Hello!

WHO WE ARE

Bursapark Play Groups established in 2008 in 4th biggest city in Turkey "Bursa" by with the motto of "Happy Families and Happy Children". By this motto and as a producer role, in a short period of time, our company has the leadership domestically.

Bursapark has the sign at almost every indoor play ground all around Turkey as a producer with the position of leadership after our hardworking since establishment. Within the last years we have had the honour to represent our beautiful country in addition to our domestic market leadership. We establish ready-to-use projects at the countries in Middle East, North Africa, Europe and the U.S.A. Bursapark is working to be regional and global player in this sector.

Bursapark is serving Project design, manufacturing, assembly and technical support to its valuable customers by paying attention to quality, international regulations and customer satisfaction.

WHO WE ARE

bursapark.com.tr

PROJECT DESIGN

BursaPark, provide R&D (Research and Development) and design studies, taking into consideration of the new trends as well as consumer demands all over the world. In this context, we support our customers providing them with new products and projects so that they can retain sustainable and raise awareness.

VR TECHNOLOGY
Explore your project with VR technology.

FACTORY PRODUCTION

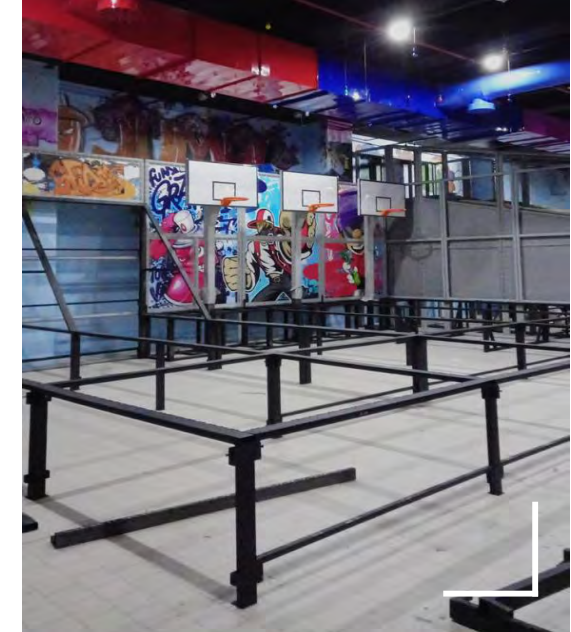

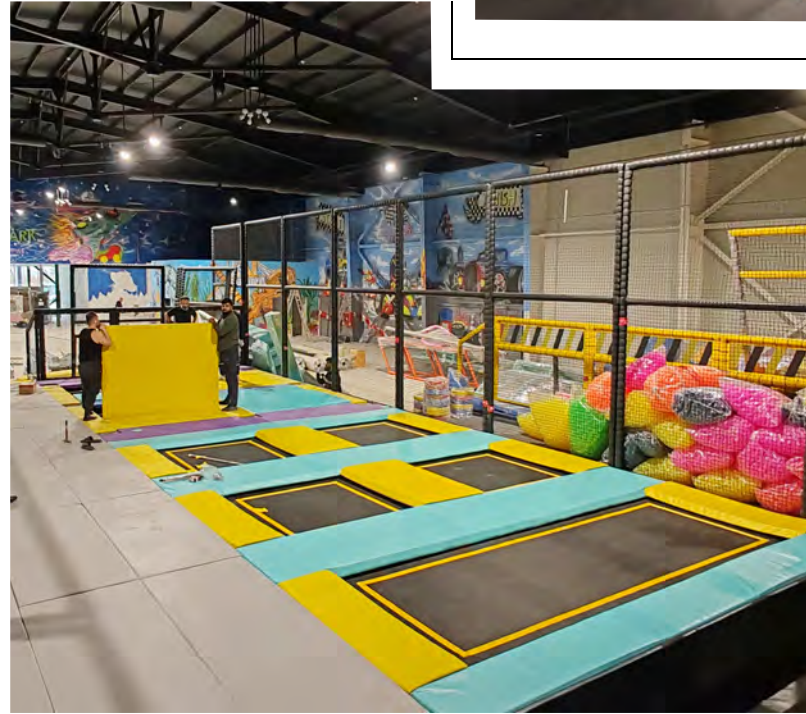

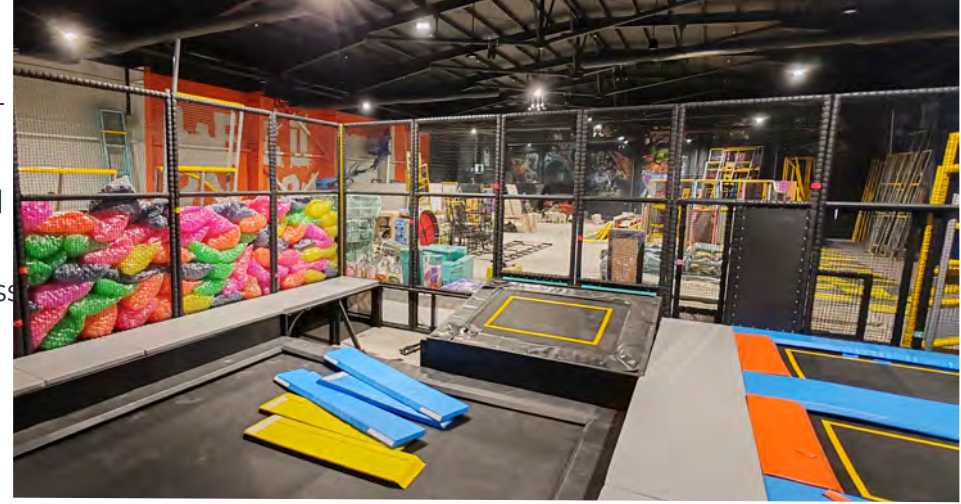

i

BursaPark manufactures all products in its own factory based in Bursa, Turkey, in accordance with EN 1176 standards and with team specialized in production. BursaPark increases export capacity year by year considerably by selling more than 40 countries in line with rapid growth in exports.

INSTALLATION SERVICE

As Bursapark, we are serving indoor installation service worldwide with the control of formens who are experienced in that sector and special trained teams. While this service, we are following all the security rules and use Profes and technological methods to ensure the customer satisfaction and quality.

