Welcome

to the Care Show Birmingham and Retirement Living Show 2023

**Hey you, yes you!
It's the show team here
and we are so excited
to welcome you back
to yet another fantastic
Care Show Birmingham
and Retirement Living
Show. It has been a busy
few months preparing
for the exciting and
amazing events we
have in store for you.**

**"You'll leave
with practical
skills and
solutions to the
challenges you
are facing."**

Before we spill all the best secrets, we want to acknowledge and thank all the speakers and partners who have helped create an engaging and dynamic programme to highlight the best practice that is happening within the care sector.

Thank you to each of our exhibitors and sponsors without whom this event wouldn't be possible. Also a huge thanks to you - for giving up your time to join us for the next two days. You're the reason we love what we do and we want to ensure we celebrate the care sector and your contribution to it.

We've created a fully CPD-accredited programme that has packed as much learning and discussion as possible. You'll leave the Care Show Birmingham and Retirement Living Show with practical skills and solutions to the problems and challenges you are facing currently.

With the input of our expert advisory board and feedback from you, we have 130+ seminars and a huge speaker cohort of 170+ speakers, you're in for a real treat. This year there is the overarching theme of the

Join the conversation: #CareShow2023 #RetirementLiving2023

 @CareShow  @CareShows  /Care-Show

cost-of-living crisis infused throughout the whole programme, exploring solutions and conversations around how to tackle some of pressures the care sector is facing as an impact from the rise in the cost of living.

Specifically looking into areas such as innovations within heating technologies, learning from other sectors and cost-effective approaches to personal development, to exploring how to positively make changes to future proof your business.

Back by popular demand, our famous Beer & Bubbles Bar is making a return, with some pretty spectacular interior design to make you feel like you have been transported into a new world and a great chance to network and catch up with friends and peers. Tech gurus Guided Innovation have a personalised technology concierge service to guide you to people and stands that will suit your needs.

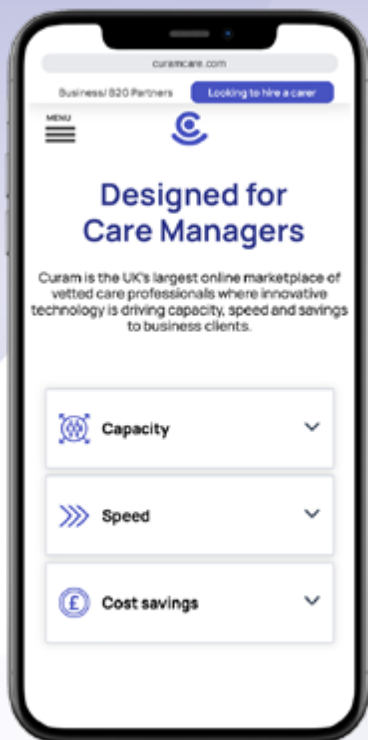

The CQC will be hosting Meet the Inspector on their stand, allowing you to ask the questions that might be on your mind around your upcoming inspection. We don't want to spoil all the fun, but there are many other features to look out for to enjoy and make a memorable day.

So, without further ado, grab a cup of tea or coffee, a biscuit of your choice from one of the café stands (as you know from reading our monthly newsletter, we love a HobNob), take a look through the show guide and plan your day.

We hope you have a fantastic day and thank you for making the care sector such an amazing place to work.

Kind regards,

The Show Team

Care Managers, fill your shifts in minutes.

TECHNOLOGY CONCIERGE

Let Guided Innovation advise you on what is the best technology solution for your business.

HEADSHOT CORNER

Get ready for the 'employee of the month' wall and get your professional headshot taken by Five on a Bike. Say Cheese!

MEET THE SPEAKER

Get to know our speakers from their onsite interviews with Five on a Bike.

INSPECTOR HUB

If inspections are keeping you awake at night, this is your chance to meet informally with a CQC inspector and ease all your concerns.

BEER & BUBBLES BAR

It's a productive but long day, have a break and enjoy a refreshing drink with your colleagues.

Alcohol-free celebratory drinks will also be available.

RETIREMENT LIVING LOUNGE

Community is important, so take a chance to network with other professionals from the Retirement Living sector.

CARE INNOVATIONS HUB

Passionate about trends and latest developments? Visit this innovation area hosted by the National Care Forum.

HOME CARE LOUNGE

If your friends don't understand you when you talk about your work, come and make new friends who will!

QUIET & RELAX ROOM

Mental health is important. Get away from the loud exhibition floor and recharge for five minutes.

VIP LOUNGE

Got a VIP badge? Enjoy the perks of this private area, hosted by appetito.

RETIREMENT LIVING SHOW

Creating independence for senior living

11-12 October 2023 NEC Birmingham

Introducing the Retirement Living Show, a new addition to your Care Show Birmingham experience

Our goal for this event is to offer access to sector giants and trending topics within the retirement living sector. Given the close ties between retirement living and the care sector, co-locating these two events creates an ideal environment for you to maximise your knowledge and skills.

You are joining us for this fantastic opportunity to delve into the latest developments and insights in the rapidly expanding sector. From securing financing, identifying prime location, managing construction, refining your business model to attract clients, navigating legal intricacies and architectural considerations, all the way to promoting affordable living options – the Retirement Living Show promises a wealth of practical knowledge from retirement living providers, prominent developers, legal and financial experts.

This is also a great chance for you to network with a wide range of peers who share your passion for the retirement living sector (and yes, we are aware there are a lot of different terms for retirement living, maybe you could make it a game to debunk which one is the true winner). Come together to engage in meaningful discussions on the most pressing issues and emerging trends within the sector.

