IMAGE-BASED CODE READER

sensingCam SEC200

Image-based 1D and 2D code identification for intuitive operation and high cost effectiveness

SICK

Sensor Intelligence

sensingCam SEC200

Meet the sensingCam SEC200, purpose-built for reliable 1D and 2D code reading that's simple to use, easy to integrate, and free from unnecessary complexity.

STATIONARY CODE READING

CODE READING ON MOVING OBJECTS

HIGHLIGHTS

- **CONSISTENT RESULTS WITH VARYING DISTANCES**
The large depth of field from 100 mm to 300 mm automatically compensates for different distances and maintains the flow of work without readjustment.
- **QUICK TO SET UP AND READY TO USE IMMEDIATELY**
The integrated web server enables configuration directly in the browser without additional software thereby significantly shortening the commissioning time.
- **INTUITIVE SCANNING FOR A QUICK START WITHOUT ANY TRAINING TIME**
LED alignment aid, feedback LED and acoustic signal provide clear feedback during scanning and make the SEC200 so intuitive that employees can get started without any training time.
- **EASY TO INTEGRATE INTO WORKSTATIONS AND SYSTEMS**
With Ethernet or USB connection, the sensingCam SEC200 integrates seamless into existing stations and simplifies installation and replacement.
- **RELIABLE PERFORMANCE EVEN IN DEMANDING ENVIRONMENTS**
The rugged IP65 housing protects against dust, vibration and external influences and ensures stable operation in everyday industrial environments.
- **HIGH IMAGE QUALITY FOR IMPRESSIVE SCAN RESULTS**
With 1.3 megapixels, the camera delivers razor-sharp images that enable precise decoding even in simple applications.

SICK AT A GLANCE

SICK is a leading global technology company for intelligent sensors and integrated solutions in industrial automation. Our technologies set benchmarks, making your industrial processes more efficient, safer and more sustainable – both in logistics and manufacturing operations.

SICK combines sensor intelligence with industry expertise and certified consulting services. We provide the ideal foundation for scalable as well as tailor-made automation solutions and create added value along the entire value chain. Our close partnership with our customers is more than just a promise: Together, we optimize productivity, elevate quality, protect health and safety, and sustain the future. All with empathy and trust.

Since 1946, we have been developing innovative technologies with passion and a pioneering spirit. With a global network in around 40 countries, SICK has a global presence and is always close by. The company's headquarters are located in Waldkirch near Freiburg, Germany. Our customers benefit from our understanding of both local and global requirements, which enables us to deliver tailor-made solutions.