EXHIBITIONS WHICH WE ATTEND

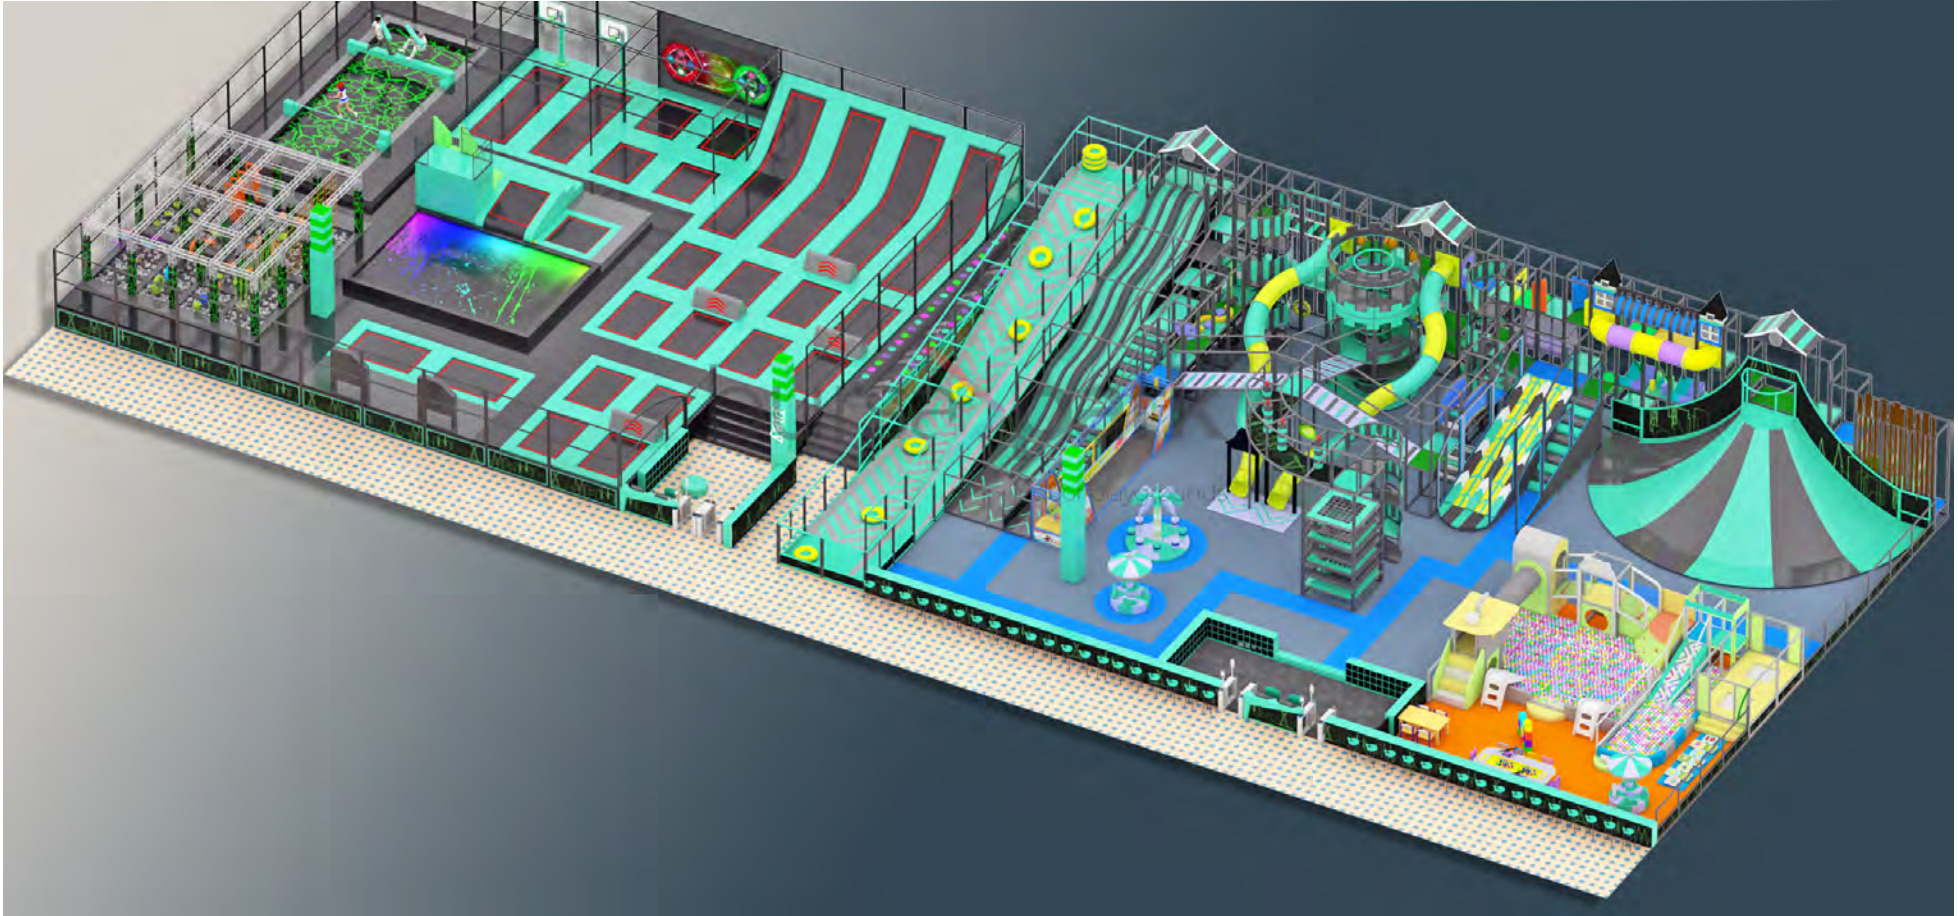

OUR PROJECTS

Let's make your dreams come true together.

Bursapark design team follows the latest trends in the World and gives you the most suitable design for your area.

