

CEILING GURU®

INNOVATIVE STRETCH CEILINGS SOLUTIONS

1. Popcorn ceilings

2. Profiles for stretch ceiling are attached to walls or ceilings.

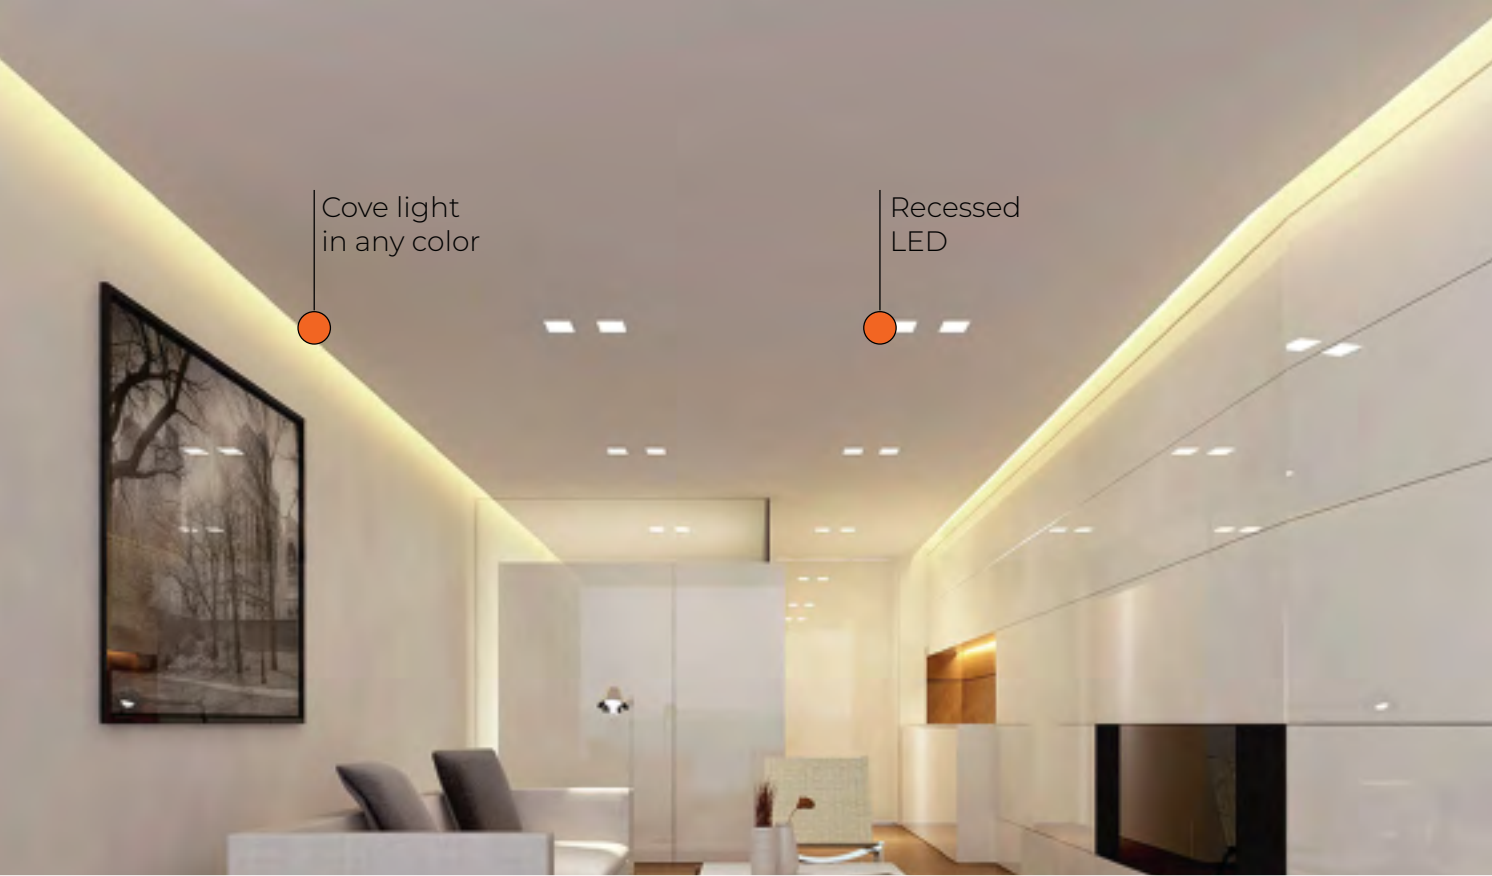

3. Membrane is attached to profiles.

3. Membrane is stretched till it becomes flat surface.

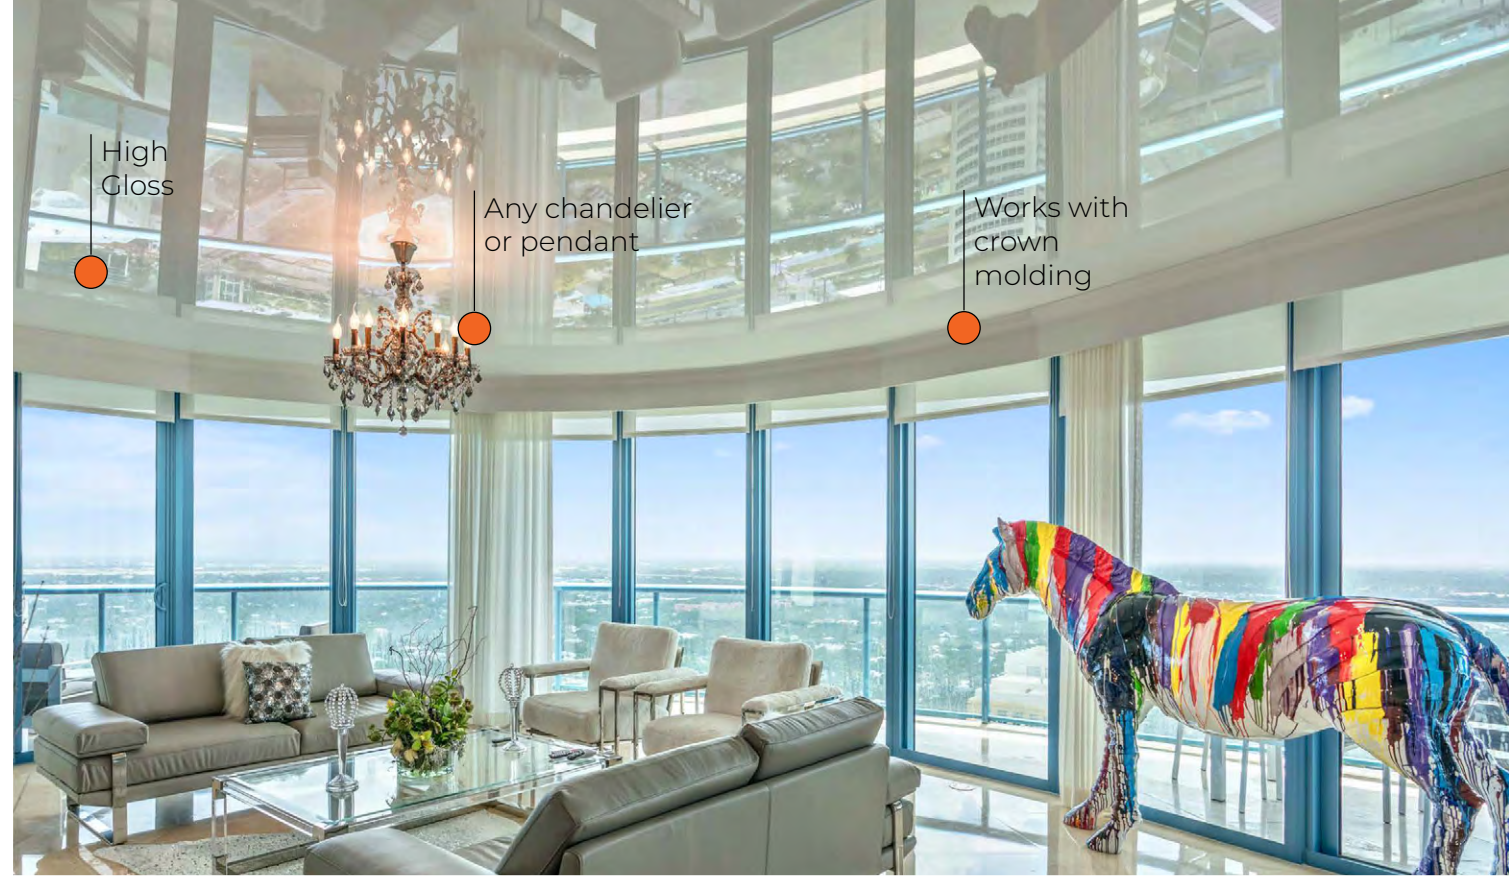

