The judging panel will score submissions according to how well they fulfil the specific bullet points outlined below .

Please use these bullet points as headings for each section to explain as clearly and concisely as you can how your submission meets the criteria. This does not preclude you from including other sections, however, you should consider the word count if you do.

There is a maximum word limit of 2000 words. Submissions exceeding this limit will not be judged.

Your entry may be disadvantaged if the judging panel is unable to see your submission in action. You also need to be prepared to provide evidence for claims you make about impact and effectiveness.