What you see in your design, you will get in real. You can find some of our projects below

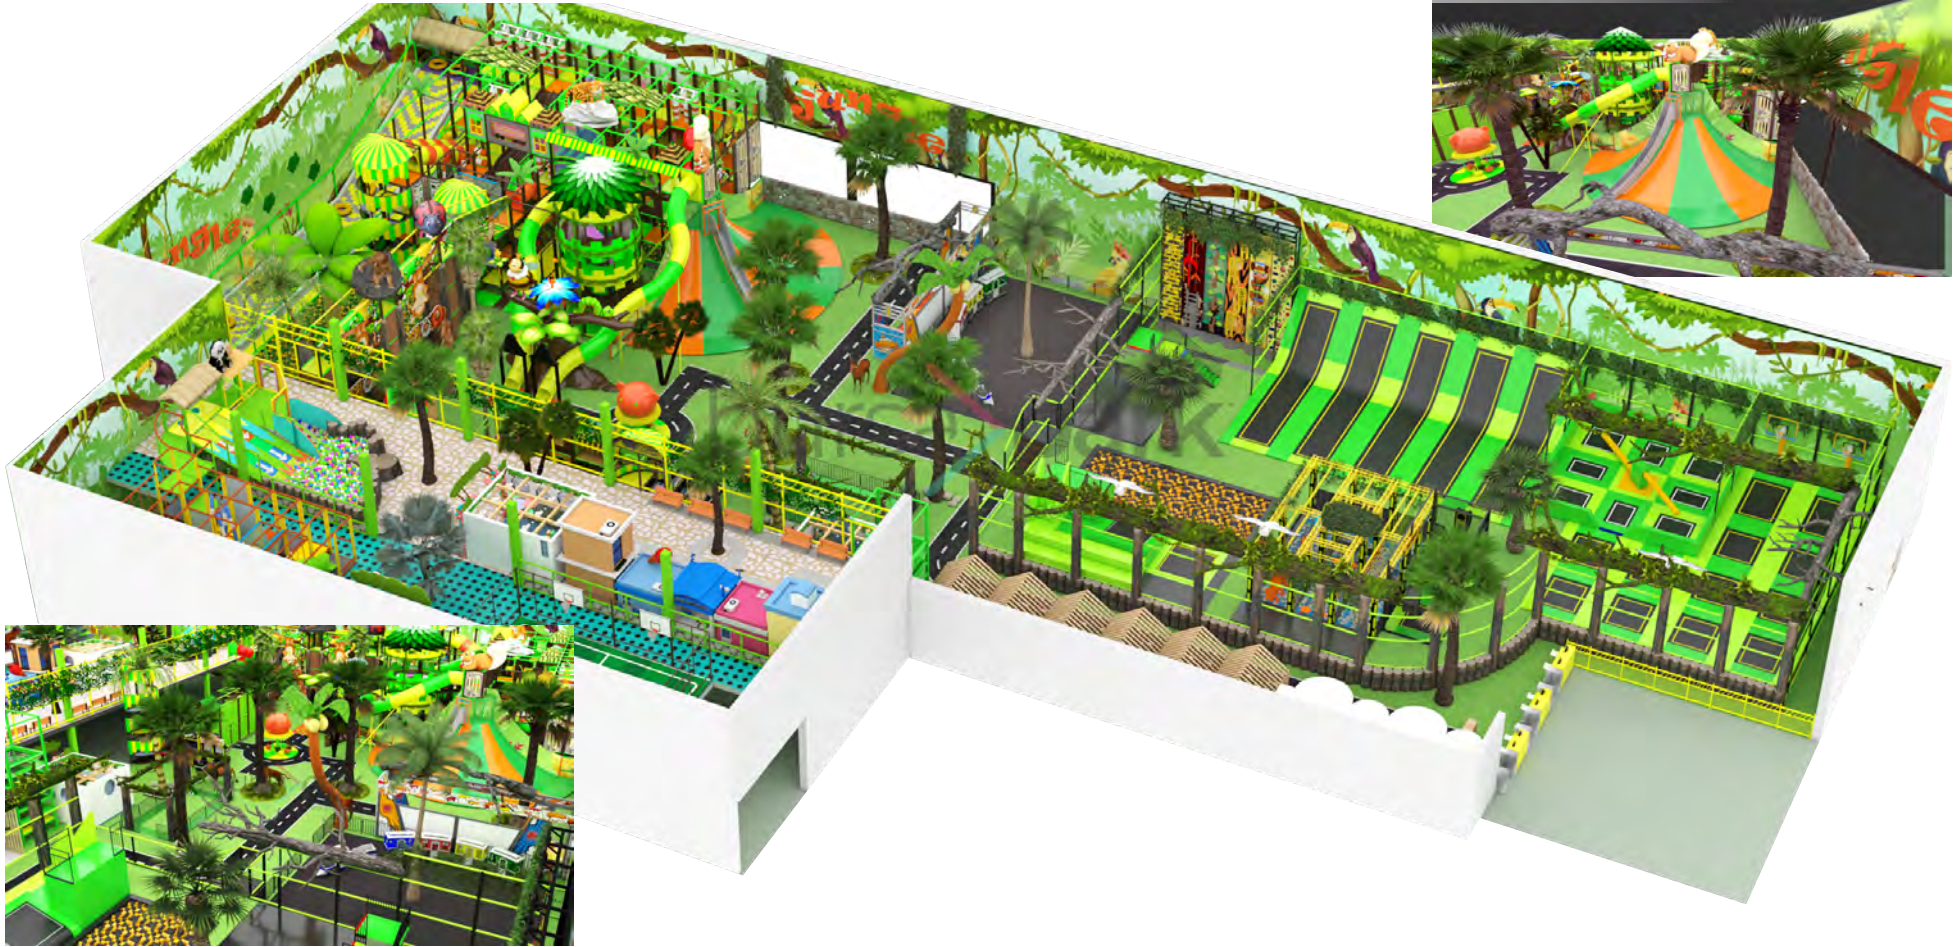

OUR PROJECTS

Let's make your dreams come true together.

Bursapark design team follows the latest trends in the World and gives you the most suitable design for your area.

