ABOUT US

ABOUT US

Creating the world's best waves

We build - 100% in-house and with the most innovative technology - fully customizable surf rides and wave machines to offer your customers their ultimate water experience.

Facility

Wavesurfer has a state of the art factory with more than 5000m² of production surface. We only use green energy through our solar panels to produce the surf rides. That's our way of helping the environment.

Our mission

Our mission is to make surfing available for everybody and not only the happy few. Thanks to the original and innovative surf simulator, we present a unique water attraction to the people, customizable for every project.

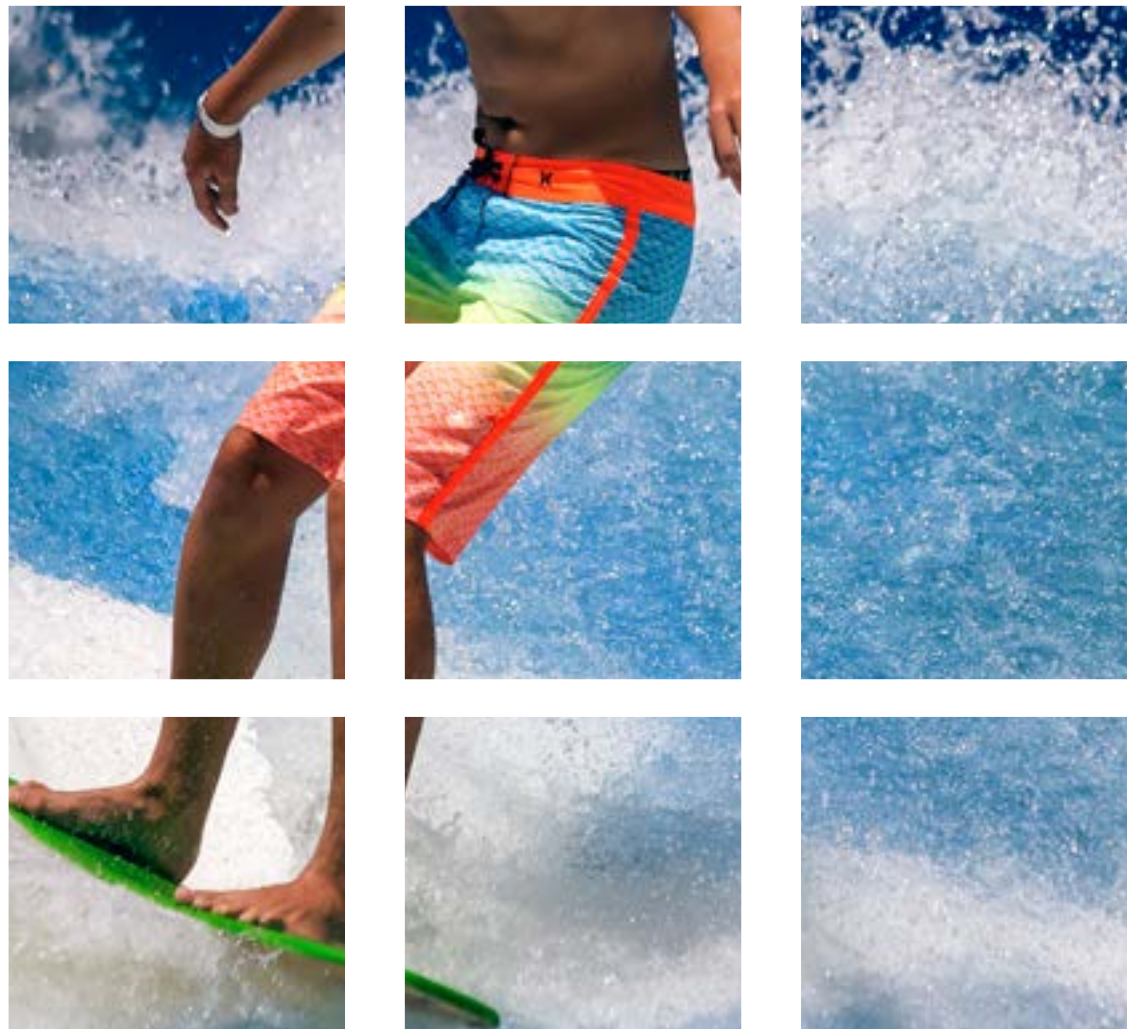

Safety first

Because your safety is of the utmost importance, we test our final products extensively. We only rely on organizations that are recognized by the government (such as TÜV and AIB Vincotte) to perform the technical tests.

ABOUT US

A total concept

WaveSurfer not only produces the surf rides, but we offer you a total concept; design & engineering, manufacturing, installation, consultancy about operations, training and after sales service (24/7).

A solution for every client

With our in-house R&D team, we search for the best solution for your project! We have mobile, semi-mobile, fixed and even customized surf rides.

Consultancy

For the operational side of the WaveSurfer, we send our own team to train your staff during a few months, just to get you started. Or we provide an intensive training program to transfer all the in-house know-how on operating the WaveSurfer.

Technical services

We offer you also any technical advice about heating, ventilation, climatization, dehumidification, water treatment ... and so much more. We're at your service!

