

## SAUDI ARABIA'S CAPITAL CITY IS NOW PLAYABLE ON THE WORLD'S MOST REALISTIC & FUN SPORTS SIMULATOR

Riyadh's most well-known buildings appear with incredible realism inside a 3-dimensional playable environment. Created to the same very high standards as London, New York, Paris and Dubai, ensuring that the Middle East leads the future expansion within the entertainment industry and attracts major tournaments. The city's iconic buildings such as Al Athariyyah Castle, Masmak Fortress, Al Faisaliyah Center, Burj Al Anoud, Riyadh Water Tower, Riyadh TV Tower, Kingdom Centre, Al Majdoul Tower, King Fahd National Library and King Fahd National Library pedestrian bridge. The Kingdom's environment has been created around the King Fahd Road and Makkah Al Mukarramah Road intersect; where animated cars are viewed driving. The most popular sports playable on the Ultimate Simulator in the Arabian Region include Soccer, Cricket, Tennis, Motor Racing, Golf, Basketball, Rugby, Archery, Handball, Volleyball and Football. There are 60+ Sports playable on 3,500+ Sporting Venues from around the world, with 1,500+ game challenges, ensuring the simulator is always fresh with exciting experiences. With continual free upgrades, establishments such as family entertainment, hotels, sports stores, restaurants, residential apartments, health clubs, theme parks, cinemas, trampoline parks and shopping malls have exciting reasons why customers wish to regularly return. Any city worldwide is recreated, alongside any game challenge showcasing the sponsor's own branded product or service. Which famous city or game challenge should be created next?