What you see in your design, you will get in real You can find some of our projects below

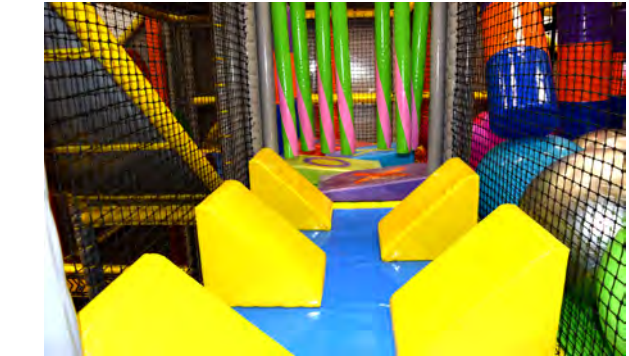

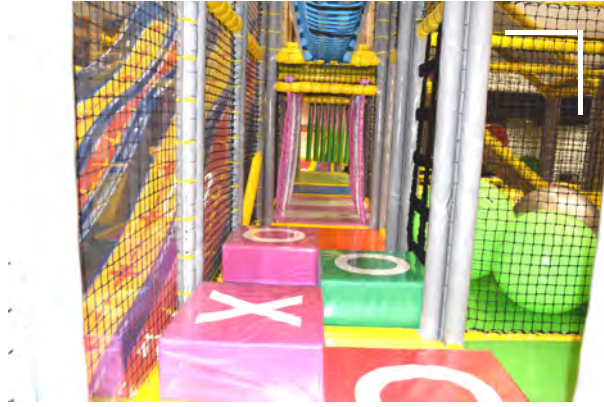

SOFT PLAY

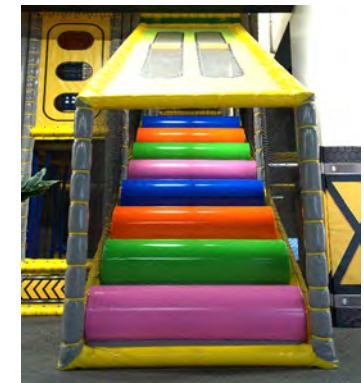

With 15 years of experience in indoor playground manufacturing, we create the best commercial playground for you. All equipment used in indoor playgrounds are of high quality and comply with international safety standards. You can take a look the equipment used in indoor playgrounds in this chapter.

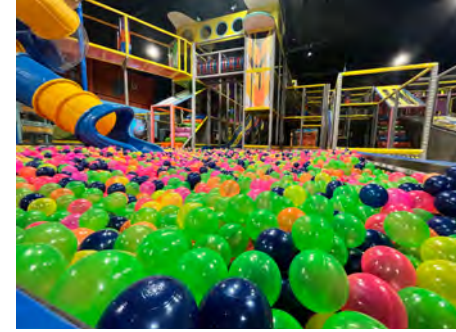

SOFT PLAYGROUND EQUIPMENTS

i

Soft play groups are produced in the base of metal frame covered with panel systems which are made of foam and tarpaulin. Beside this panel systems, we can integrate equipments as, passing obstacles, different type of bridges, platforms and slides. Systems are designed and manufactured according to EN-1176 standards.

BALL POOL

Ballpools are one of equipment children love to play in softplay grounds.

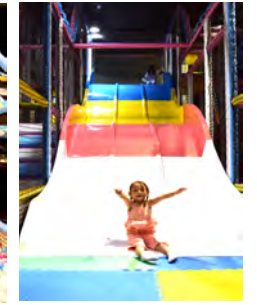

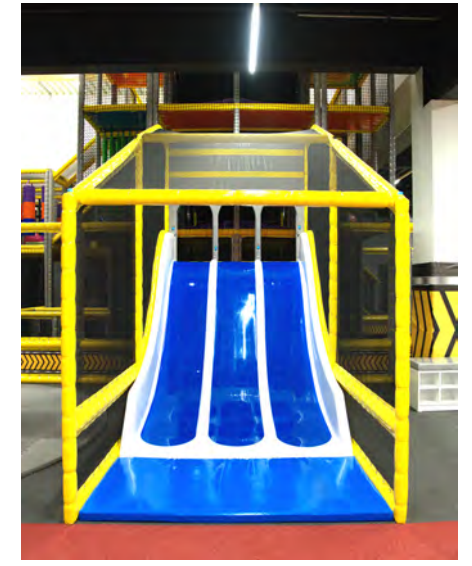

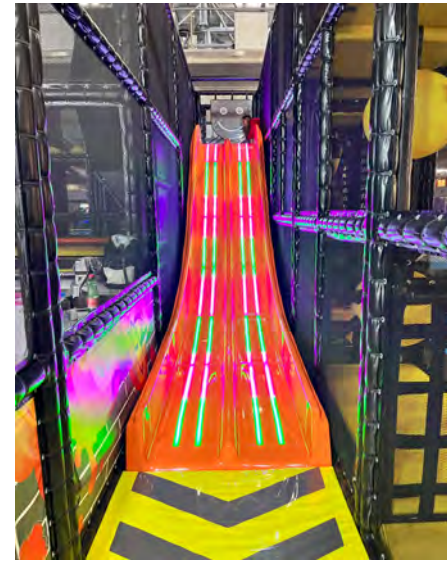

TRAMPOLINE

The enjoyable trampoline court also increases height and physical development.