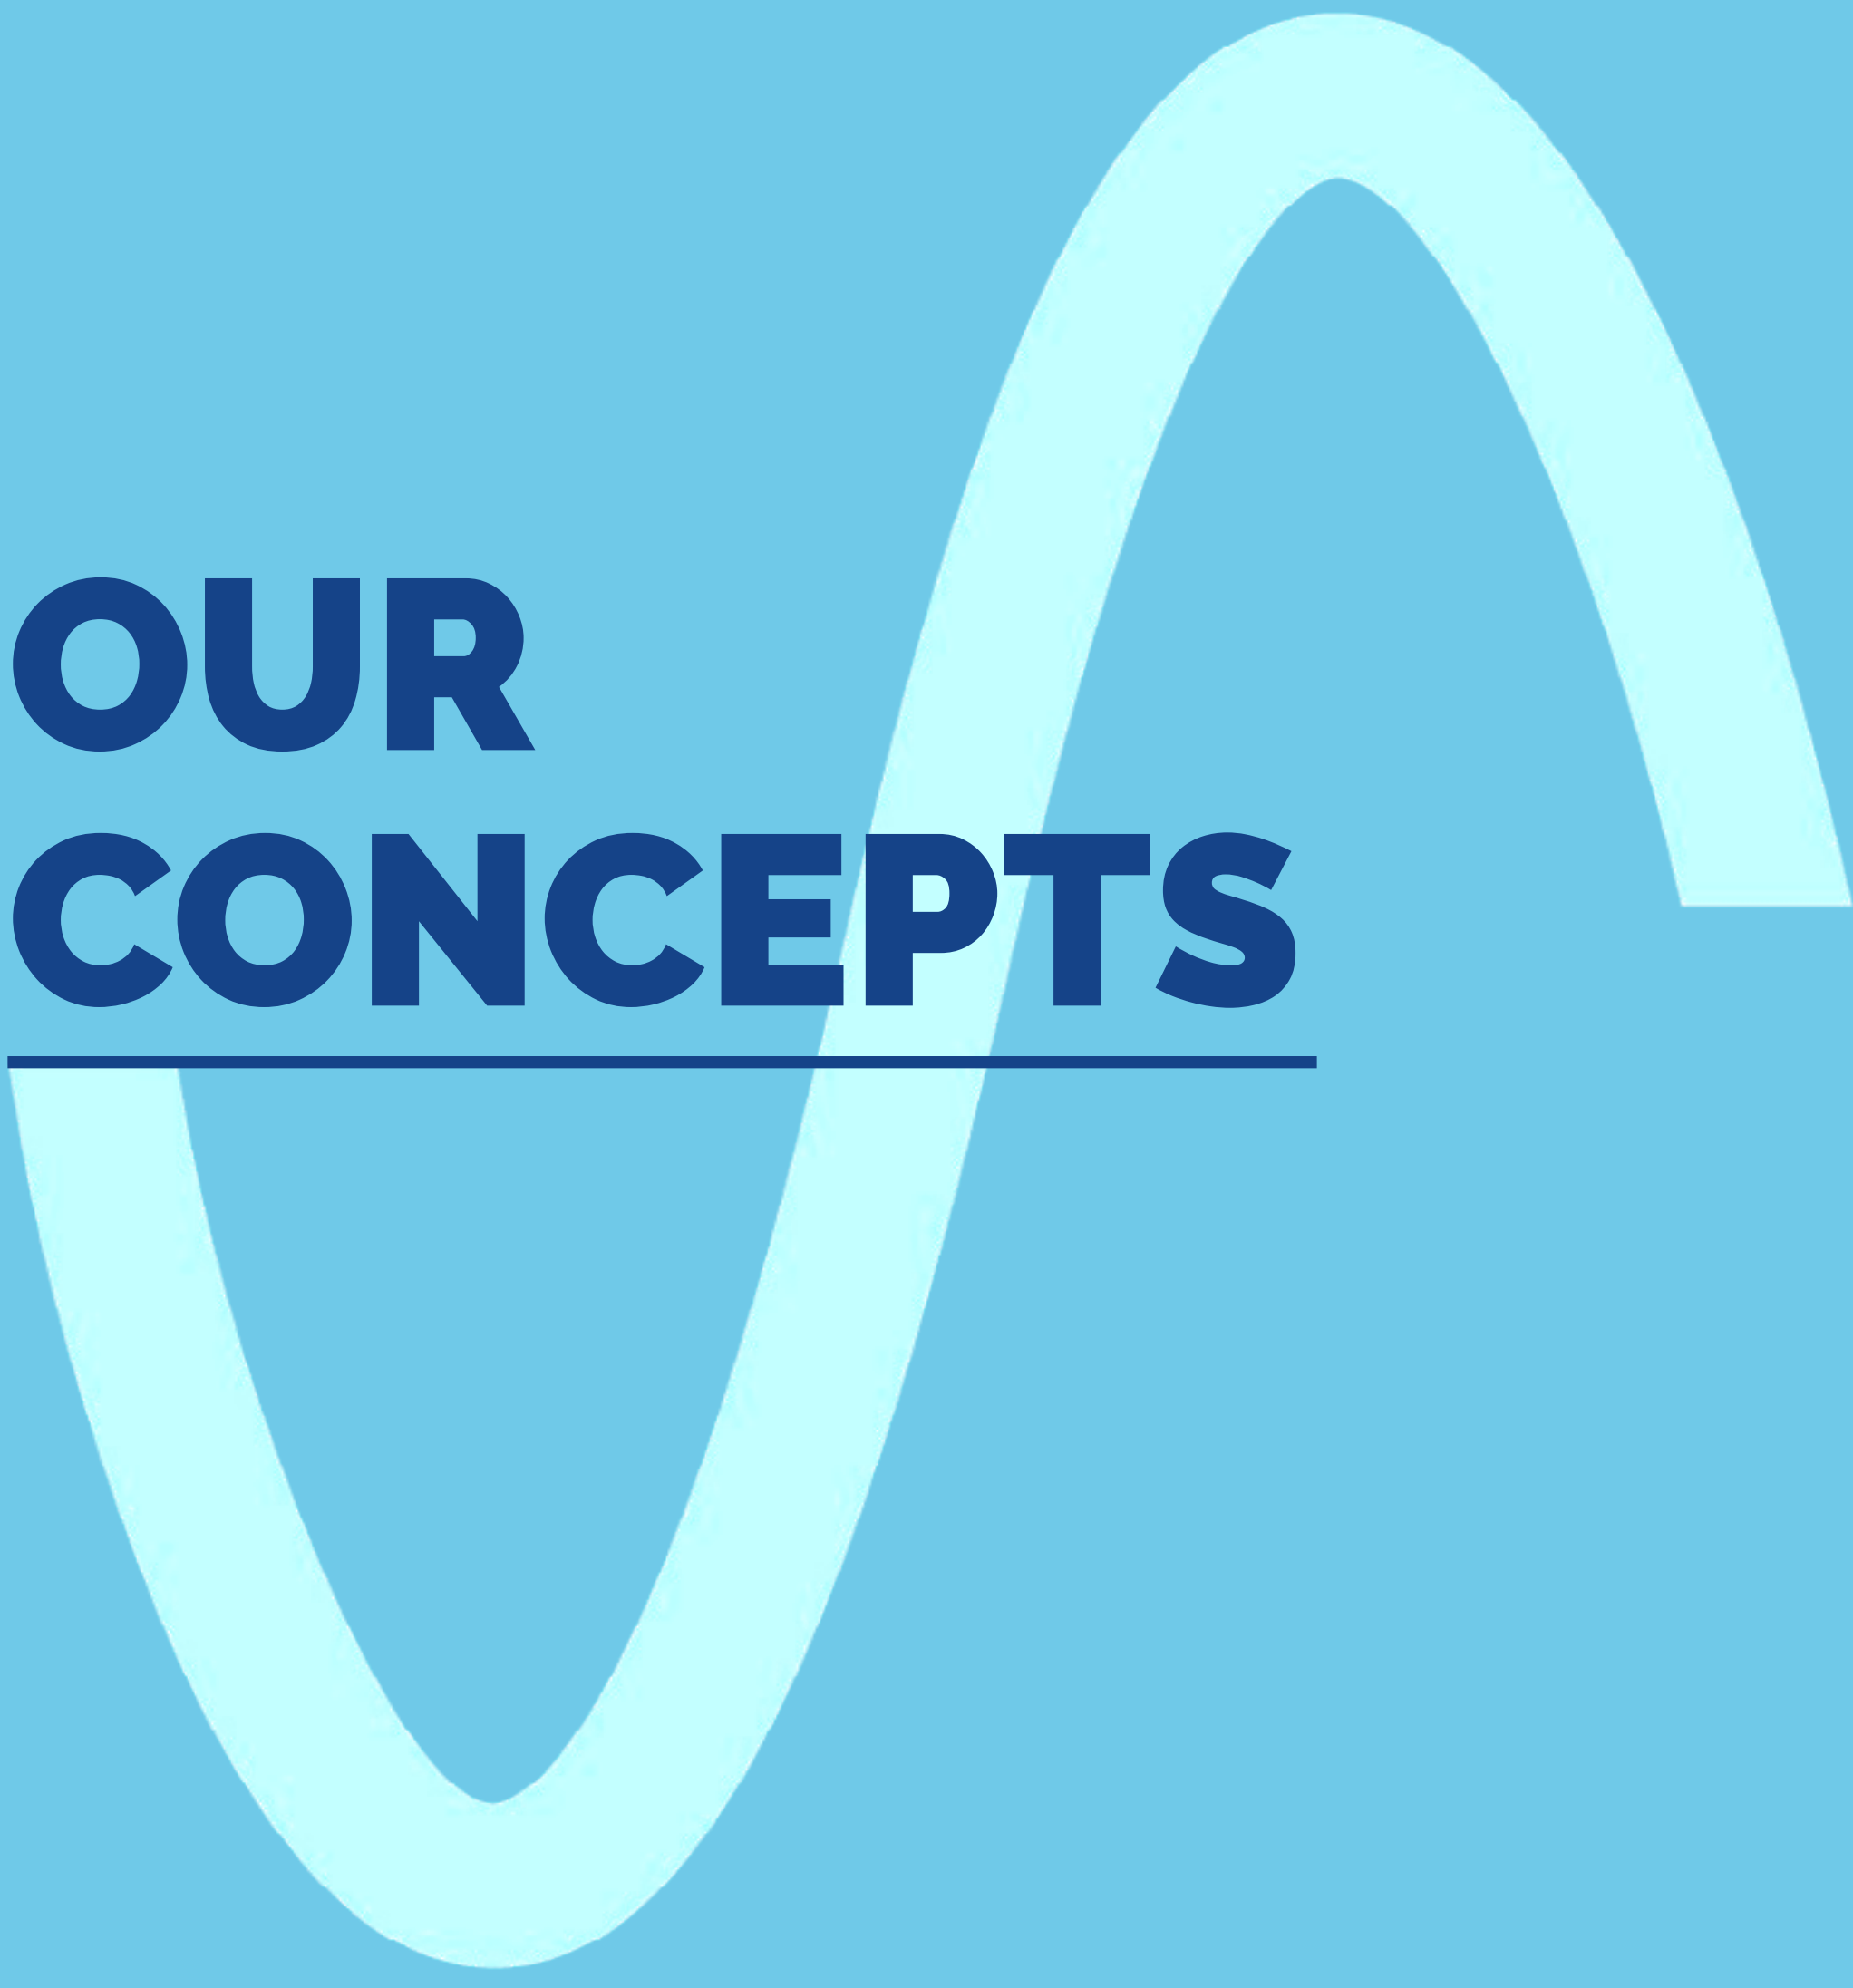

WaveSurf Academy

The professional surf instructors at our WaveSurf Training Academy will give demonstrations, help your clients and provide training to your staff. This way they ensure that your WaveSurfer is used in the correct way. Moreover, your customers will master the right techniques in no time!

For short rental periods, our WaveSurfer Training Academy will help your visitors in a professional and didactic way. The instructors teach them the basic techniques so that they can take their first steps on a board.

OUR CONCEPTS

WaveSurfer Mobile on trailer

TECHNICAL INFO

- ~ Dimensions: 6 × 14m (footprint)
- ~ Net surf surface: 36m²
- ~ Water: 60m³
- ~ 110 kW
- ~ Set up: 3 persons/12 hours

WaveSurfer Mobile Compy

TECHNICAL INFO

- ~ Dimensions: 4 × 14m (footprint)
- ~ Net surf surface: 18m²
- ~ Water: 30m³
- ~ 63 kW
- ~ Set up: 2 persons/ 2 hours

CONCEPTS RENTALS

The **WaveSurfer Mobile Compy** is more compact, but the fun level remains just as high! The Wave-surfer Mobile Compy is accessible to young and old, beginner or advanced. And thanks to the platform, the fans encourage everyone along the sidelines!

The **WaveSurfer Mobile** is literally built on a trailer. Your waves are at a different location in no time! A fantastic surfing experience and an eyecatcher to rent for a short or longer period!

OUR PROJECTS

RESORTS & HOTELS

Banana Island Resort Doha (Qatar) is a crescent of golden beach and over water villas just off the coast of downtown Doha.

This private island is a playground for all ages, with adventures on land and in the water. They take pride in boasting many first and only experiences, from an F1 simulator to floating HamacLands and... the **Wave-Surfer Extreme with 4 jets**. This surf ride is completely personalized for Banana Island: the extreme curve was designed specifically for the resort.

RESORTS & HOTELS

Hotel Victoria is a luxurious 5-star hotel from the group GF hoteles, It's a family resort situated in **Costa Adeje (Tenerife)**. The resort aims to attract a wide audience and invested in activities that can animate young and old. When designing the water park, the team chose to integrate attractions for kids and adults. The choice for the **Wave-Surfer 2 jets** was obvious: with a maximum surf surface of 68m², up to 6 people can enjoy a fun surf experience at the same time.