We hope you enjoy this very first edition of the event and have a brilliant day.

SESSION HIGHLIGHTS

01423 873666 | sales@beaucare.com | www.beaucare.com

Through this brand-new initiative, designed to celebrate tomorrow's leaders and their successes, the Care Show will collaborate with the winners to deliver key content, facilitate networking opportunities, and create a support network for the Class of 2023 to stay in touch long after the ceremony takes place.

"The amount of star quality nominations we received for the first Care Show Thirty Under 30 was fantastic! Thirty Under 30 allows us and many others to highlight the huge career opportunities being involved with care and change the stigma often associated to this wonderful industry. We look forward to working with this group and further support them as they continue their career journey."

Michael Corbett, Portfolio Director at CloserStill Media - organisers of the Care Show

The Care Show congratulates the Thirty Under 30 Class of 2023:

Aaran Fryer, Registered Manager, Godfrey Barnes Station Limited

ABLYSS SYSTEMS LTD A30

Welcome to Blyssful. We have used our 20 years of experience in providing solutions to the care industry, to build a completely new cloud-based care management system, making the system easily accessible from anywhere and by anyone, with permission to do so. Our original products have been successful due to their flexibility, customisation features, and huge functionality. This ethos has been carried over to our cloud offering, but with streamlined processes, more graphical content, and a wealth of auditing tools. Winner of Corporate LiveWire's Healthcare Management Specialist Innovation & Excellence Award, Blyssful is our new cloud-based care management solution.

HEMOCARE ASSOCIATION E65

Who we are. The Homecare Association is the UK's membership body for homecare providers. Together we ensure that homecare is valued so that all of us can live well at home and flourish within our communities. We believe in a society where we are all able to live well at home and flourish within our communities. We won't stop making sure the value of care at home is recognised and it receives the investment it deserves. We will use our trusted voice to help shape homecare. And, we will ensure our members have the hands-on support and practical tools they need.

www.homecareassociation.org.uk

HxCARE E61

Positive Solutions has led the way for the last 30 years in the design, supply and management of robust patient medication record systems. Bringing that expertise and pedigree to the care home sector, HxCare has been crafted to offer the functionality and benefits often absent in older eMAR products. HxCare has been introduced to digitise workflows, reduce errors and free up professionals to spend more time delivering care. With a strong focus on intuitive user interfaces and decluttered workflows to make sure users can quickly and easily adopt this exciting new eMAR solution.

www.positive-solutions.co.uk

ILIV CONTRACT H65

ILIV design modern interior and upholstery fabrics for every style, across both residential and contract spaces. Our purpose is to help more people to feel inspired by their environment, from hospitality to office spaces and homes to hotels.

www.purpletribe.co.uk

QCR RECYCLING EQUIPMENT K42

We supply Recycling Equipment to thousands of UK businesses to help them save money on their waste costs. With a QCR Baler your business can compact your cardboard and/or plastic packaging waste into neat bales which are collected by Recyclers. This has the added advantage of saving space (as you need fewer bins) and time (as your staff do not have to manually flatten boxes anymore!) With a QCR Bin Compactor your business can squeeze your waste, compacting it down so it takes up less space in your bins allowing you to fit more in.

www.qcr.co.uk

QUALITY CARE GROUP C72

Founded in 2009, QCG started out as an insurance broker for care businesses and we quickly grew through our strong reputation in the sector. In 2018 our Business Efficiency arm was launched followed by our award-winning Risk Control division. By listening to our customers, we have developed our portfolio of products and services to address our clients' common pain points. We continue to innovate and develop the portfolio, driven by a passion for the Care sector and our desire to deliver quality customer service with an ethos of care in every aspect of our operation.

www.qcargroup.co.uk

THE BLUE SKY SOCIAL CARE CARD D15

For decades social care staff have been crying out for recognition as vital key workers. The Covid pandemic highlighted a gap in public awareness of the social contribution made by people working hard in our communities. The "Blue Sky Social Care Card" is one step in the direction of being recognised as equals to the NHS and other valued services. Our card acts as an Employee/Carer ID card, certified by your Employer and our teams. That's not all! As a huge thank you for all your hard work, you will also receive national discounts and perks.

WHITE'S TRAINING H62

White's Training are pioneers in social care education and tech. We have collaborated to create patent-pending AI-driven digital solutions to help bridge the data gap between health services and social care organisations. We are also proud to be a nationally recognised Centre of Excellence for Social Care training and successfully train thousands of learners a year from across the nation.

WOLF LAUNDRY C20

Wolf Laundry has been a trusted supplier of commercial washing machines to the care sector for decades. We specialise in providing custom laundry solutions for care homes, offering a range of equipment including commercial washing machines, tumble dryers, bedpan washers, and infection control equipment. We understand the unique challenges faced by care facilities in operating a commercial laundry, from independent care homes to large groups. Our Schulthess Proline range of commercial washing machines are perfect for handling care home laundry, including PPE, bedding, and clothing. All models are compliant with the standards of Department of Health HTM 01-04 and also Care Quality Commission guidelines for adult social care.

ZAHARA - ACCOUNTS PAYABLE SOFTWARE L64

The Leading 4-in-1 Accounts Payable Automation Solution. OCR Invoice Capture | Approvals | Purchase Orders | Payments. Used by many care homes and hospices around the UK. Zahara easily plugs into Sage, QuickBooks, Xero (and other systems) eliminating the manual 'keying-in' of invoices, instead using the latest OCR technology to capture emailed invoices in an instant, and automatically sends them to the right people for sign-off. Zahara's ideal for controlling care home spend, it has built in approvals and an optional PO system, so the right people can easily approve spend and invoices in the office or on the move.
