# WOG PROUDLY REPRESENTS

# VIRTUAL REALITY GAMES

## HYPER-REALITY AT ITS BEST

Enhanced with 4D effects, free-roaming, and an exclusive 5kW vibrating floor, VEX Adventure provides new sensations and memorable experiences truly unachievable at home.

With its proven unique and successful approach to immersive entertainment, it is the anchor attraction that brings new audiences in and increases repeat visitations.

### HIGH THROUGHPUT, HIGH REVENUE

On the VEX Adventure, up to six players can share the same experience together at the same time. Are you looking for more? You can add a second player kit to increase your throughput and reach up to 36 players per hour. This kind of operation efficiency is enabled with the help of our exclusive automated onboarding system with tutorials and presentation videos.

### AN ENHANCED GUEST EXPERIENCE

Offer your guests the experience they deserve with the help of self-registration. Once registered, they can compete in esports contests, their session will be personalized, they get a souvenir picture and receive dedicated emails related to their adventure. Increase guest satisfaction and repeat visitations.

### A FORMAT TO FIT YOUR NEEDS

The VEX Adventure has never been more fitting for entertainment centers around the world. With two new formats, the best-selling hyper VR attraction becomes more affordable and more compact than ever before. This has been made possible through the use of top of the line technology in combination with VEX's highly optimized software.

## VEX ADVENTURE GAMES

## TWO DIFFERENT FORMATS

	Standard	Light
4D Effects & Haptics	●●●●	●●●●
Guest Exp. Enhancements	●●●●	●●●●
Spectator Experience	●●●●	●●●●

### UNIQUE ADVENTURES FOR EVERYONE

Reach large audiences and build a new customer base with a panel of different experiences suited for everyone. From zombie shooters to fun family exploration and head-scratching escape rooms, first-timers and veterans alike will find immersive adventures to remember.

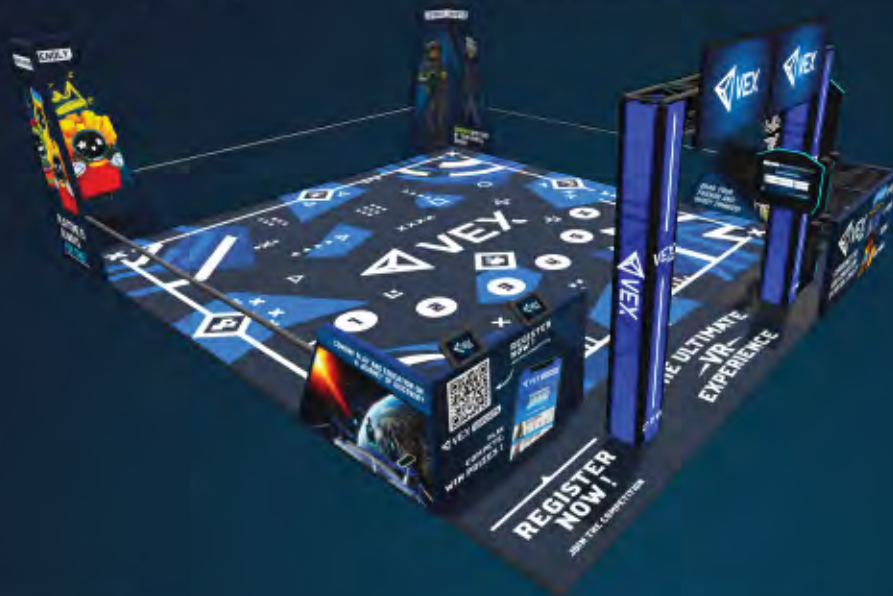

## IMMERSIVE FUN FOR EVERYONE

Transform any space into a next-generation competitive and cooperative arena. Delivering unique experiences, the VEX Arena is the only modular and scalable VR Arena designed with businesses' needs in mind. The turnkey attraction provides the highest throughput, is easy to use and offers a fun and social activity!

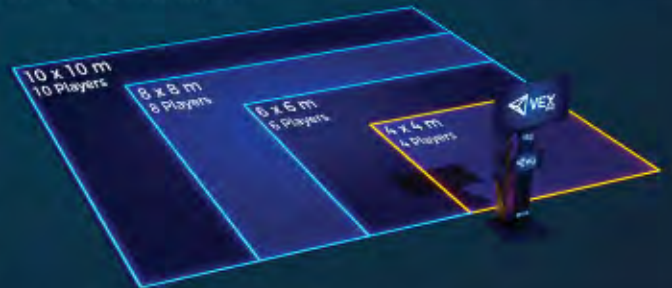

### NEXT-GENERATION EXPERIENCES

Provide your customers with a unique experience in an environment where they can move freely. Group up and defend an old bunker from a zombie invasion or compete against each other to become the champion of the arena! Explore huge virtual worlds up to 2500m<sup>2</sup> thanks to free-roaming and clever design.