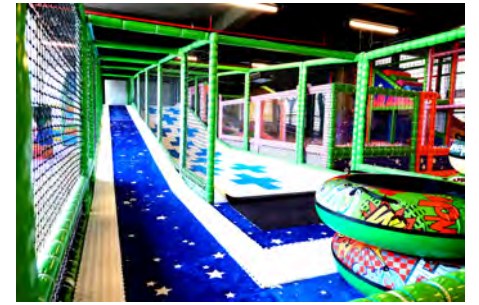

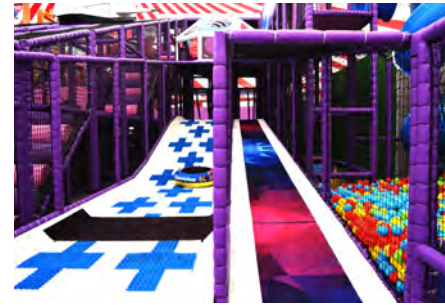

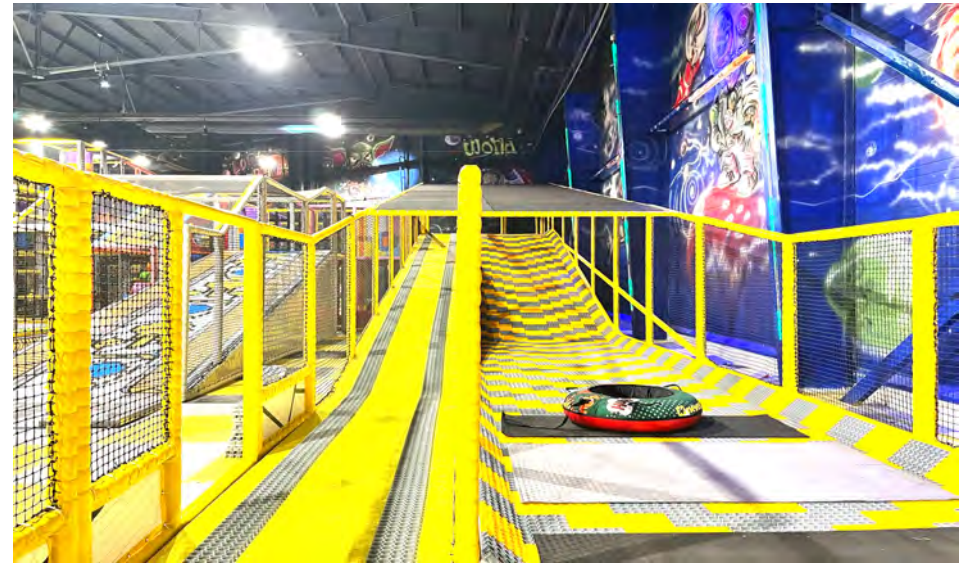

SLIDES

As Bursapark , we are serving many type of slides to our customers.

ROLLER SLIDES

Roller slides can be integrated into playgrounds, ending in a playground or ballpool

TUBBY SLIDE

We offer our children a snow slide experience with our donut slide facility.

ACTIVITY HOUSES

Activity houses can be designed like Fire department hospital, music room, supermarket, restaurant, banks.

KARTING

Karting tracks can be adapted to the play ground or designed seperately.

MULTISPORT AREA

We can adapt soft football, volleyball or basketball courts in our playground systems.

AIR LABIRENT

Children put the balls into transparent pipes and watch the balls dance with the help of air flow inside the pipes created by fans.

SPIDER TOWER

It can be designed separately from the playground or adapted with slides and bridges as a playground system.

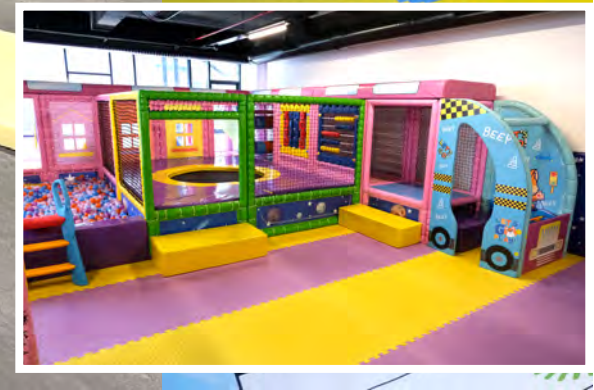

CLIMBING WALL

Climbing walls can be used separately or integrated into the playground.

TODDLER

These areas allow parents to play with their children.

VOLCANO

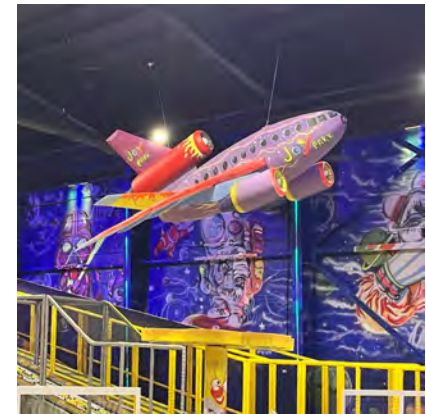

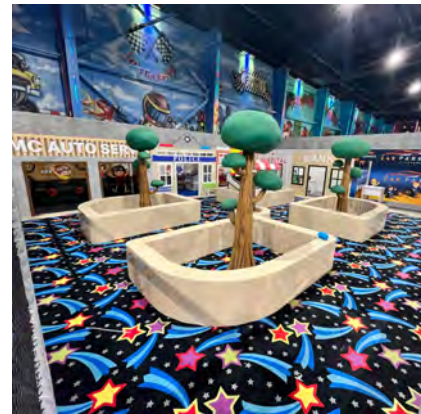

i

To ensure the safety of children using the slide, the volcano is surrounded by cushion.

3D VISUALS
We use 3D visuals and characters that match the theme of the playground.

PALM TREE

8 children aged 4-10 can play in Palm at the same time

DOLPHIN

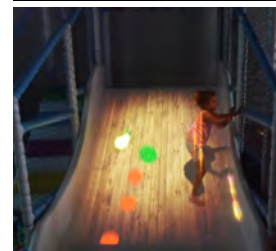

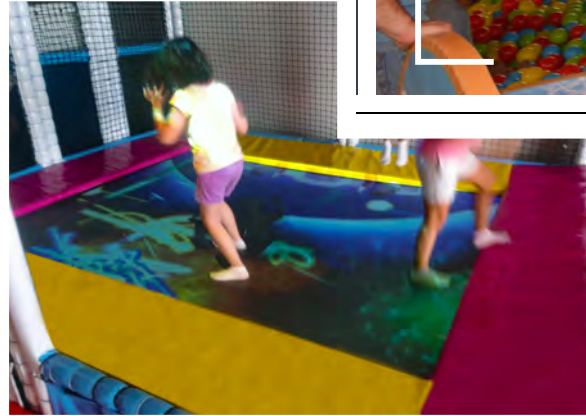

The equipment is made of 3 dolphins, allowing 3 children to play together

INTERACTIVE PLAYGROUNDS

i

As Bursapark, we provide children with an amusement park experience with interactive game systems in indoor soft play groups. All of the products used in interactive playgrounds are Bursapark production. All raw materials and parts are high quality, internationally certified products.

