

# THE HEALTHCARE SHOW

CO-LOCATED WITH:

**DIGITAL HEALTHCARE SHOW**

**THE RESIDENTIAL & HOME CARE SHOW**

PART OF:

**HEALTH PLUS CARE**

Join 6,000 senior healthcare managers and clinicians striving to transform care and improve quality against a backdrop of Covid-19

18-19 May 2022, London ExCeL

Back by popular demand after a two-year pandemic enforced absence, The Healthcare Show returns to provide you with opportunities to gain your necessary CPD points free of charge.

2022 is a year to reflect on what's happened during Covid-19, what we have learned, and where we're headed to next. Our programme incorporates examples of best practice and innovation, which is having a transformative effect on how we deliver healthcare.

# NEW for 2022

## CLINICAL PRIORITIES THEATRE

Hear key updates from vital clinical areas which form part of the NHS Long Term Plan, including cancer, diabetes, mental health, respiratory and CVD prevention, from expert clinicians.

## INTEGRATED CARE THEATRE

Developed in collaboration with NHS England and NHS Improvement, a whole host of sessions are dedicated to what's happening in ICSs and PCNs with a particular emphasis on tackling health inequalities and implementing population health management approaches for your locality.

## NATIONAL ASSOCIATION OF LINK WORKERS

We're delighted to be working with a brilliant organisation and providing a platform to ensure social prescribing is given the prominence it deserves. With over a dozen sessions, you'll see examples of outstanding practice in action.

## KEY LEARNINGS FROM COVID-19

Find out how the pandemic is transforming our approach to healthcare, as well as altering our priorities and ways of working. There's also a key update on the NHS's approach to managing Long Covid.