CAMPINGS & HOLIDAY PARKS

WOOLACOMBE BAY
HOLIDAY PARKS

Woolacombe Bay Holiday Park is located in Devon (U.K.) near by England's best beach as voted in 2020. The owners of this holiday park, wondered how they could guarantee 'surfing' all year long? Simple... you make your own wave! This **WaveSurfer 1jet** was also equipped with a sliding roof for surfing in any weather condition.

WATER PARKS

AkOatys is the largest water park on the **island of Reunion**, a real tourist attraction.

One of the main attractions is the akOasurfer, an **outdoor** realization of WaveSurfer in 2013. The **semi-mobile WaveSurfer** is mounted in a **full stainless steel tank**, durable and much more hygienic.

The operator asks an extra fee on the entrance ticket which generates extra income.

WATER PARKS

The **Lalandia Aquadome in Rødby (Denmark)** is one of Scandinavia's largest waterparks. The Aquadome is the major focal point of Lalandia and is full of children and adults all enjoying the many water activities. In no time the **WaveSurfer 2 jets** has become one of the main **indoor** attractions.

A second **indoor Wavesurfer 2 jets** is installed in **Lalandia Sondervig** also in Denmark.

WATER PARKS

This water park is located on the **island of Oléron**, a French island, with areas for the little ones so they can discover the pleasure of swimming, but also areas for the older ones with a wave pool, giant slides and of course **the Iléo Wave, an outdoor WaveSurfer 1jet.**

WATER PARKS

Tatralandia
DOBRODRUŽSTVO A ZÁBAVA

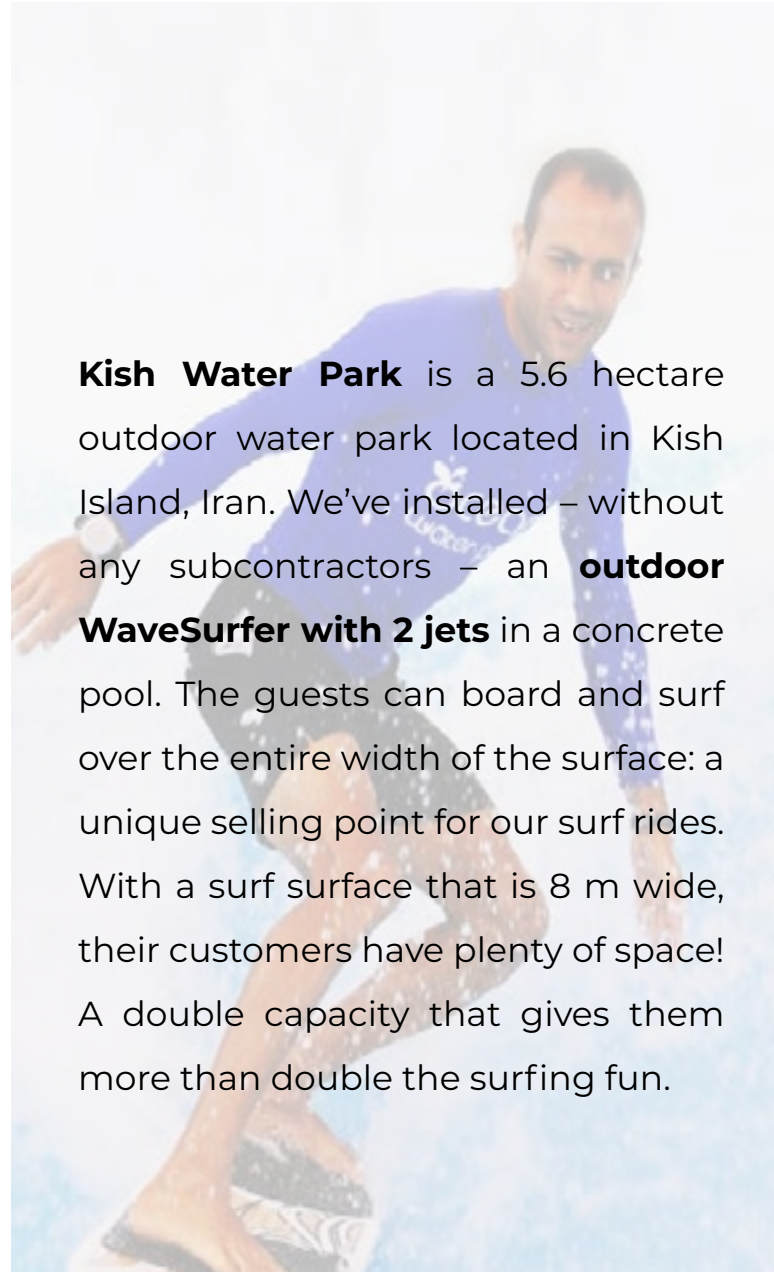

Aquapark Tatralandia is the biggest water park in **Slovakia** and one of the largest in Central Europe. In 2019, WaveSurfer built an indoor surf simulator, the Surf Waves. **The indoor Wave-Surfer 4 jets, 2 installations of 2 jets,** has a total surf surface of 136 m² and the capacity to provide a great water experience to 12 persons at the same time.

WATER PARKS

Kish Water Park is a 5.6 hectare outdoor water park located in Kish Island, Iran. We've installed – without any subcontractors – an **outdoor WaveSurfer with 2 jets** in a concrete pool. The guests can board and surf over the entire width of the surface: a unique selling point for our surf rides. With a surf surface that is 8 m wide, their customers have plenty of space! A double capacity that gives them more than double the surfing fun.

WATER PARKS

Ocean Park Hong Kong, commonly known as Ocean Park, is an amusement park situated in the Southern District of Hong Kong. It is the second largest theme park in Hong Kong with more than 7 million visitors per year.