### MODULARITY & SCALABILITY

The area required to play starts at 4x4m and goes up to 10x10m accommodating from 4 to 10 players at the same time. With its smart design philosophy, the VEX Arena can accommodate columns or pillars inside the play area making it the only hyper-reality arena that will fit pretty much anywhere!

### RELIABLE & LIGHTWEIGHT TECHNOLOGY

To ensure reliability, safety and to increase operational efficiency, the VEX Arena comes with its own external tracking system. No need to fiddle with the technology and recalibrate your equipment daily: turn the attraction on and you're ready to play! You can now reach a throughput of up to 120 players per hour.

### VEX ARENA GAMES

COOPERATIVE AND COMPETITIVE FUN

Transporting you to new worlds and immersive experiences, our diverse games are designed with replayability and fun at their core.

Play with your family, compete against your friends, or challenge players on the other side of the globe in our social and active games. VEX Arena's catalog is growing every year with new & exclusive experiences.

**HOLOGATE BLITZ** is the ground-breaking new product from the global leader in location based VR. Following in the footsteps of the worldwide success of the Hologate Arena, we are proud to introduce the next big thing in out-of-home VR: Hologate Blitz, a motion simulator platform fully optimized from the ground up to be the gateway to a new VR experience.

**ANCHOR ATTRACTION** Hologate Blitz is a revolutionary, premium product, unmatched by other motion simulators. 100% COMFORT RATIO Experience absolutely no motion sickness due to extremely low latency and our next-level network and code design.

**PREMIUM RANGE OF MOTION** The Hologate Blitz can move almost a full meter in height and can tilt  $\pm 30^\circ$  in every direction.

**FLYING & RACING** The futuristic steering wheel can be easily switched from 1 axis to 2 axis control allowing you the widest range of games.

A MOTION SIMULATOR PLATFORM FULLY OPTIMIZED FROM THE GROUND UP TO BE THE GATEWAY TO A NEW VR EXPERIENCE.

## HOLOGATE TERMINAL

A new dimension at your fingertips. The HOLOGATE TERMINAL is the ultimate addition to your HOLOGATE ARENA or BLITZ, providing dynamic, eye-catching marketing, game info and descriptions, as well as how to play videos.

Attract new players with the easy-to-use, touch-screen interface. Encourage returning players with the extensive game trailers library and detailed game information. Educate new players and give returning players an edge with our in-depth How-To-Play tutorial videos. Pair with the new HOLOGATE Charging Rack, Haptic Vests, Custom Carpet, and updated attract mode for an unmatched top to bottom aesthetic of form and function.

The HOLOGATE TERMINAL will feature Tournament support with Global Championships and Local Leagues, player and team signups and logins, and the ability to create awesome, sharable, social media assets in the future.

**POWER BOAT**  
1120 . 2000 . 2350mm

\* All measurements are stated in Width x Depth x Height format.

**ARE YOU A BIG SHOT IN THE ART OF TARGET SHOOTING?**

All the action of Quick Shot in two-player competitive gameplay with enhanced levels! Big Shot is a two-player video target shooting game where players test their reflexes across different levels on an 85" screen!

Players advance through different stages where they shoot bottles, cans, targets and more. The faster and more accurate aim a player has, the more points and tickets are awarded.

- Competitive two player mode with enhanced levels
- 85" screen
- Attractive LED lit cabinet

**BIG SHOT**  
1372 x 2388 x 2438 mm

Mega Shot is an exhilarating two player competitive game that truly tests players' skills. Set against the backdrop of twin 85" screens, totaling over 44 square feet of screen area (almost 5 square meters), it offers an immersive gaming experience. To triumph, players must not only exhibit lightning-fast reflexes using automatic style rifles, but also showcase pinpoint accuracy, made possible through the ingenious "zoom-in feature" on their guns.

With elusive targets scattered across various levels, the game promises an intense battle where only the player with the highest score can emerge victorious!

Mega Shot follows Quick Shot & Big Shot, but true to its name, it's even bigger and badder than its cousins. Available in a single screen or a double-screen configuration, players take control of a realistic rifle to dispatch the on-screen virtual targets.

**MEGA SHOT**  
1372 x 2438 x 2388 mm

DO YOU HAVE WHAT IT TAKES TO BE THE BEST SHOT?

Take hold of a realistic pistol controller and blast virtual targets in Quick Shot. Users credit up the game then select one of the stages where they can blast objects like bottles, fruit, bullseye targets, enemy soldiers and more. The number of points rewarded depends on both speed and accuracy.

- An arcade exclusive contender in the shooting gallery genre
- Realistic pistol controller with metal casing and strong force feedback – but NO pellets/BBs to worry about.
- Sleek looking cabinet with purple, red & blue LEDs, 50" screen
- Pick from several stages at different difficulties to challenge your skill
- 10 rounds of play available in each stage, with each round giving you a 1-3 star rating
- Single & Multiplayer options; Links up to four cabinets!

**QUICK SHOT**

863 x 1930 x 2388 mm

**HALO  
FIRETEAM RAVEN**

2 PLAYERS

## BASKETBALL PRO

Gameplay is simple and exciting: pound, shoot and score – and win tickets!