STRETCH CEILINGS APPLICATION

MATTE CEILINGS COVE LIGHTING

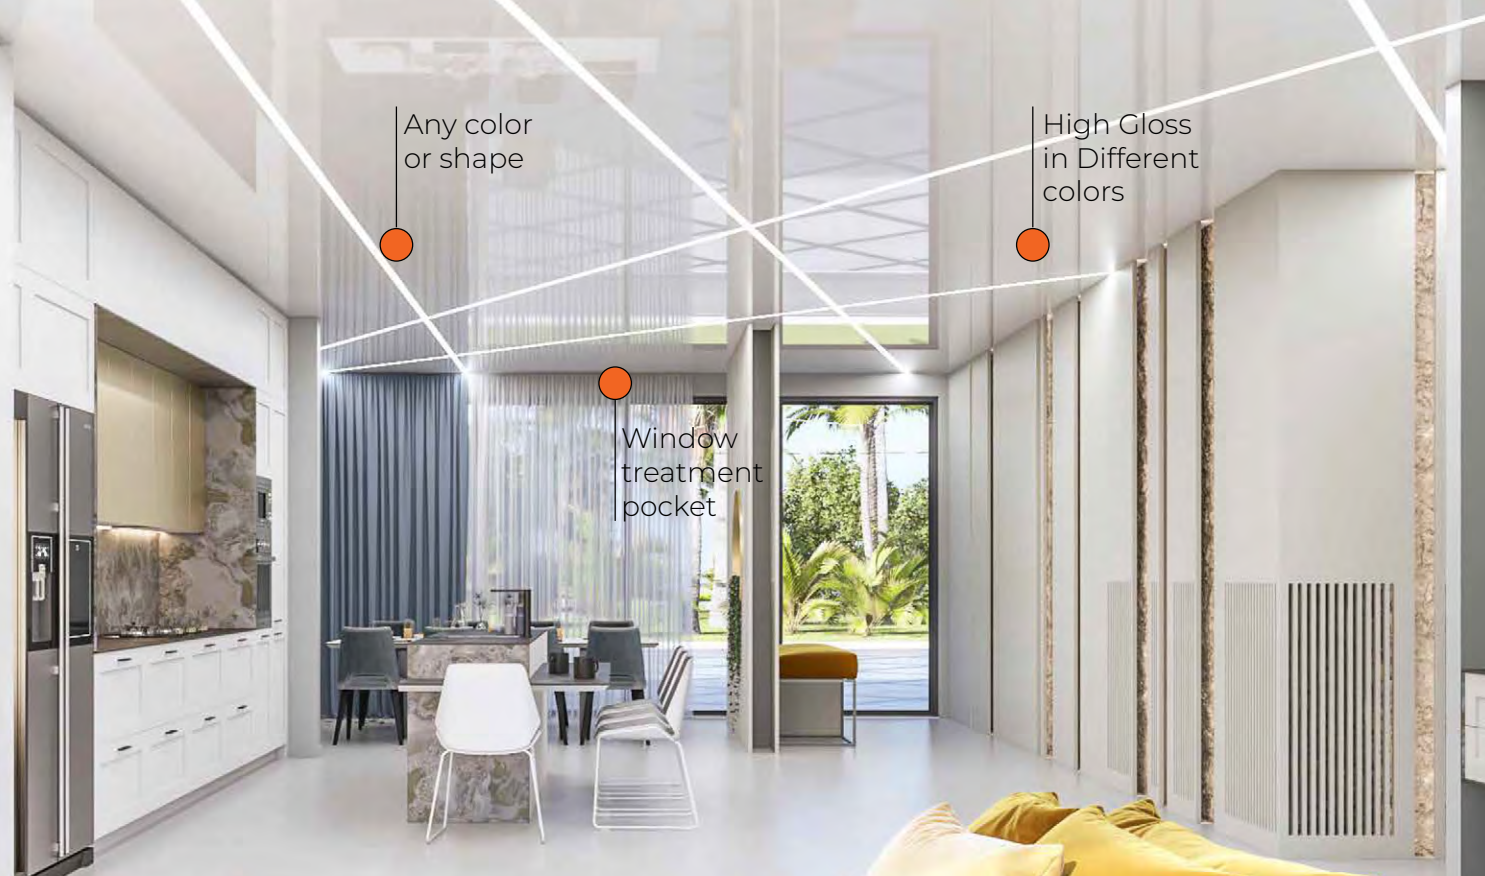

Achieve a delicate and neutral finish with our "Cove Light" system. A narrow gap is left between the wall and ceiling, allowing the light to smoothly cover the wall surface.

CEILING GURU® CEILING GURU®

The light-reflecting surface of the ceiling visually expands and enlarges the space with plenty of light.

GLOSSY CEILINGS

Any color
or shape

High Gloss
in Different
colors

Window
treatment
pocket

LASER LINES

Combine advantages of high gloss ceilings and Linear Lighting. Custom shaped laser lines give an ultra modern look.

CEILING GURU® CEILING GURU®