The park is always looking to innovate with new attractions: the fully **indoor customized WaveSurfer 2 jets** was installed in the spring of 2021 and is expected to become one of the new top attractions

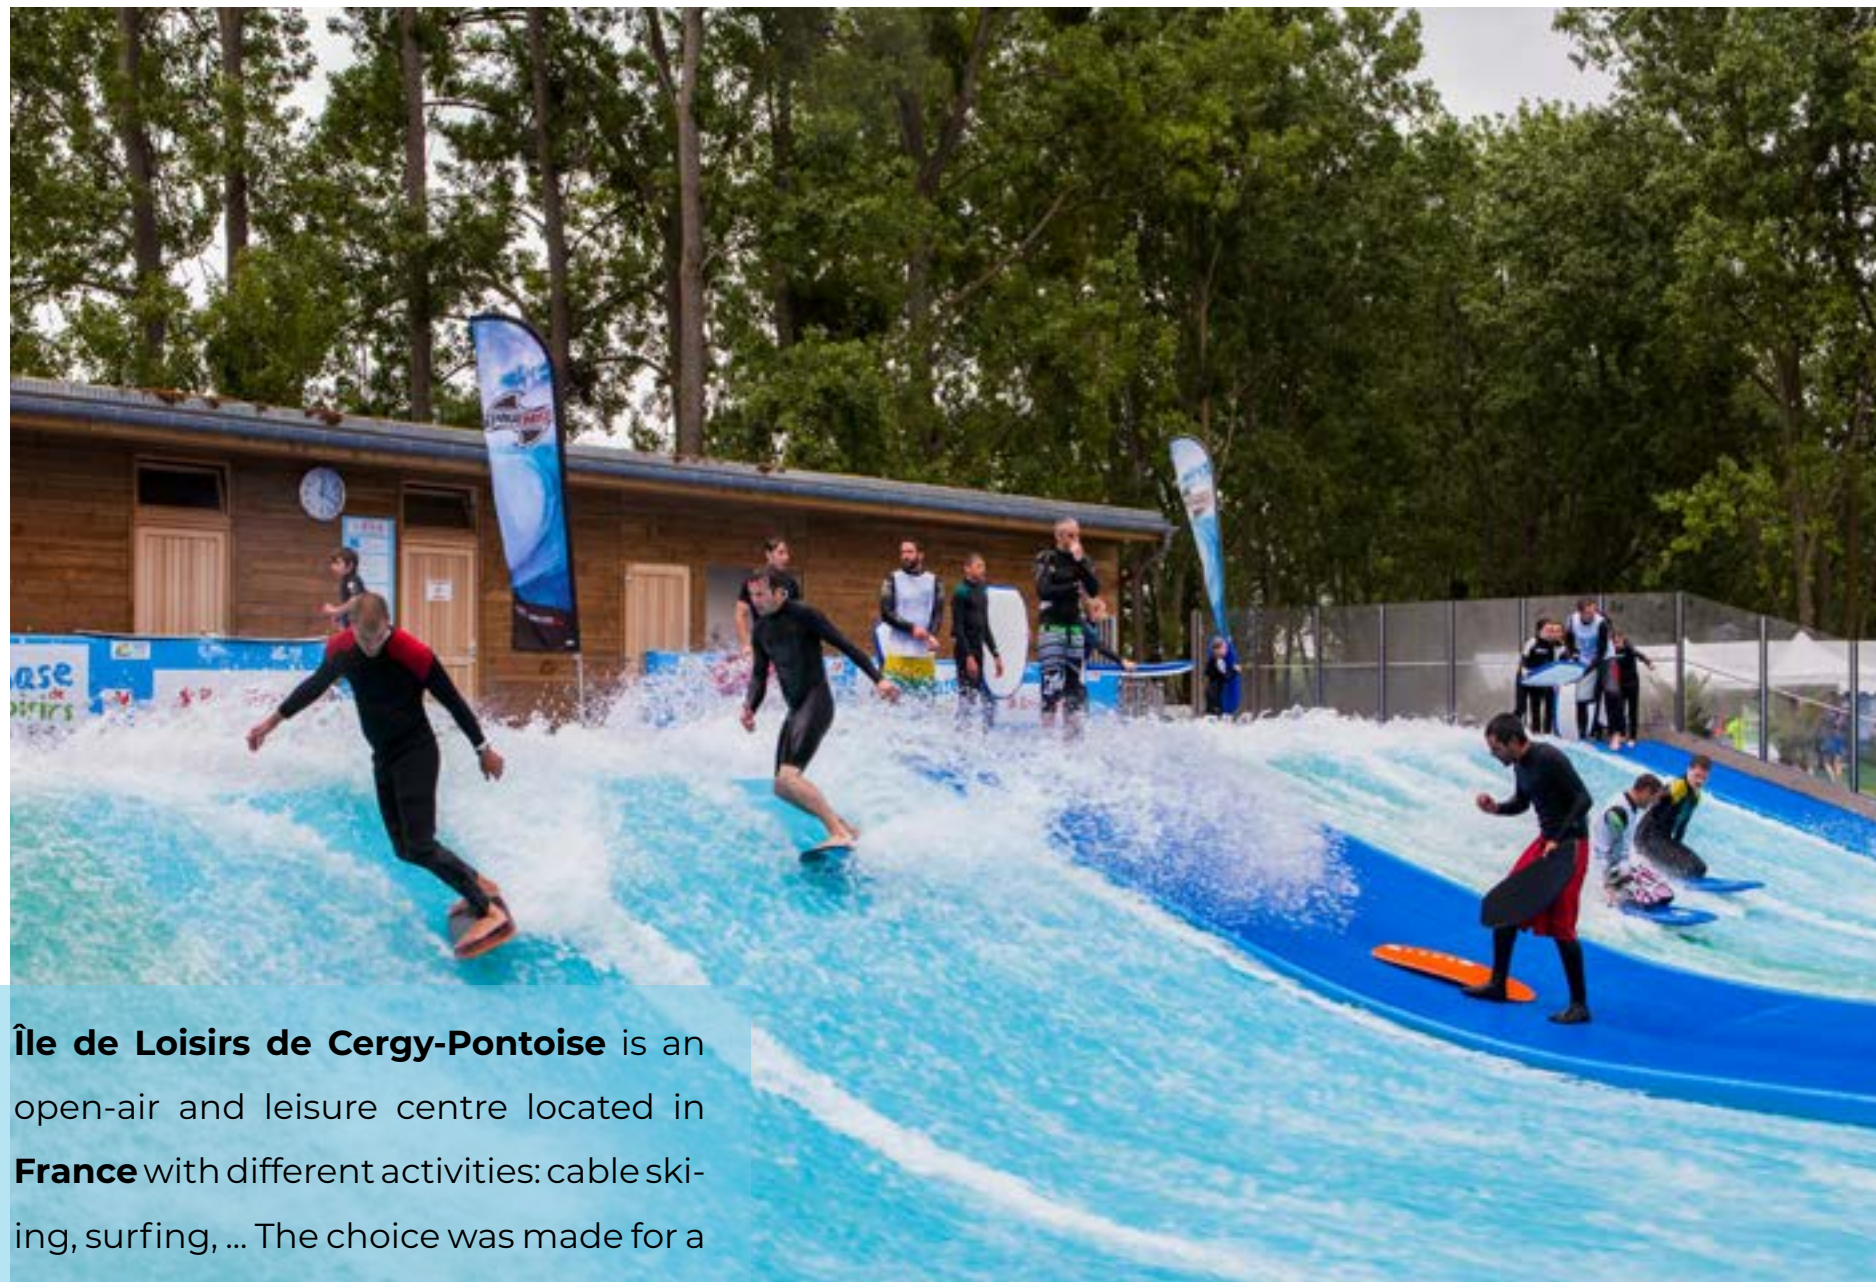

ADVENTURE PARKS

Down Under is an extreme adventure park in Nieuwegein in **the Netherlands**. To extend their season and appeal to a wider audience, the young company invested in an indoor surf ride. The **WaveSurfer 2 jets** is installed in a concrete construction.

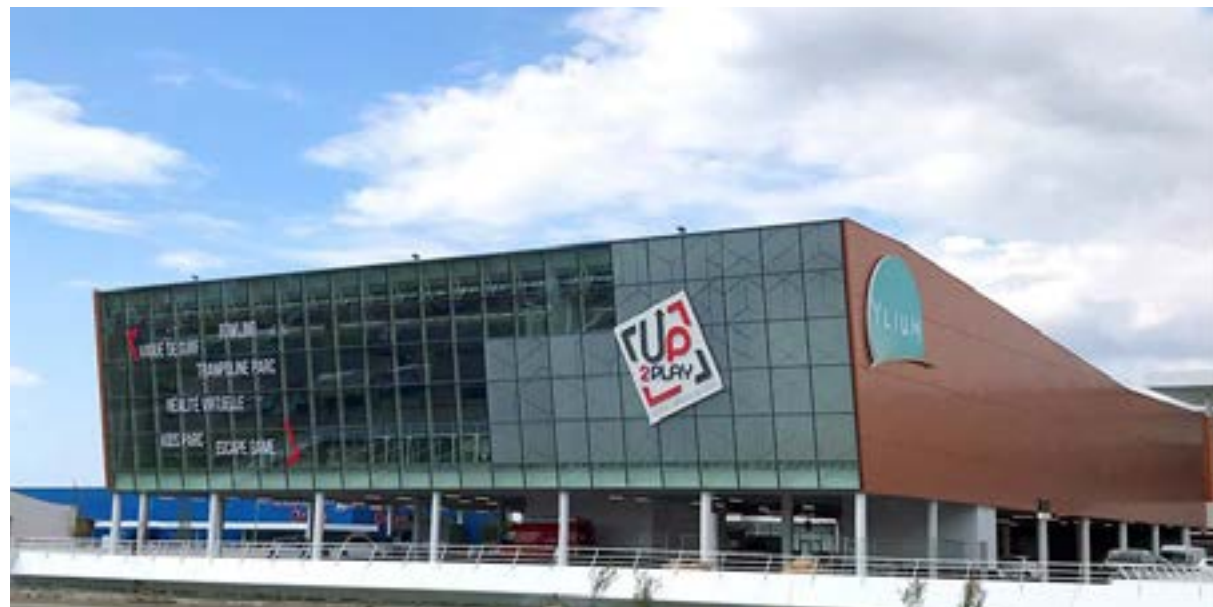

ADVENTURE PARKS

Île de Loisirs de Cergy-Pontoise is an open-air and leisure centre located in **France** with different activities: cable skiing, surfing, ... The choice was made for a **WaveSurfer 4 jets: 2 installations of 2 Jets**.

SHOPPING MALLS

Located in the heart of the extension of the YLIUM shopping centre in Les Sables d'

Olonne, the UP2PLAY complex offers a unique living space, with a convivial area bringing together **different work and leisure activities** on 3.500 m²: meeting rooms, co-working spaces, bowling, trampoline, kids park, escape game rooms, an area dedicated to virtual reality and... a surf ride.

We installed a **semi-mobile WaveSurfer in a stainless steel pool**. Moreover, the WaveSurfer stands **on the first floor** of the complex. Quite a challenge, but not impossible for our R&D and installation team.

FAMILY ENTERTAINMENT CENTERS

Wakalase is a brandnew leisure center in **Cernay** (nearby Mulhouse) in **France**. This center brings together different leisure activities in a space of 4.500m²: **surfing, e-karting and laser game**.

For this project, the client chose a **WaveSurfer semi-mobile 4 jets**.

FAMILY ENTERTAINMENT CENTERS