Basketball Pro incorporates a controller that is the size of an actual basketball.

- The air-powered, hemispherical interface allows players to control their shots.
- The game's two player stations support side-by-side competition or single play.
- Its two backboards, equipped with hoops and game clocks, move up and down as players propel mini balls at them with each pound.
- Players score three points for every basket; baskets in the final 10 seconds award six points.
- Its compact footprint is ideal for bars and other street locations, and it will stand out in the largest of FECs.

**BASKETBALL PRO**  
801 x 988 x 2500 mm

\* All measurements are stated in Width x Depth x Height format.

SHAQ'S GARAGE

# TIC SHAQ TOE

A NOVEL BASKETBALL GAME FOR ARCADES!

CLASSIC PENCIL-AND-PAPER GAME COMES TO LIFE in this novel basketball game!

- Easy to play. Family friendly.
- Beat computer in single player mode.
- Or go head-to-head in two player mode.
- Inspired by new animated series premiering on Genius Brands' Cartoon Channel!
- Everyone will XOXO Tic SHAQ Toe!

**TIC SHAQ TOE**

1059 x 3119 x 2818 mm

Push the truck up the track and win tickets based on where the truck stops. Don't push too hard or too slow... Just enough to reach the marker.

Player wins of all ages love pushing the trucks. Stunning jurassic world graphics and sounds engage players and passers-by. Detailed playfield lights enhance gameplay and the game's eye-appeal. Anti-cheat sensors prevent abuse.

**JURASSIC WORLD MINI VERSION**

1877 x 1225 x 1940 mm

\* All measurements are stated in Width x Depth x Height format.

# TICKET COASTER SUPER BONUS

Whole new concept of family game at SPONGEBOB GLOVE WORLD

- Entertaining gravity game for all ages
- Nickelodeon License
- Fun, Fast corkscrew ball launcher
- simple one-button play
- Players use timing to land balls into cars
- Nine ticket values
- Colorful bikini bottom and glove world cabinet graphics
- Two player stations doubles the fun.

2 PLAYERS

**TICKET COASTER**  
1805 x 1400 x 2590 mm

# MARVEL GUARDIANS OF THE GALAXY

Inspired by Marvel's galactic misfit superheroes and built on the two-player Ticket Coaster platform, Guardians of the Galaxy is an entertaining gravity game for all ages.

Players drop a ball (Power Stone) into the helix launcher, which in turn deposits the ball onto the lower straight track to complete the ride.

There are nine GOG character cars with ticket values.

When a player lights up all nine ticket values, they win the super bonus. GOG boasts great sound effects and graphics.

It features 3D holographic fans on each player side.

COLLECT 9 CHARACTERS AND GET A BIG WIN!

**GUARDIANS OF THE GALAXY**  
1802 x 1233 x 2708 mm

\* All measurements are stated in Width x Depth x Height format.

# MARVEL SPIDER-MAN

THIS ELECTROMECHANICAL HOMAGE TO THE COMIC BOOK LEGEND IS A THRILLING ARCADE MASTERPIECE

While the game is controlled with a single button, instead of dropping coins from the top of the game as most pushers do, there is a coin firing mechanism shaped like Spider-Man's web-slinging hand. Push the button to "sling" three tokens at a time towards one of the three illuminated targets. Take care to time your shots as the hand will move side-to-side non-stop while the game has credits.

- A pusher experience that captures not just the look but also the feel of the world's most famous webslinger
- Licensed from Marvel, featuring comic book quality art

- Silver, red & blue color aesthetics
- 2 player stations
- Single button operation
- Unique webslinger hand coin
- Unlock a bonus game and challenges to win additional ticket rewards

## SPIDER-MAN COIN PUSHER 2P

1780 x 1244 x 2697mm

# MARVEL AVENGERS

## INFINITY STONE CHALLENGE

COLLECT INFINITY STONES TO SAVE THE UNIVERSE!

A new skill-based redemption game is presented in an eye-catching Marvel Avengers-branded cabinet with two player positions. The quick-play game tasks players to collect six Infinity Stones to activate the Super Spin wheel. With good timing skills – pressing the button at just the right time – players can successfully drop a stone into one of three target holes on a revolving playfield to win tickets and collect stones. Specially crafted Infinity Gauntlets that keep score are central fixtures of each player side.

## INFINITY STONE

1580 x 1210 x 2460mm

# MARVEL AVENGERS COIN PUSHER

Marvel Avengers coin pusher is now available in a one-player model in two versions: one that operates with a collectible card series featuring nine Avengers, and another that plays without cards.

Players fire tokens at a moving target wheel to win tickets and other rewards, and to populate the pusher playfield. The game's main objective is to "push" the Infinity Stones, which also reside on the playfield, off the ledge. A Bonus Spin game is enabled when one stone is dropped; the Super Bonus game turns when all six Infinity Stones are collected.