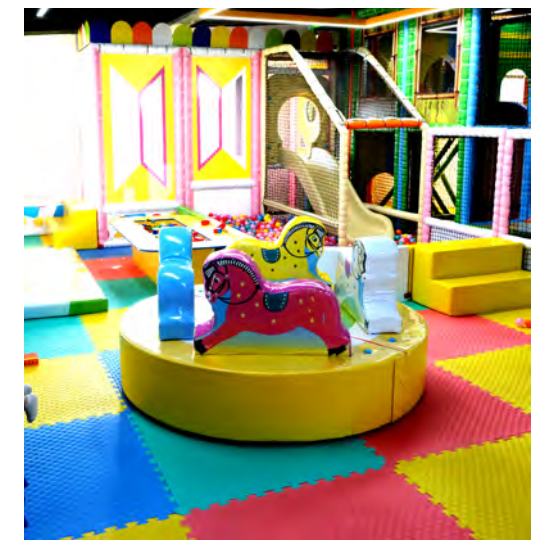

PRETTY BEES

6 children between the ages of 4-10 can play at the same time in this toy, whose seating area is designed like bees.

SOFT CAROUSEL

4 children aged 3-8 can play in Soft Carousel at the same time.

SHIP

4 children aged 3-8 old can play at the same time in the Ship.

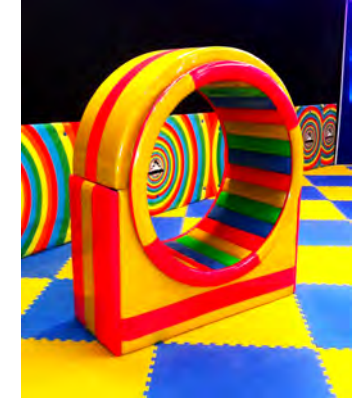

ROLLER AIR BALL

7 children aged 4-10 can play at the Roller airball at the same time.

HAMSTER

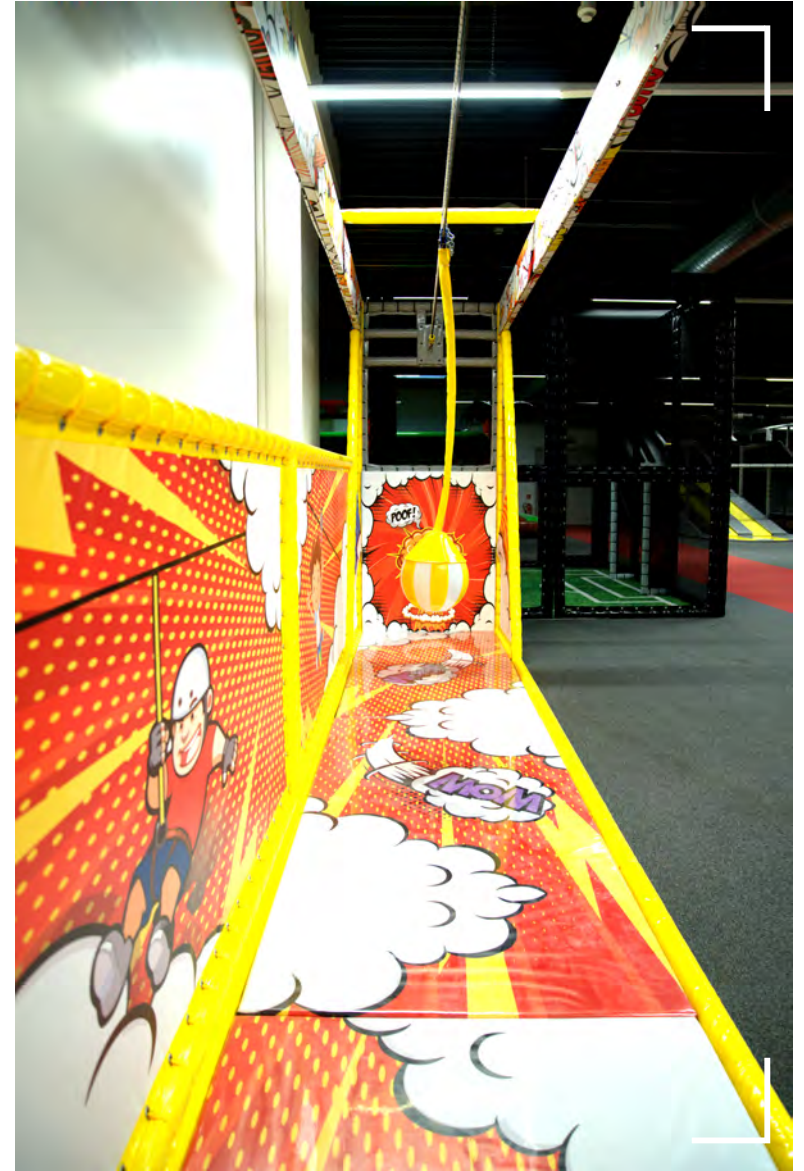

This equipment is designed from the thinking of real hamster Wheel. In hamster, only one child can play in the hamster

FLYING BALLS

Flying balls can be produced in different color and themes.

