WELCOME!

LEARNING 2021SM

It's my pleasure to invite you and your colleagues to join us for Learning 2021, The Learning Leadership Conference.

After well over a year of human interactions largely taking place virtually through a screen, we couldn't be more excited to welcome you back to Orlando for this year's event. There's nothing like the energy and experience of an in-person event, and we're looking forward to providing you a safe, comfortable, and exciting experience where you can build the knowledge, skills, and relationships that will help you succeed as a learning leader.

We invite you and your team to join the Learning 2021 this fall. If you have any questions about this year's event, please feel free to reach out.

Thanks for being a part of our community. We look forward to learning with you!

David Kelly
Executive Director
The Learning Guild

THEMES

Here are just a few of the themes we are looking forward to exploring this fall:

Thriving through Change

The Learning event has always provided the connections, guidance, and answers learning leaders need to succeed and thrive through periods of change.

Modern Learning Leadership

For many organizations, learning has never been more important than it is right now. Discover the strategies and proven practices that learning leaders are using to meet today's challenges.

Redefining Blended Learning

Examine how to pivot your blended learning approaches to incorporate new office environments and increased remote work.

Leading with Empathy

Understanding and sharing the feelings of others is a critical part of effective learning leadership, and Learning 2021 will be exploring how to put that empathy into practice.

Women & Learning

Learning 2021 continues to place a spotlight on the strategies women and their organizations can apply to address the unique challenges women in learning face in their careers.

Tech & Learning

Technology continues to advance and create new opportunities for learning and performance. Learning 2021 expands the Tech@Learning focus with unique experiences throughout the event.

Learning Is FUN!

Learning should also be fun, and that has always been a core tenant of the Learning event. Learning 2021 will continue that trend, with experiences that entertain and educate, helping you build skills, relationships, and memories that will last a lifetime.
