EXHIBITOR SHOWCASE FORUM > DAY 1 < WEDNESDAY JUNE 26 2024

Time Slot	Company	Speaker Name	Presentation Title
10:30-10:55	Power Engineers	Joshua Ruiz, Chemical Engineer	POWER Engineers: BOND WITH US
11:00-11:25	thyssenkrupp nucera	Eric Lavoisier, Senior Sales and Business Development Manager	Scaling US Hydrogen Innovation: thyssenkrupp nucera's Path to Peak Performance
11:30-11:55	Hoerbiger	Michael Vidovitsch, Head of Product Management Hydrogen Mobility	Enabling efficient high flow hydrogen compression
12:00-12:25	Habonim	Eldad Ohayon, HABONIM Product Manager	H25: The first dual certified Hydrogen Valve in the world!
12:30-12:55	AVL	Thomas Glatz, Technical Specialist, Simulation	AVL's Synergetic Approach to Advancing Fuel Cell and Hydrogen Technologies through Engineering Simulation and Testing
LUNCH			
13:55-14:20	Heraeus	Todd Ballinger, Technical Sales Manager	Why Precious Metals are Indispensable for the Hydrogen Economy
14:25-14:50	Rheonik	John Daly, Specialist Hydrogen Mass Flow	Transitioning from gaseous H2 to liquid H2 – the flow measurement challenge
14:55-15:20	De Nora	Ed Revers, R&D Manager for Water Electrolysis USA	De Nora's Energy System Solutions
15:25-15:50	Parker Hannifin	Neil McPherson, Alternative Fuels Manager	Unlocking Green Hydrogen: Filtration Solutions for Enhanced Electrolyzer Performance

EXHIBITOR SHOWCASE FORUM > DAY 2 < THURSDAY JUNE 27 2024

Time Slot	Company	Speaker Name	Presentation Title
10:30-10:55	Chart Industries / Howden	Salah Mahdy, Global Director - Hydrogen at Chart Industries	Cryogenic Technology is the pathway to decarbonization
11:00-11:25	Parker Hannifin	Gustavo Garcia, Business Development Manager	Parker Water Purification Solutions for Hydrogen Electrolyzers
11:30-11:55	Elliott Turbo	Kohei Kimura, Hydrogen Strategic Business Unit Manager - Ebara and Ernesto Guevara, Sustainability Business Development Manager - Ebara Elliott Energy	Turbomachinery solutions in the Hydrogen & CCUS value chain
12:00-12:25	8 Rivers	Nick Borisow, VP Business Development	8RH2 Technology – Achieving Commercial-scale, Nero-Zero Emissions H2 Production without Post-Combustion Capture
12:30-12:55	Rotork	Terry Christie, Head of Chemical, Process, Industrial	Rotork Solutions for Hydrogen & CCUS applications
LUNCH			
13:55-14:20	Endress + Hauser	Cory Marcon, Industry Manager – Power & Energy	H2 Purity & Metering
14:25-14:50	Endress + Hauser	Cesar Martinez, Gas/ LNG Industry Marketing Manager	CO2 Fiscal Measurement
14:55-15:20	Cormetech	Nick Pollack, VP of Emerging Business	Second Generation Carbon Capture Technology Driving Down the Costs of CO2 Capture From Utility and Industrial Sources
15:25-15:50	Sulzer	Sebastian Arango / Fernando Pedraza, CC APT Manager/ Process Engineer	Carbon Capture Overview: Sulzer Technology, Capabilities and Experience
