# AUTOMOTIVE PERFORMANCE PRODUCTS

## APPEARANCE PRODUCTS

### Brake Parts Cleaner

AEROSOL SPRAY

**2918** 14 fl oz / 414 mL

- Non-chlorinated formula that dries quickly.
- Leaves no residue after cleaning.
- Powerful spray removes grease and oil.

### Silicone Detailer

AEROSOL SPRAY

**2916** 13 fl oz / 385 mL

- Restores shine to plastics, vinyl, and rubber.
- Resists dirt and dust for a lasting clean.
- Safe on all powersports and automotive surfaces.

### PowerWash™ Moto Formula

SPRAY CLEANER

**M10025** 32 fl oz / 946 mL
**M10011** 1 gal / 3.79 L
**M10012** 5 gal / 18.93 L
**M10014** 54 gal / 204 L

- Quickly dissolves dirt, mud, and grime.
- Removes tough stains without streaking.
- Safe for all powersports and automotive surfaces.

### VP Power™ TAR Remover

RUBBER REMOVER

**2125** 17 oz / 502 mL

- Removes rubber, adhesives, tar, and oil-based grime.
- Safe on paint, vinyl wraps, graphics, and Lexan.
- Biodegradable formula that cleans tough residues.

## SPECIALTY CHEMICALS

### Speed Sauce™

WATER-METHANOL FLUID

**14611** 1 gal / 3.79 L

- Boosts power with proper tuning.
- Lowers exhaust temps and protects critical components.
- Helps control knock for safer performance.

### Speed Sauce™ Plus

WATER-ETHANOL FLUID

**14621** 1 gal / 3.79 L

- 20/80 water-ethanol blend for more power per gallon.
- Adds more power vs. methanol water formulas.
- Renewable, less toxic, and less corrosive than methanol.

# OCTANE & CETANE BOOSTERS

## Octanium®
GASOLINE ADDITIVE
**2855** 32 fl oz / 946 mL
- Increases octane up to 8 full numbers.
- Improves throttle response and acceleration.
- Eliminates knocking and pinging.

## Octanium® Unleaded
GASOLINE ADDITIVE
**29505** 32 fl oz / 946 mL
- Increases octane up to 7 full numbers.
- Improves throttle response and acceleration.
- Eliminates knocking and pinging.

## Octane Booster
GASOLINE ADDITIVE
**28555** 16 fl oz / 473 mL
- Increases octane.
- Improves throttle response and acceleration.
- Eliminates knocking and pinging.

## Cetanium®
DIESEL ADDITIVE
**2865** 32 fl oz / 946 mL
- Increases cetane up to 10 full numbers.
- Increases horsepower and fuel mileage.
- Replaces lost lubrication and prevents sludge.

# PERFORMANCE COOLANTS

## Stay Frosty® Race-Ready
PERFORMANCE COOLANT
**2301** 64 fl oz / 1.9 L
**23051** 1 gal / 3.8 L
**2306** 5 gal / 19 L
**2254** 54 gal / 204 L
- Reduces coolant temps up to 30°F, head temps 75°F.
- Improves coolant flow and prevents overheating.
- Lubricates pumps, seals, and protects radiators.

## Stay Frosty® Hi-Performance
PERFORMANCE COOLANT
**2087** 64 fl oz / 1.9 L
**23071** 1 gal / 3.8 L
- Ready-to-pour coolant with freeze protection to 0°F.
- Reduces engine temps up to 14°F, heads up to 25°F.
- Protects metals and lubricates cooling system components.

# ADDITIVES & TREATMENTS

## 7-In-1
GASOLINE TREATMENT
**2848** 16 fl oz / 473 mL
- Improves fuel economy.
- Protects against damaging ethanol found in pump gas.
- Reduces emissions and cleans intake valves and injectors.

## Power Boost
GASOLINE TREATMENT
**2823** 2 fl oz / 59 mL
**2825** 16 fl oz / 473 mL
- Cleans fuel system and restores lost horsepower.
- Removes deposits from combustion chamber.
- Reduces need for higher octane fuel.

## Fuel System Cleaner
GASOLINE TREATMENT
**2805** 16 fl oz / 473 mL
- Deep cleans carbon deposits and varnish.
- Restores power, performance, and fuel economy
- Stabilizes fuel, protects up to 5,000 miles

## Fuel Stabilizer
GASOLINE TREATMENT
**2812** 2 fl oz / 59 mL
**2815** 8 fl oz / 237 mL
- Stabilizes and conditions fuel for up to 3 years.
- Removes water to ensure smooth, reliable starts.
- Protects the entire fuel system from corrosion.

## Diesel All-In-One
DIESEL TREATMENT
**2838** 16 fl oz / 473 mL
- Improves fuel economy and boosts cetane.
- Cleans, lubricates, and reduces harmful deposits.
- Protects against gelling down to -20°F.

## Frosty Clean
COOLING SYSTEM FLUSH
**208816** 16 fl oz / 473 mL
- Cleans and primes cooling system for peak performance.
- Neutralizes acidic buildup and harmful deposits.
- Lubricates water pump and protects aluminum components.

## Cool Down®
COOLANT ADDITIVE
**2085** 16 fl oz / 473 mL
- Reduces coolant temps up to 30°F, head temps 75°F.
- Improves coolant flow and prevents overheating.
- Lubricates pumps, seals, and protects radiators.