ZIPLINE

We bring the nature zipline experience to indoor playground

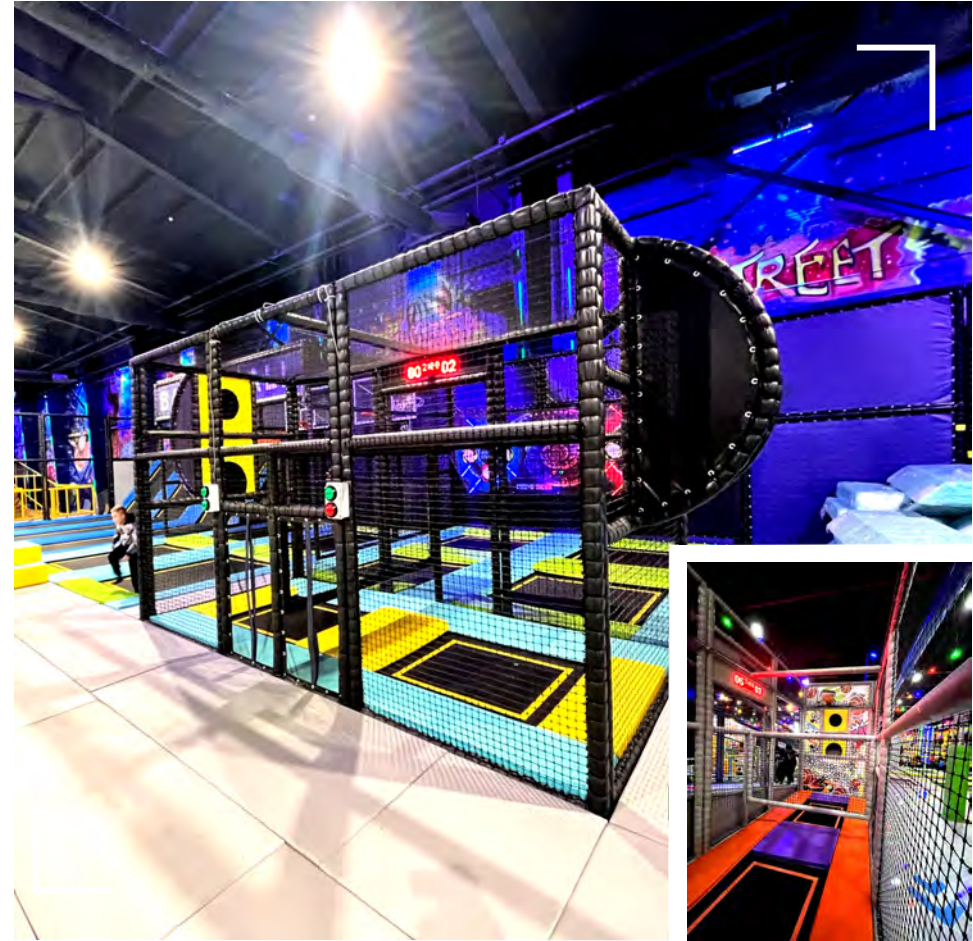

WATER TRAMPOLINE

We give children the experience of jumping on water

PIANO

It is possible to hear animal sounds as well as musical notes from this equipment

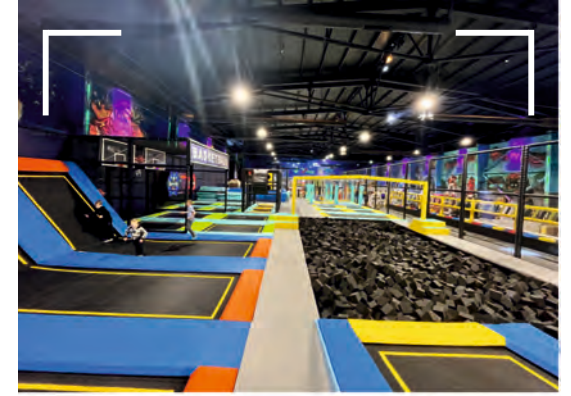

CHALLENGE TRAMPOLINE

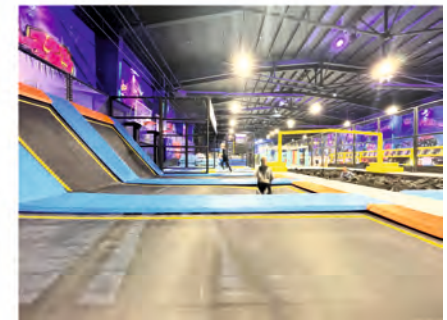

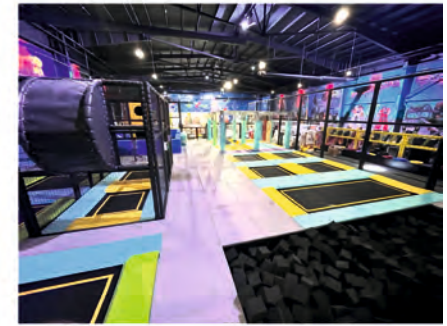

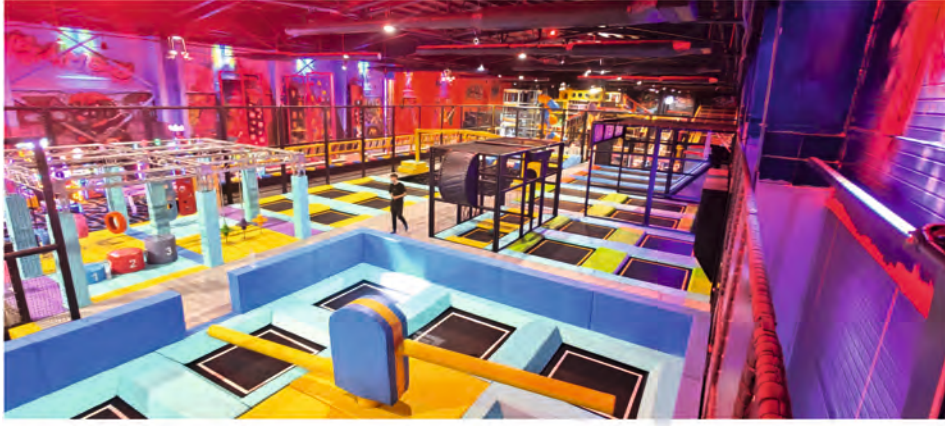

The scoreboard on the trampoline shows each point scored by the players, and the player with the most points in a set time wins.

TRAMPOLINE PARKS

You can reach the new trend of entertainment and sports trampoline parks with Bursapark quality. You can have fun in trampoline parks and do activities that will increase your physical capacity.

TRAMPOLINE AREA

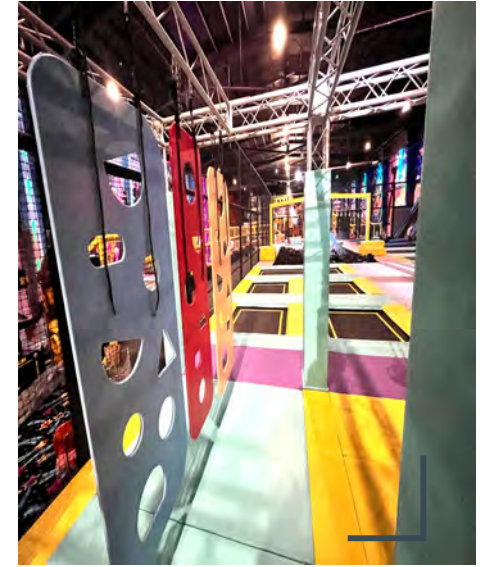

i

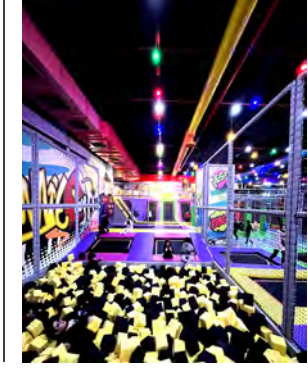

The springs are designed specially for trampolines.

