WE ARE LASER TAG

iCOMBAT offers every type of laser tag system on the market.

TACTICAL

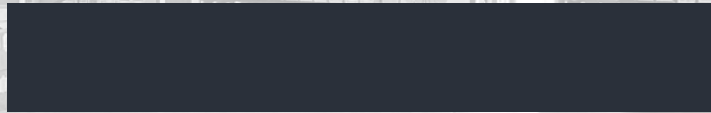

Tactical laser tag encourages tactics, communications, and a team win mentality.

BATTLE QUEST

Battle Quest is a futuristic form of laser tag normally associated with multi-colored LED's.

MOBILE

Mobile laser tag is the best way to enhance your business, with no wires, no mess, and no fragile parts.

AMERICAN MADE

MANUFACTURED & TESTED BY USA'S FINEST

Maintaining quality control, providing jobs to American men and women, and retaining 100% control of the development of our product is important to us.

OUR DIFFERENCE

From the equipment we use to the experience we deliver, the iCombat brand is authentic with every detail. Keeping all aspects of our equipment production in house makes iCombat different than most other laser tag companies on the market.

GAMEPLAY SOFTWARE

iCE (iCOMBAT Engine) is a revolutionary system that gives you the ability to completely customize your laser tag arena to be like nothing you've ever experienced before. iCE software allows users the ability to make detailed customizations to their laser tag experience in seconds.

AUDIO/LIGHTING CONTROL

Using our computerized shows, changing the mood on your field becomes automated with event triggers. Save custom preset shows to quickly change from a blacklight rave session to a terrifying zombie session without skipping a beat.

- Authentic Sound Effects
- Over 50+ Triggers/Actions
- Custom Event Mapping

LASER TAG MISSIONS

Explore our continuously expanding game options. Play our classic missions and utilize our accessories to enhance the mission difficulty. Our programming team is constantly developing new games.

- Over 50 Missions
- Seasonal Missions
- User-Created Missions

PROP INTEGRATION

We made adding props simple and easy. With our software, you can add props to increase the difficulty of missions within seconds. Also, having unique missions will bring back customers for more!

- Allows More Missions
- New Achievements
- Enhances Gameplay

BARRACKS

We like to keep our players engaged and invested in our laser tag experience. By providing personalized profiles, we give players the opportunity to track their progress, achievements and see how they rank not only locally but internationally on our world leaderboard.

PLAYER PROFILE

iCOMBAT allows you to track all of your sharpshooting skills on your player profile. You can see up to date statistics that help see how you rank in our local and worldwide leaderboards.

- Weapon & Gameplay Stats
- Mission History
- Friend System

WORLD LEADERBOARD

We provide software and equipment to businesses all over the world. Our mass client base has given us the opportunity to expand our leaderboard internationally. Fighting for the number one spot brings in returning customers.

- 1.25 Million Registered Users
- Supports 5 Languages
- Across 75 Countries

ACHIEVEMENTS

Customers can unlock achievements by playing missions or traveling to partner locations. By collecting achievements, patrons level up their profile and earn bragging rights among the community to drive more play!

- Over 200 Achievements
- Seasonal Achievements
- Drive Repeat Business

BARRACKS BUSINESS TOOLS

Our Barracks software suite comes packed with tools to help you run your business the right way. We include everything in Barracks from marketing tools to the financial dashboard. We also have our own Point of Sale system.

MARKETING TOOLS

Our marketing dashboard allows you to view demographics such as age, gender, and the distance your players travel. Operators also have access to send out newsletters, coupons, session summaries, and much more.

- Customizable Emails
- Email List Creation
- Open Rate Statistics

POINT OF SALE

From merchandise sales to session payments, iCOMBAT has you covered. Our system provides you with an effective Point of Sale that will track and organize all transactions.

- EMV Reader Integration
- Cash Drawer Management
- Session Management

FINANCIAL DASHBOARD

We provide you with a fine-tuned system that will track all your customer transactions and organize them for you in the financial dashboard. Over time, this shows your company's financial growth.

- Company Profile
- Gift Card Manager
- KBI Dashboard

With iCOMBAT equipment, there are endless possibilities for what you can do. From Zombie "bites" to Medic "revive," the irHeadband can provide many experiences throughout the year. To use Zombie/Medic modes, you must have our Pro Software. *See page 8

Run kid sessions during the day.
Suggested ages: 6-12 yrs old

Run teen/adult sessions at night.
Suggested ages: 13+ yrs old

HYBRID LASER TAG

Running both kid and adult sessions is what we call hybrid laser tag. During the day, whether it's weekdays or weekends, kids ages 6+ can come to play while parents run errands. After dinner time, add teen/adult sessions for extra profit!

iCOMBAT LOADOUT
