[®] with NovaMin[®]

Advanced technology for your patients
with dentine hypersensitivity

Clinically proven sensitivity relief

NovaMin[®] builds a hydroxyapatite-like layer over and within exposed dentine tubules,¹⁻⁵ **repairing your patients' dentine, to provide clinically proven sensitivity relief.***

Ongoing protection

The robust NovaMin[®] layer binds firmly to collagen in dentine^{3,6}, and resists daily physical and chemical oral challenges,^{1,3,5,7,8} **helping to protect against the future pain of dentine hypersensitivity.**

Recommend Sensodyne[®] with NovaMin[®] for specialist expertise in dentine hypersensitivity care

*with twice daily brushing

Invisalign. The world's leading clear aligner treatment.

Since 1999, Invisalign clear aligners have been at the forefront of orthodontic innovation, helping Invisalign Providers to treat over 3 million patients worldwide and help achieve the desired clinical outcome. Invisalign follows the same biomechanical principles as traditional orthodontics, providing you with an advanced force system for tooth movements. ClinCheck® software, our 3-D digital treatment planning software, delivers personalised treatment plans for you to see before treatment begins.

GDP Theatre

This theatre will provide further insight into both new and everyday clinical techniques and procedures.

Experts in their respective fields will run sessions covering a variety of subjects from endodontics to pain management and short-term-orthodontics. Another focus of the theatre will also be the recent changes to the rules and regulations governing the profession, how they affect you and what you have to do to demonstrate your compliance to them.