Area 53 is a brandnew indoor activity center in the heart of **Antwerp, Belgium**. This leisure center combines the **WaveSurfer 2 jets** with **e-karting, bowling** and **other indoor interactive games**, perfect for team buildings, parties our just a night out with friends and family.

FAMILY ENTERTAINMENT CENTERS

Surfing in the mountains?

It's now possible in **Xstream Park**.

This leisure center of 2.000m² is located in **Collombey, Switzerland**, nearby the Alps.

People can enjoy a nice surf ride on our **WaveSurfer 2 jets** or jumping around in the 800m² trampoline park.

BEACH/ SURF CLUB

XFlow is the only real surf simulator in **Portugal**, on the beach of Albufeira, since 2016. The overall concept was launched by FunTrust with the aim of promoting the practice of a new sport that is accessible to all and where fun is guaranteed!

WaveSurfer installed a **semi-mobile surf ride**. The surf simulator creates a flat water surface a few centimetres high, where participants can surf continuously and perform tricks and manoeuvres.

BEACH/ SURF CLUB

Wuzhizhou Island is located in Haitang Bay, the national coast of Sanya City, Hainan Province, **China**. This tourist resort on the island has dedicated dive sites, luxury hotels, restaurants, leisure attractions and... a surf ride on the beach integrated into a pirate boat. The **Wavesurfer 2 jets with concrete pool** was **completely personalized** and integrated into the paradisiacal environment on the beach.

EVENT LOCATION

Surf Arena is an indoor event venue near the centre of Prague. The space offers a capacity of up to 250 people and serves as **an event location for parties, music shows and team buildings.**

The main attraction, is the indoor surf simulator **WaveSurfer 2 jets**. The advanced technology used, allows you to enjoy the ultimate surfing experience even far away from the ocean.