SINGLE BUTTON  
GAMEPLAY

COLLECT  
CHARACTER CARDS

## AVENGERS COIN PUSHER 1P

868 x 1025 x 2151 mm

4 PLAYERS COMPETE IN A WHACKER-STYLE GAME TO HIT AS MANY JOKER HEADS AS POSSIBLE

- Dynamic 4-player whacker game
- Based on the DC Comics characters
- Dynamic cabinet with lighting and sound effects

## HARLEY QUINN'S MALLET MAYHEM

1295 x 1473 x 2489 mm

# NERF ARCADE

NERF is a trademark of Hasbro and used with permission.  
© 2019 Hasbro. All Rights Reserved.  
Software © 2019 Raw Thrills, Inc.

NERF ARCADE is a high-energy, fast-paced game that is exciting for kids of all ages and family-friendly. Players grab hold of two oversized NERF Blasters and shoot as many targets as possible to win tickets or reach a high score. With 4 exciting levels and skill-based play, it's no surprise that income reports have been consistently at the top of every test location.

NERF ARCADE features a giant 65" commercial-grade LCD for stunning visuals, two high-reliability and versatile patented Blaster guns, seats, and a massive 500W sound system. LED lighting effects and a vibrant cabinet artwork complete the design.

THE HUNGRIEST HIPPO WITH THE MOST MARBLES WINS!

### HUNGRY HUNGRY HIPPOS

2947 x 2947 x 2743 mm

# Hungry Hungry Hippos

## THE GIANT MARBLE-CHOMPING GAME

Hungry Hungry Hippos is an arcade game for 2-4 players. It offers the same exciting gameplay as the classic tabletop game, but in a spectacular giant size. The players ride hippos and the goal of the game is to collect as many marbles as possible. The hungriest hippo wins! The game will appeal to the whole family.

\* All measurements are stated in Width x Depth x Height format.

4 PLAYERS

# Twister

THE CLASSIC GAME THAT TIES YOU UP IN KNOTS!

Twister is a 4-player arcade game featuring the same gameplay as the classic party game, but with some twists and turns. The players have to adopt increasingly difficult positions by placing their feet on red, blue, yellow and green spots on the ground. They also have to place their hands on the colored spots on the wall. Right foot red, off to a good start. Left foot green, you've got this! Left hand blue... Wait, is that feasible? The last standing wins! Families can join in the fun together.

Positions that players must take are displayed.

Players then try to replicate the positions shown. The last standing wins!

## MASTER SKILL CUT

Master Skill Cut, where the player must cut the string to win the big prize.

An exciting skill prize vend machine whereby players only need to cut a small thin piece of string to win the big prize which can fill the whole machine!

The prize is hung on a string inside the machine and players must press and hold a button, guiding the 'cutter's and only letting go once the string is between the metal cutters. If they successfully cut the string, they win the big prize!

### FEATURES

1. Self-developed game machine with steady performance.
2. Scissors can cut off ropes for more than 100,000 times.
3. Perfect combination of beauty and security: compact appearance with highly transparent tempered glass.
4. Best-selling prize machine in domestic and overseas markets.

- Attractive cabinet with HD screen
- RGB illuminating front
- Appeals to all ages
- 30 seconds average game time
- High repeat value
- Available with multiple game modes

**CARNIVAL CUPS CRANE**  
914-914-2540mm

The ultimate merchandiser is back! SuperStar 2 blends nostalgia with innovation, re-introducing a time tested merchandiser alongside a contemporary aesthetic.

Simple one button control and skill gameplay, players aim for a number containing a variety of prizes and release!

**SUPERSTAR 2**  
932-1026-2254mm

No other game delivers quite as much satisfaction as Find A Key. Players get the unique experience of feeling like they win twice – once when they find a key, and again when they open the prize door.

Find A Key is back with a brand new redesigned cabinet and larger prize capacity. The base of the game is a crane machine. Your goal is to move the claw over the golden eggs, push the button to drop the claw and hope that it grabs a prize and carries it over to the prize door on the side. Where Find A Key is different is in the addition of prize boxes on the bottom; operators can place a key to the boxes within an egg capsule that if caught will open the box so that the player can take the prize!

**THE WORLD'S FIRST FULLY AUTOMATED PIC N MIX CANDY VENDING MACHINE**

Pic N Mix is an eye-catching candy vending machine that displays 10 selections of bulk candy and enables the patron to purchase a 200 gm cup with any or several selections. The machine is produced by reliable well-known european company - Pure Novelty.

The Picn mix is fitted with 10 hoppers, each holds 1-2kg of candy. After a vend is initiated, the patron uses a touchscreen interface to make one or several (as many as five) selections within a 30-second period. The machine drops a cup onto the base of the machine, and individual conveyor belts in each hopper deliver a portion of product to the cup, as per the selection made. The scale assures that every customer receives 200 gr.

The Pick N Mix system supports full machine monitoring and is engineered for high security. Candies have a shelf life of one year, and items held in the "live" product display can be added to the hoppers and replaced with a fresh batch. The machine is highly visible, and plays a song in the attract mode.