NINJA COURSE

The main goal is to finish the parkour in the shortest time by overcoming the obstacles.

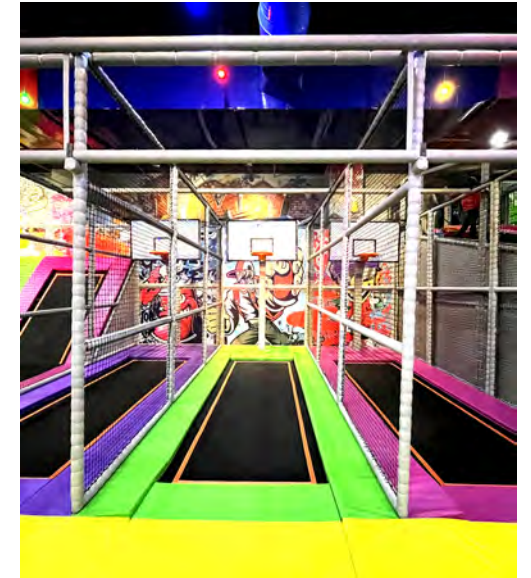

FOAM PIT

Safe jumping experience with foam pits on the trampoline

DUNK ZONE

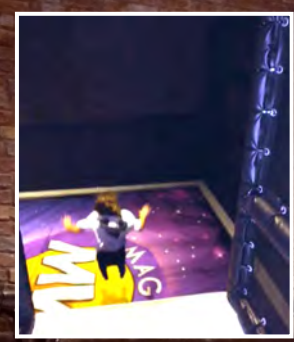

Have fun playing basketball by jumping on the trampoline.

AIRBAG

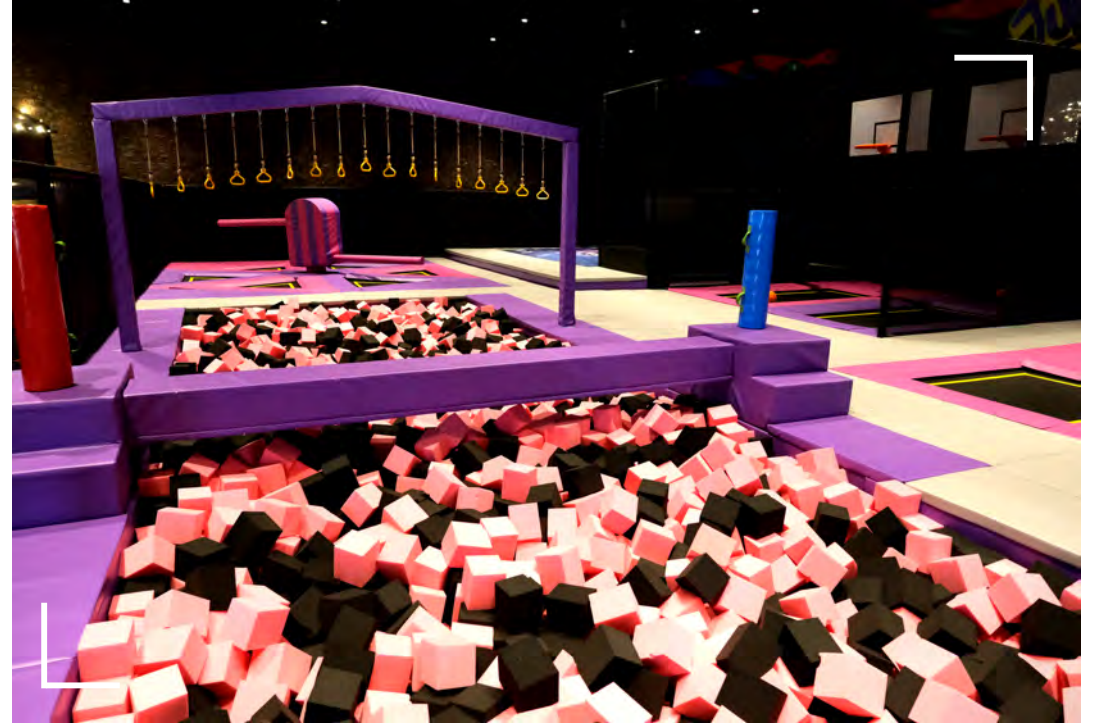

These equipment allow players to jump safely from the top of jumping towers.

BALANCE ZONE

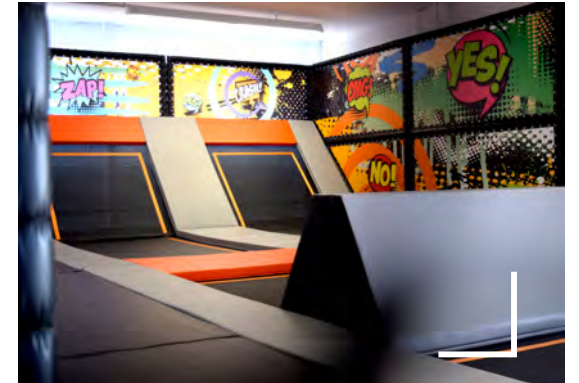

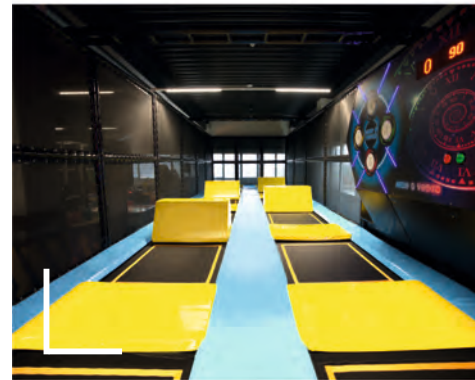

The balance zone and cylinders are covered with foam to prevent injuries

BARRIERS

Barriers can be integrated into jumping areas to increase difficulty

TWISTER

Twister is an equipment in which trampoline players try to jump over 2 soft rotating cylinders. These cylinders rotate with the engine.

DODGE BALL

Dodgeball is one of the most fun and most expanding energy among toys of trampoline parks.

JUMP'N TOUCH

This system is an interactive system that tests the player's speed and reflexes.

SAND PIT

Gives children the feeling of playing on the beach

COUNTERS

Counters can be designed with lights in requested dimensions.
