

Our Story

Love and fried chicken go together as well as the two people who built Daddy's Chicken Shack™. The classic fried chicken sandwich has been lovingly perfected by Chef Pace over the years, and it was time to find a way to serve accessible, authentic, inspired creations to the chicken-loving public.

Starting out with a small stand at Smorgasburg, a weekly food festival in downtown Los Angeles, gave the couple all they needed to know about perfecting the recipes. Opening the first Daddy's in Pasadena California they delivered high quality chicken sandwiches to hungry customers "quickly."

Now, through a regional franchise program with existing food service operators, Daddy's Chicken Shack is ready to spread its wings!

Our Food

Daddy's Chicken Shack believes in simple, high-quality ingredients that tastes just like a warm hug! Our menu is inspired by Pace's upbringing in Texas and from her travels abroad. We brine our birds overnight in buttermilk and aromatics then double batter before frying to golden crispy perfection. Our menu features our proprietary method of producing mouthwatering Daddy's fried chicken that delivers a sensation for your mouth in every bite.

We also offer chicken 'n waffles, Nashville chicken fingers and sandwiches, fries, salads, a complete breakfast offering with biscuits, burritos and the Waffle Daddy along with vegan options! A full line of in-house, freshly made sauces enhance our entire line-up. We strive to give every guest the best possible experience!

"After building one of the largest and most iconic brands in franchising, I looked for a captivating concept to invest in that had the ability to be nationwide in short order. I fell in love with the concept and the founders, and I'm looking forward to building another iconic brand."

Our franchise model is designed for existing multi-unit franchise operators looking for a chicken concept for their portfolio that can take the market head on. We provide a turn-key program with fully designed prototypical drawings, a learning management system to train your teams and keep them current, generous territories with a marketing playbook to build your customer base, and a menu designed for today's consumer.

Daddy's Chicken Shack isn't for everyone... just those that want to use the latest tools and technology to provide the best chicken sandwiches and fixin's to an increasingly choosy marketplace. Early adopter incentives in place for qualified developers including reduced territory fees, franchise fees and royalties. Just like our menu at Daddy's this is a franchise where you truly get what you pay for!
