ELECTRICITY

LIMITED PERIOD POWER SUPPLY

Our limited period electrical power is generated from renewable sources. It is a practical option, since it is based on the power supply schedule established by the organiser, and is automatically shut off overnight. An limited power power supply is the perfect solution for equipment that does not need to be powered around the clock.

Reference	Description	Price in € excl. taxes

CONNECTING MY STAND

INTERNET

WIRED INTERNET

The digital age has arrived. This is why you need an installation that best fits your needs. Do you need a turnkey solution, so that you can be up and running immediately? VIPARIS's plug-and-play options provide Internet connections that are automatically configured in DHCP. You can enjoy immediate access to a private IP address, at rates which vary depending on bandwidth. Please contact Exhibitor Services to find out more.

Useful tip:

If you have several devices to connect to the network, you can order additional services (switching, cabling, etc.) or fill out the quote request form.

Reference	Description	Price in € excl. taxes

DECORATING MY STAND

SUPPORTS AND SLINGS

SLINGS

GETTING YOUR RIGGING RIGHT

Everything that hangs above your stand – trusses, signage and lighting – depends on rigging. Slings are extremely resistant steel cables that can hold up to 80 kg per rigging point.¹ They ensure that your stand looks good from bottom to top.

¹ With some exceptions.

Useful tip:

Regulations governing the various pavilions may limit the performance of slings and halyards. In certain zones, for safety reasons, either the allowable weight is limited to 45 kilos, or there are no rigging points available. For additional information, please contact Exhibitor Services.

Reference	Description	Price in € excl. taxes
38101_PDV	Rigging slings from 1 to 6 (price per point)	151.51
38102_PDV	Rigging slings from 7 to 12 (price per point)	147.12
