TRANSVERSE THE TERRAIN AND ESCAPE THE BEASTS

The track-bound motion base pushes riders from the boarding station to the sound stage in front of a 270-degree seamless screen. With a 6DOF motion base and 4D effects, riders are immersed in the adventure, experiencing the bumps and the thrill of the chase.

6DOF 6 Degrees of Freedom

FEATURES

- 4D Effect:** Wind, Sound, Light, Mist, and Scents create an immersive flight.
- 6DOF:** Our patented 6DOF motion platform simulates any motion.
- Movie Library:** Easy-to-switch control system offers various film experiences.
- 270-degree Screen:** The 270-degree screen creates an immersive view for each rider.