FRANCHISE CONCEPTS

Nicki Surf offers the ultimate attraction in DECATHLON Village in **Aix-en-Provence**: surfing all year round on a perfect wave. Nicki Surf guarantees a unique surfing experience for both professional surfers and beginners.

Nicki Surf uses a **WaveSurfer 2 jets** which intensity is adjustable . It allows beginners to take their first steps on a board in complete safety, but at the same time offers experts the perfect surface to develop new moves. Two pumps project the water from the basin onto the surfing surface at a removable speed.

FRANCHISE CONCEPTS

WaveSurf Café Bordeaux - Perpignan - Grenoble - Paris

Located in **Bordeaux** and **Perpignan** the **Wave Surf Café** is a franchise **with a concept bar** where you can surf on an artificial wave. This indoor surfing spot welcomes surfers and bodyboarders all year round, with options for novices, beginners and more experienced surfers.

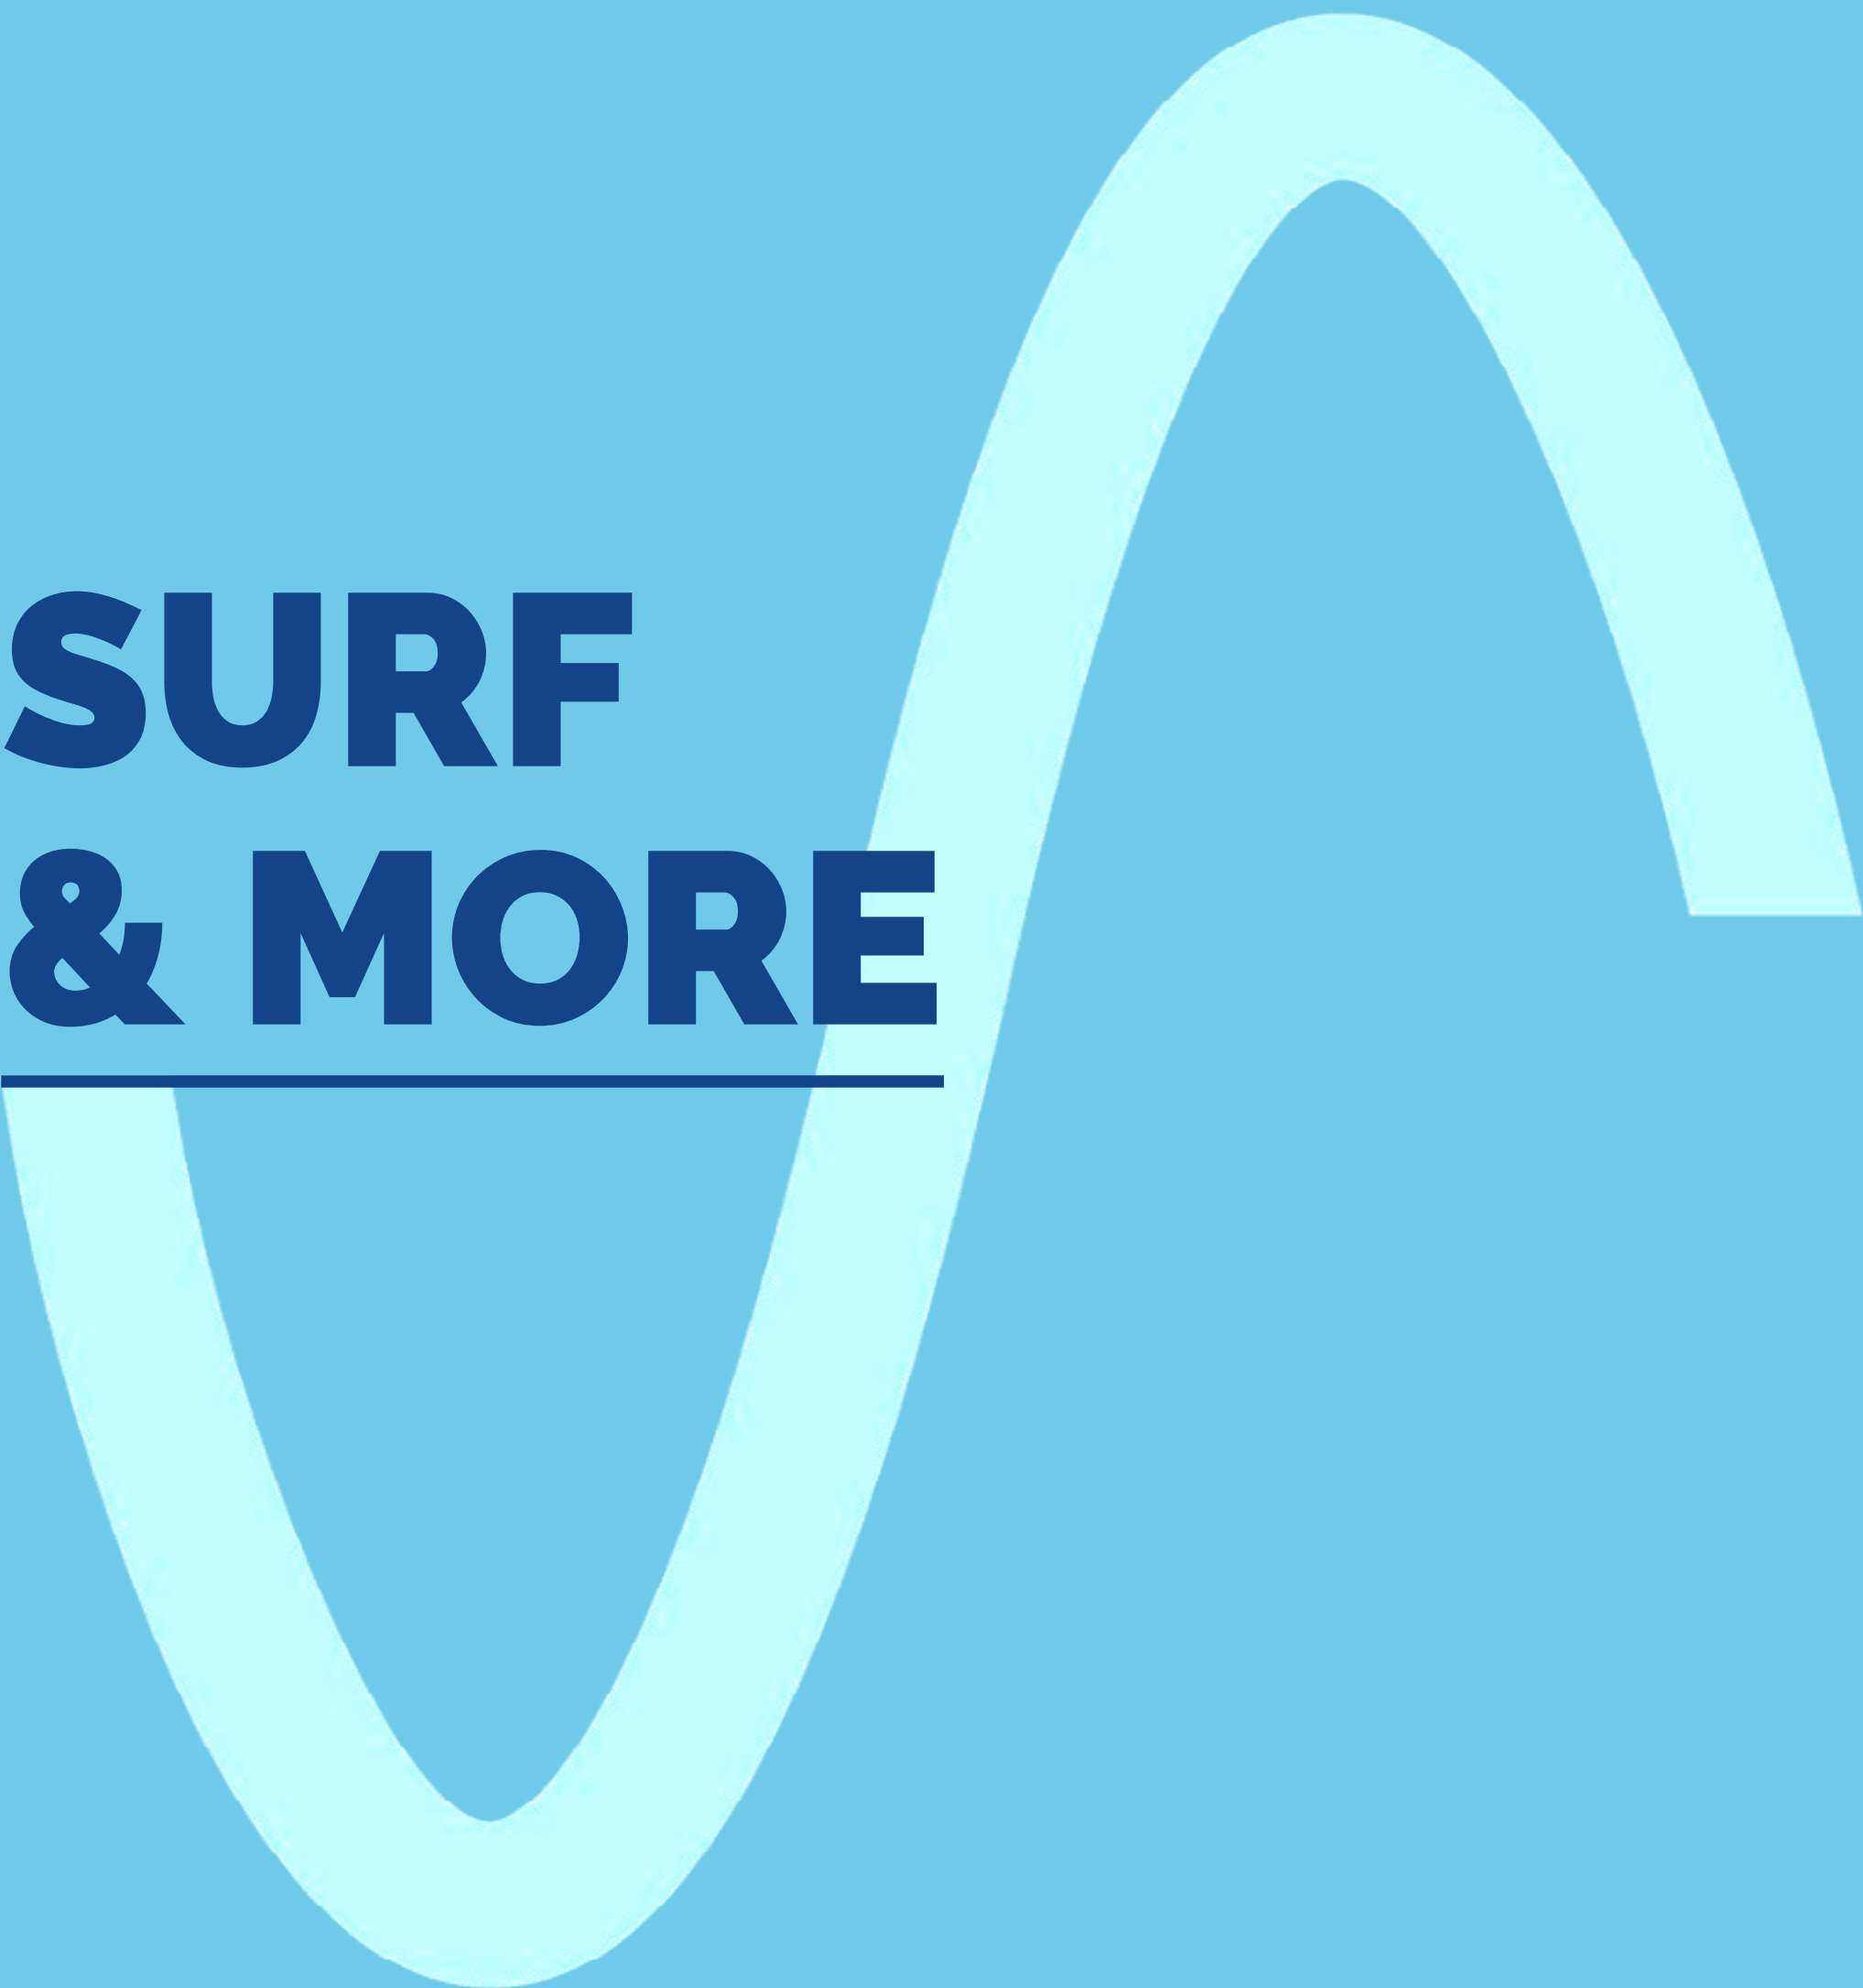

In **Perpignan**, the visitors can enjoy **bodyboarding and surfing** all year round and a **350m² trampoline park** for free jumping. A (snack) bar ideal for relaxing with friends, family or during a company meeting.