**The benefits of automatic Pic'n Mix machines**

- Fully hygienic
- Theft free
- Holds 100 Kilos
- Full machine monitoring available
- Sweets supplied exclusively by an authorized supplier
- Reasonable vend
- Direct into cup

**PIC N MIX**  
1640 x 610 x 2200 mm

# Cotton Candy Factory

## FULLY AUTOMATED COTTON CANDY VENDING MACHINE

Cotton Candy Factory is a fully automatic cotton candy vending machine with remote configuration and control. Choose your design and watch the arm through the window spin a cotton candy just for you! This machine comes in a soft blue or pink base color, that appeals to both kids and adults alike and a customized design on all four sides. Comes with easy to follow instructions stickers on how to use and lighted signage on the front and side.

Each cotton candy takes 90-110 seconds to prepare, and is non-sticky to touch. It is easy to clean and reload.

It features a variety of 32 patterns to choose from, with 4 colors and flavors: WHITE (MILK), YELLOW (ORANGE), RED (STRAWBERRY), BLUE (HAMI MELON).

The machine can be loaded with the following:

- 8 KG sugar
- 260 PCs of paper sticks
- 20 liters of normal drinking water

Payment options are through a *bill validator* or the *Nayax cardless payment system*. The machine also comes with a built-in financial assessment software.

## shuffleboard

**GRAND CHAMPION SHUFFLEBOARD**  
915.6706.762 mm

## GRAND CHAMPION SHUFFLEBOARD

Champion Shuffleboard revolutionized the industry in 1988 by developing the original "Lifetime Polymer" finish. This coating is applied directly over the Canadian Maple plank to provide a fantastic playing surface that NEVER requires re-finishing.

Designed not only for the player, but also with the operator in mind... our built in handicap feature makes this a better game to play and speeds up the play time therefore creating more revenue.

#### Standard features:

- Maple inlays on sidewalls and legs
- Solid maple cradles and legs
- Polymer finish playfield (needs no resurfacing)
- Patented handicap scoring - makes gameplay faster and allows players of different skill levels to play each other.

## table tennis

Tecto indoor table tennis, is a foldable table with an automatic compact flap mechanism. It has the same measurements as in tournament tables. An ideal table for home use and for hobby players.

Good quality of bounce, double automatic safeties of floors in the rest position and in the playing position. Reduced height to reduce the risk of tipping. Playback facility, allows you to practice by yourself.

The Tecto Plus Indoor is an indoor table with 16 mm chipboard top. Complies with the European Standards for safety. The supporting edge of the top is in 30 mm steel. The undercarriage structure is in steel coated with aluminium + zinc and an anti-corrosion paint. Net and support are included.

Also available as OUTDOOR version

**TECTO TENNIS TABLE**  
1520.2740.760 mm

\* All measurements are stated in Width x Depth x Height format.

## A UNIQUE TWIST ON THE BASKETBALL ARCADE GAME

1-2 players can enjoy this coin-operated mini-basketball machine, which has players making hoops using ping pong balls. Jet-Hoops derives its name from the patented Aerr Technology; Used in both the ball capture and return, the air-blower system allows users to grab their ball as it literally hovers in the air before them! Grab the ball then toss or bounce it off of the playfield surface into one of the three hoops. The game tracks which hoops have been hit adding that to the player's score, and automatically retrieves the ball for re-use.

Adding to the effects, there is a big vertical display built into the playfield surface (covered by protective glass) which allows for operator customization and ads; Along with two numerical LED counters for score (one for each player).

**JET HOOPS**  
610 2640 1600mm

### TRACKLESS CLOWN TRAIN RIDE

Trackless Clown Train Ride is an amusement ride mainly produced for children above 8 years old. Parents can also ride on the train together with their children. A new carnival ride, no pollution, no emissions, very suitable for resort, pedestrian street, parks, playgrounds, residential, shopping malls and other playground places.

The appearance of this Trackless Clown Train Ride is according to cartoon characteristics of a clown. The mini train's body is compact and beautiful, with high ornamental value, very popular among young tourists.

Excellent glass steel from refined to manufacture the train's body, which is smooth, beautiful and durable.

- Locomotive: 2700 x 1100 x 1900mm
- Coal wagon: 1800 x 1050 x 1400 mm
- Tail wagon: 1800 x 1050 x 1900 mm

\* All measurements are stated in Width x Depth x Height format.

## ice rink

The original snow playground, perfectly designed for shopping malls and outdoor event spaces, contains a standard snow box. Here children of all ages play in the snow and let their imagination run wild. It is endless fun for the entire family! And now, we can take that a step further thanks to our advancements in modular design. We offer a full range of ice park customization and turnkey modular ice parks!

So whether you are looking for your indoor ice rink to be permanent, temporary, single sheet, multi-sheet or anything in between our design team and engineers will guide you from start to finish. Ice Skating products are tailor-made and are available for sale or rent. In particular, we offer solutions for:

- Fixed ice rinks (ice stadiums)
- Mobile ice rinks (both outdoor and indoor)
- Ice and snow playgrounds

Our sales package for ice rinks usually include the following components:

- Chiller, custom-sized - Piping (white, to better camouflage into the ice) - Insulation
- Dasher Board System - Skates (with steel cabinets containing up to 75 pairs) - Tutor Dolphins, to help children with standing and balancing.

