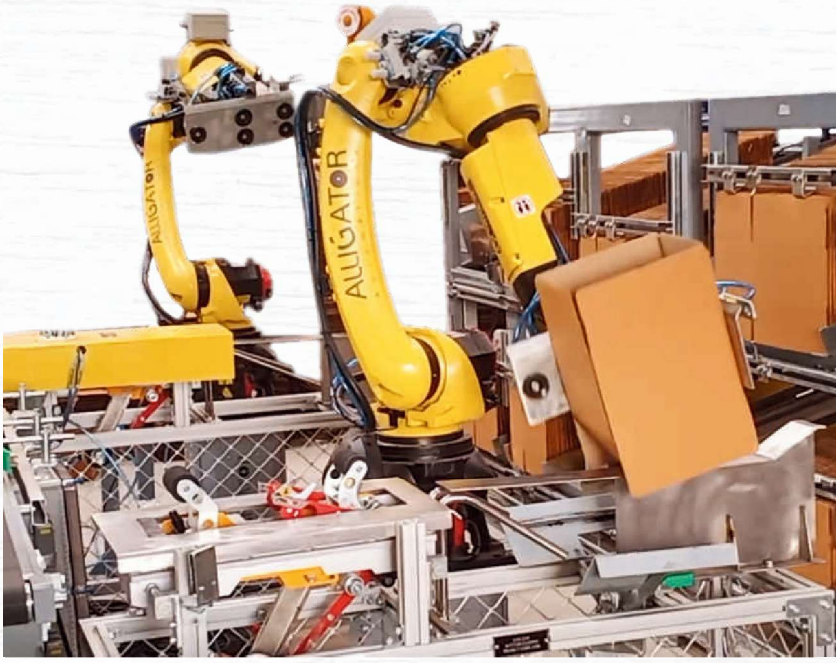
CASE PACKAGING SOLUTIONS

Secondary packaging provides essential protection while enhancing branding and shelf appeal. It securely groups multiple product units for safe transit and handling. Compatible with robotic, gantry, drop-down, and pusher-type packers, our solutions offer flexibility, speed and reliable performance across industries.

KNOW MORE



Bottle Case Packer

Simplified mechanical design with quick changeover, PLC control, and touchscreen HMI. Ensures reliable, high-speed performance and is fully customizable to fit diverse and evolving packaging needs.

Specifications

- Speed: Upto 8 cycles/min
- Payload: 100 kgs inclusive of Gripper Heads
- Product Grippers: Customized to suit product
- Machine Size: L-2300 mm, W-3200 mm, H-2400 mm
- Product Type: Glass bottles, Cases, Cups, Cones etc.
- Sealing Type: Taping, Gluing.

Bag Case Packer

Efficiently handles multiple recipe sizes with one setup. Ideal for pouches, cups, candies, bars, and similar products. Fast, flexible, and reliable—perfect for high-output FMCG and food industry packaging lines.

Specifications

- Speed: 120 pouch/min
- Case Size: Min- 400mm x 300mm x 150mm
  Max- 650mm x 450mm x 375mm
  *other size ranges are available
- Payload: 3kg inclusive of Gripper Heads
- Product Type: Pouches, Candies, Bars etc.
- Sealing Type: Taping, Gluing, Fast Fold, Fan Fold.

Case in Case Packaging Solutions

A fully enclosed, high-performance packaging solution designed for safety and efficiency. Equipped with polycarbonate doors and integrated safety guarding, the system ensures operator protection. Safety sensors are interlocked with the software program, enabling automatic stoppage and alerts in case of unauthorized access or unsafe conditions.

Specifications

- Speed: Upto 25 cases/min
- Construction Material: Rigid MS powder-coated tubular frame structure.
  Conveyors of SS304 / Aluminium
- Machine Size: L-5770 mm
  W-3200 mm
  H-2400 mm
- Sealing Type: Seal/Gluing

Shrink Wrapping Solutions

Designed for high-speed, reliable packaging with automatic feeding, pushing, film wrapping, and sealing operations. Ideal for bottles, cans, beverages, cosmetics, and other wide-format consumer products. Ensures fast, flexible, and consistent packaging while maintaining product integrity and presentation.

Specifications

- Speed: Upto 20 packs/min
- Construction Material: Rigid MS powder-coated tubular frame structure.
- Machine Size: L: 1400 mm
  W: 2200 mm
  H: 2000 mm
- Heating Tunnel: Available

Industries Served-

- FMCG
- Dairy Products
- Food & Beverage
- E-commerce Industry
- Oil & Paints Industry
- Chemical Industry
- Agro Commodities
- Automobile Industry
- Cement Industry
- Seed Industry
- Battery Industry
- Fertiliser Industry

Carton Erector Solutions

Our Compact High-Speed Case Erector is designed for efficient, precise, and continuous case forming in demanding production environments. With a fully cam-operated motion system, it ensures mechanical reliability, minimal maintenance, and smooth operation.

Specifications

Speed: Upto 20 cases/min

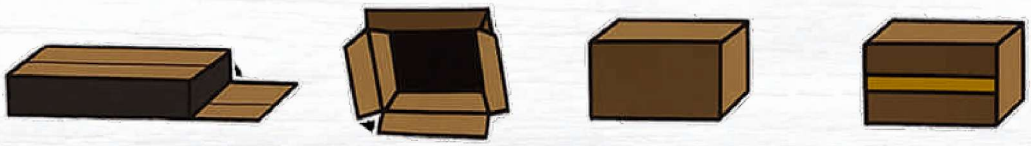
Case Size: L: 240-510 mm
W: 190-400 mm
H: 120-380 mm

Machine Size: L: 2400 mm
W: 1250 mm
H: 1850 mm

Machine Weight: Approximate 500 kgs

Features & Benefits-

- Fast loading cycle of less than 10 minutes
- Adaptability to different truck types
- IoT-enabled system
- Data integration at different levels
- Zero Manual Handling – minimizes injury risk
- Consistent Pallet Placement every cycle
- Works with Multiple Dock Heights
- 70% Reduction in truck loading time



Product Type Handled-

Bottle

Snacks

Tetra pack

Bag

Cans
