Redemption Tickets

UDC will print your bespoke tickets in vibrant full colour. Double sided print (with black & white reverse).

All *Ticket Stations* are equipped with twin-barcode readers, leaving you with an entire ticket side free to boost your branding (saving the reverse for the security barcode).

UDC ticket stacks hold 3,000 regular tickets - **or 6,000 half-size tickets**, compared to old fashioned tickets with just 1,500 tickets per stack, meaning they'll last longer before needing to be reloaded.

We'll even help with your design - for free. Bespoke tickets can be with you in just 8 to 12 weeks, from approval of artwork, depending upon shipping schedules.

Or, use our 'UDC stock tickets' with generic branding if you're not ready to take the plunge with your own bespoke design.

We supply literally billions of tickets to the industry, why not discover what UDC can do to increase the value you get from tickets - get in touch today.

New UDC Half-Tickets

Greener alternative uses half the paper. Save money & time. Fill machines half as often.

Half-Size Ticket Requires New Generation Ticket Station.

The Next Generation Ticket Station

W 76 cm x D 76 cm x H 238 cm [128 Kg]
W 30" x D 30" x H 94" [325 lbs]

Benchmark Games brings you the latest generation of Ticket Station improved to deliver more functions and flexibility with an attractive new multi-colour cabinet and top marquee.

The clear cabinet sides let you and your players see inside as their tickets are counted. An optional flat-screen display for video advertising of prizes, promotions and instructions can be added as required.

The New Ticket Station can read multiple barcodes - as well as both *regular size* and *UDC's new Half-size redemption tickets*.

Now there's no need to pull all of your old tickets out of machines when you add another barcoded ticket.

Barcode security means you'll never give out prizes for competitor tickets. Use your own branded barcode tickets, or use UDC 'stock tickets'.

A standard Next-Gen Ticket Station comes **complete with a single ticket counter pre-installed** - and you can upgrade at any time to 2, 3 or even 4 ticket counters - one on each side.

UDC Ticket Counter

W 38 cm x D 34 cm x H 30 cm [8 1/2 Kg]
W 15" x D 13 1/2" x H 12" [19 lbs]