## synthetic ice rink

SYNTHETIC ICE RINK IS A BUSINESS MODEL BASED ON CONSTANT INNOVATION AND A VERSATILE TEAM WITH EXPERIENCE IN THE ICE & ENTERTAINMENT SECTOR.

can customize your synthetic ice rink to integrate it in your park, or even turn your entire park into a frozen fantasy world surrounding the rink. The youngest members of your family will enjoy ice skating without ice alongside the adults, without being afraid of falling on the ice and getting hurt. Xtraice is manufactured using a material that absorbs impact better than ice if children slip, making it the perfect solution for a family skating rink at leisure and entertainment centers.

# snow park

## PRODUCT ADVANTAGE

- Advanced equipment management system
- Interactive device system feature
- Strict safety protection design for children
- Fast transportation and installation

Flying snowflakes and snow covered scene has become less and less with global warming. A snowball, snowball fights, snowmen are attractive to children which bring them laugh. Snow Magic Mirror, use the security software materials to build realistic snow scenes experience for the children. Release their innocence in this silver snow Kingdom. Snow Magic Mirror, mainly serves 3-8 years old parent-child family which meets children's imagination and curiosity about the ice and snow. From the children to their parents, even the whole family market, and it's affects the overall market of the project area. The project is divided into 60 square meters, 140 square meters of two specifications, which can hold about 20 people and 50 people at the same time. Suitable to all kinds of places, such as children playground, mall atrium, etc. Effect area up to 3 km around.

- Entrance will be designed as snow scene. Some areas will be glass wall/ windows for the visitors outside can be attracted by the fun in the snow playground.
- Changing Room is to provide the snow coats, snow boots to the players before entering the snow playground

\* All measurements are stated in Width x Depth x Height format.

# 9 HOLE COURSE ANCHOR ATTRACTION

## MEET THE ALL NEW HOLOGATE HYPER GOLF

An exciting and unprecedented fusion of miniature golf and next-level gamified social experience. Special effects, funky tracks, and gamified experience, all happening on an interactive, high-tech course.

Players of all ages will be uncontrollably and magnetically drawn to this familiar yet futuristic version of their favorite classic game.

- Integrated Digital Mini Games
- LED Light Effects
- Moving Obstacles
- Sound Effects
- Digital Scoreboards

**SPACE FRENZY**  
Travel at the speed of light! Target as many holes as you can! Keep going! You got no time to waste!

**THE HEIST**  
Can you crack the code to the vault? Keep your cool! Hit the colors in the exact order and score high. Hurry, time is running!

**GALACTIC PINBALL**  
Keep moving! Shoot the ball into the digital pinball machine and get the flippers going with your feet.

**FUNKY DJ**  
Drop the beat! Get the ball into the boombox and groove on! Stay in rhythm to score high!

**THE DRAGON**  
Meet the final boss! The mighty Dragon is your last chance to turn the wheel and hit the Highscore!

**NIGHT CITY**  
Choose a lane! Drive hard or take the easy route. It's up to you. Your game, your choice.

**CRAZY CUBES**  
The little cubes go crazy. Happy, Angry, Funny, Sad - it's a spinning madness. Don't get distracted. Concentrate, find the angle, and score!

**HOLOTRON**  
Follow the trail of light and make it past the moving obstacles. Timing is everything to beat the track!

Each player gets his own mini golf ball, it will illuminate in the color chosen by the player. The ball is connected to the player profile and tracks the score and ranking during the game.

### LIVE SCOREBOARDS & HALL OF FAME

Making it easy to stay on top of the game. Players can see their scored points for each hole as well as the overall results on our live updating scoreboards. Keeping up the competitive excitement. The "Hall of Fame" honors the best player and the best team, daily and all time.

MAKING THE GAMING EXPERIENCE EVEN MORE FUN AND INCLUSIVE.

Transform your current indoor centre into a healthy and family oriented activity center suitable for a wider range of ages. The system consist of interchangeable inflatable modules to ensure 100% functionality of your business in spite of rips or tears. It keeps your park open and operational all time.

# Magic Brush

Interactive Magic Brush is a multi media interactive entertainment system for kids from 2 - 6 years old. Kids can paint on the virtual sketch book in a big touch screen and throw the painted character to a large projected screen to become "ALIVE" using computer vision, multi screen interaction and augmented reality technology.

Available in different configuration

### 1 Touch Table & 1 Laser Projector

Projection Size: 2800 x 1750mm

Floor Space: 3200 x 2800mm 700W

### 2 Touch Table & 1 Laser Projector

Projection Size: 2800 x 1750mm

Floor Space: 4700 x 2800mm 1KW

### 2 Touch Table & 2 Laser Projector

Projection Size: 5000 x 1750mm

Floor Space: 5400 x 2800mm 1.3KW

### 3 Touch Table & 2 Laser Projector

Projection Size: 5000 x 1750mm

Floor Space: 7000 x 2800mm 2KW

# Kids Stem Lab

Kids Stem lab or Fantasy water flow is a multi touch educational interactive product. It allows kids to freely create structure and guide water flow to generate various effects, which develop kids hands on and scientific thinking skills.

Hardware Specification: **TOUCH SCREEN** - 55 / 65 inch Touch Screen with 1920 x 1080 pixels resolution. Touch Technology: 10 Points.  
**SERVER** - CPU G4560, 4GB Memory, GT730 Graphics, 120GB SSD Hard disk. Video Cables, Wires and Mounting Bracket

# Magic Slider

Magic Slider combines traditional slider with the motion sensing technology where kids can interact with virtual content while sliding which makes it more interesting. The product adds more fun and interactivity to the normal slider with more than 31 different graphical themes to choose.

Projection Size: 3200 x 2000mm 500W

\* All measurements are stated in Width x Depth x Height format.

# Magic Wall

Magic Wall integrates real decoration with digital content when users touch a real decorative wall, special visual effects emerge around the touching point. A static decorative wall displays magic effects through kids movement, which makes kids look like magician. Designed with metope-touching technology, which can realize interaction directly on metope by means of projection interactive technology. When users touch the decorative wall, magic animation and audio effects emerge, while hands down, they disappear giving children magic hands.

Available in different configurations

**Premium version with  
1 LASER PROJECTOR**

Projection size:  
2000 x 1500mm 500W

**Premium version with  
2 LASER PROJECTOR**

Projection size:  
4000 x 1500mm 1100W

# Fantasy Zone

Fantasy Zone is a scenario-based multimedia system where kids body motion create fantasy interaction effects. The interesting interactive games make the real space into virtual and interactive interface.

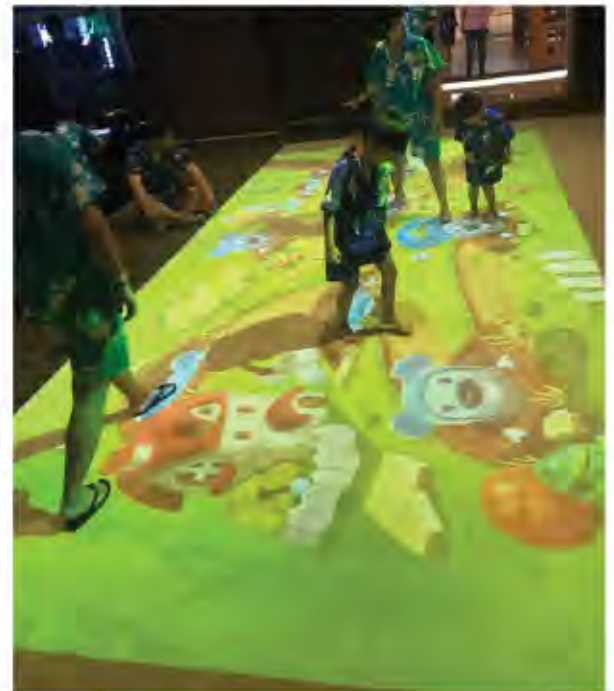

Available in different configurations

**Premium version A**

**PROJECTOR:** DLP/3LCD laser projector with 1024x768 resolution and 3200LUMEN brightness - Ultra short throw:0.46:1. **SERVER:** Intel G4500 CPU, 4GB Memory and 120GB SSD Hard disk plus interactive sensor accessories, brackets, cables & 4G router. Projection size: 3200 x 2400mm 500W

**Premium version B**

**PROJECTOR:** DLP/3LCD laser projector with 1024x768 resolution and 4500LUMEN brightness - Ultra short throw:1.17-1.90:1. **SERVER:** Intel G4500 CPU, 4GB Memory and 120GB SSD Hard disk plus interactive sensor accessories, brackets, cables & 4G router. Projection size: 3200 x 2400mm 500W

# Augmented Climbing Wall

"Augmented Climbing Wall" is an automatic and interactive game platform for traditional climbing wall. Games make training fun, motivate kids to move and give feedback to improve their climbing skills.

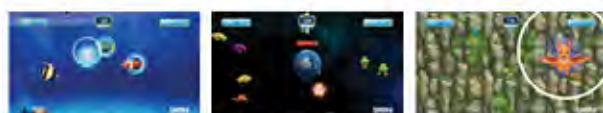

If you are looking for an interactive solution to upgrade traditional climbing wall in your kids area, Augmented Climbing will be your best choice. With various of eye-catching effects, your climbing wall will be much more attractive to kids.

Applicable Scenario: Indoor Playground, FEC, Amusement Centers, Preschool, Kids-friendly Restaurant, Kindergarten, Children Museum, etc.

Projector: Laser Projector

Motion Sensor: Intel® RealSense™ Depth Sensor with OpenVINO™

Server Computer: Processor - Intel® Core™ i5

\* All measurements are stated in Width x Depth x Height format.

## Magic Trampoline

"Magic Trampoline" combines traditional trampoline with motion sensing technology. Kids can interact with virtual content while jumping. The product enhance the normal trampoline with more fun and interactivity.

If you are looking for an interactive solution to upgrade traditional trampoline in your kids area, Magic Trampoline will be your best choice. Kids would love to jump up and down on the interactive trampoline.

Applicable Scenario: Indoor Playground, FEC, Amusement Centers, Preschool, Kids-friendly Restaurant, Kindergarten, Children Museum, etc  
**Premium version with 1 LASER PROJECTOR**  
 Projection size: 2400 x 1800mm 500W

## Smart Height Scale

"Smart Height Scale" is a multi-media height scale system for kids. Kids can have non-contact height measurement after standing at front of an LCD screen. The screen displays dynamic visual effects and an animated cartoon character during the measurement process which bring a lot of fun to kids.

If you are looking for an interactive height measurement for kids, Smart Height Scale can be a perfect choice. With the eye-catching animation of cartoon characters or even some customized characters, kids would love to try it out.

Applicable Scenario: Indoor Playground, FEC, Amusement Centers, Preschool, Kids-friendly Restaurant, Kindergarten, Children Museum, etc.

43inch LCD screen with 1920 x 1080 pixel resolution and 350 nits brightness. Kinect2.0 Sensor. Server: Intel Core TM G4500 CPU with 4GB RAM and 120GB SSD Hard Disk. Display Intel VGA

## Virtual Beach

"Virtual Beach" integrates real sand pool with digital content. While the system senses altitudes of peaks and valleys in the sand pool, and projects dynamic visual effects accordingly.

If you are looking for an interactive solution for your sand pool, Virtual Beach can be a great choice for the kids to have interactive digging experience in various of different game themes.

Applicable Scenario: Indoor Playground, FEC, Amusement Centers, Preschool, Kids-friendly Restaurant, Kindergarten, Children Museum, etc.

Premium Version: Projection Size: 3200 x 2500mm 750W

\* All measurements are stated in Width x Depth x Height format.

semnox

# CARD SYSTEM

## CLOUD BASED MANAGEMENT & REPORTING

Parafait provides a secure cloud based system enabling FEC owners/operator unparalleled convenience to take advantage of the latest technology. This allows you to control each and every aspects of a center's operations. Monitor activities, view reports, launch new promotions, change pricing, control inventories and much more, all from your laptop or from a smart phone control panel.

## REDEMPTION & INVENTORY MANAGEMENT

Parafait's eZee Inventory provides complete control of your inventory & redemption shop. It's a fully functional inventory module with integrated costing, purchasing and receiving capabilities. Manage min/max stock levels with barcoded items to make tracking easier. Multi-user redemption software allows operators to serve multiple guests on a single computer. Further with our hand held based stock tracking module, rest assured, you will be in full control of your inventory.

## SELF SERVE KIOSK

A perfect balance of design, technology and utility, parafait's self service kiosk can be customized to perform tasks like card purchase/recharge, ticketing and registration to minimize queue times. It's touch screen display and interactive voice based guidance system makes it simple and easy for customers to use.

## LOCKER SYSTEMS & ACCESS CONTROL

RFID locker system gives your customer the freedom to roam your facility while protecting their essentials. An easy to install system which seamlessly integrates with the parafait eco system. Payment and allotment done from single dedicated sale point by deducting from the RFID card or wristband. Access control brings total automation to facility. Gates & turnstiles integrated to RFID readers or bar code scanners for access of valid ticket.

LUMIN

BEAM

BARCODE READER

RFID READER

All parafait card readers utilize the latest RFID technology and have been built to operate on a wireless network.... NO MORE WIRES!

Parafait's Tap-To-Play game readers are sleek, easy to use and eliminate the frustration of swipe cards.

## RADIAN WRISTBAND

The Radian wristband is lightweight, robust, and durable — making it the perfect timekeeping solution for game zones or play areas like trampoline parks, that involve check-in and check-out based on timed sessions.

- Rechargeable Lithium-Ion battery
- Can vibrate and change color based on a predefined event
- RFID based NFC technology to identify and activate the wristband
- LED bezel with software-controlled patterns for easy identification of the individual in the group
- Standard wireless communication that provides wide range coverage across the facility

## RFID CARDS & TAGS

RFID technology gives parafait its versatility making it more adaptable to our customers needs. Easy to use, the user doesn't swipe or hold it in a place... JUST TAP & GO on the reader. It is high speed system making the wait time even zero. Other advantages include readability in tough ambient conditions and minimal damage with repeated uses. RFID tags are also custom plastic cards, ABS wristbands, Key chains, tokens and stickers.

## RESERVATIONS & TICKETING

Allows your customer to make reservations, recharge or buy a new card, and look at their activities in store or online. The online-party reservation module features a secure login for customers, to book any type of reservations. With our ticketing module you can issue the single entry, family entry, group entry tickets.

# SPARE PARTS

## AFTER SALES SUPPORT

WOG Spare Parts Department
